

A FURIOUS DEBATE IN CODE COMMITTEE OVER FRANCHISES

**Matter Was Postponed Temporarily—An Early
Vote to Be Taken on the Nash
Municipal Code.**

From a Staff Correspondent.

Columbus, Sept. 25.—The question of franchises precipitated a furious debate at the meeting of the special code committee of the house yesterday afternoon. The sub-committee submitted a report recommending that no franchise legislation be enacted at this session. Several days ago this committee had formulated a report favoring the enactment of the laws on this subject, with the alleged unconstitutional sections eliminated, and when the committee submitted its final report yesterday, Guerin, of Erie, wanted to know the reason for its unexpected change of base.

He was told that good lawyers had given it as their opinion that those statutes should stand as they are for the present. This raised Guerin's ire and he proceeded to castigate the committee unmercifully. He said it was dodging the franchise question and that the act was one of cowardice. For the benefit of the people who have millions invested, he said the statutes should be re-enacted with curative provisions inserted.

The fight was hot and was participated in by Price, Thomas, Cole and Painter, all Republicans. The matter

was passed over until tomorrow. Cole said that Governor Nash had had no knowledge that the franchise question was to be referred to in his code. This created astonishment. The senate declared against the incorporating of franchise sections in the code, and instead adopted a resolution by Senator Harding, providing for the appointment of a non-partisan commission by the governor, which will investigate the questions of franchise and make a report to the next general assembly. The members are to receive a sum not to exceed \$10 per diem for the actual time they are at work.

Upon motion by Mr. Archer, the senate adopted the report of the senate as a committee of the whole, and that body is now ready to take a vote on the amended Nash code. The bill will be engrossed and printed and may be passed on Monday. The house code committee will also probably have its report in by that time, which may enable the house to vote on the acceptance or rejection of the report about the same time that the bill comes up in the senate.

The senate committee adopted an amendment by Senator Harding, pro-

EXECUTIVE COMMITTEE

**Of the Republican Party Meets in a
Few Days And May Take Up His
Case—Action Must Be Taken in a
Short Time.**

The Republican county ticket still bears the name of W. A. Tarr for infirmary director. At the time last summer when Tarr was twice arrested for drunkenness and wife-beating, it was stated that he would be asked to resign from the ticket. Tarr is now at work at the Vulcan clay works in Wellsville.

In conversation with a News Review man Mr. Tarr stated his views as follows:

"As far as I am concerned I do not propose that my name shall be removed from the ticket. I was nominated as the choice of the people and do not know of any one who has the power to reject my name."

"I have not heard that there was any intention of taking my name off, although I did understand that the executive committee expected to meet soon, and there were 10 or 12 men who are anxious to succeed me on the ticket."

There are many candidates for the office, and it is very likely one of the following names will be substituted for that of Tarr at the meeting of the county Republican executive committee, which is expected to be held within the next few days:

Horace H. Martin, Charles Chandler, James Jackson, James Farrell, Francis Groner, John Cadwalader, Jacob Peterson, Richard Cole, Charles Paxson, David Groner, M. Miller and five or six others are out for the nomination. The office pays between \$1,000 and \$1,200 per year and is considered a very desirable position.

Whatever is done in the matter of filling this vacancy on the Republican ticket must be attended to at once, as the name must be certified to the county board of election supervisors on or before October 4.

Mr. Tarr is still a member of the board of infirmary directors, not having yet finished his first term in the office. He will either succeed himself or be succeeded by another at the coming November election. In case

M'INTOSH CASE IS BEING HEARD

**Albert Thompson Tells His Story
of the Grim's Bridge
Fight.**

NO PART IN STARTING IT

**He Does Not Know McIntosh—Separated
a Couple of Fighters And Held
Them Apart Until He Was Stabbed,
Thomas Blazer's Story.**

Albert McIntosh, charged with cutting Albert Thompson with intent to kill, in a melee at Grim's bridge Saturday night, September 6, was arraigned in Squire McCarron's court this afternoon for his preliminary hearing.

H. E. Grosshans, his attorney, after hearing the charge read, entered a plea of not guilty for his client. Thereupon Richard Thompson, attorney for the state, conducted an examination of several of the eye witnesses of the affair. Thomas Blazer, Albert McIntosh, Frank Crawford, Harland Crawford and Dr. Bean were summoned to appear. All were present and testified except the physician.

Albert Thompson said: "I reside in Chester and am 27 years of age. I was at the dance. I would not know McIntosh if I saw him. There was a racket started on that night. Frank Crawford and George Mayes were scrapping and I was at the house at first. I came out when a gun was fired. They had clinched and got down into the road. I parted them until I was cut. I saw a fellow they called McIntosh there, but I can not swear that he is sitting over there. A fellow they called McIntosh strided in among the fighters. I stopped him and he blew out the light. Blazer hit him and he turned and stabbed me. He did not say anything to me after he cut me. He did not seem drunk to me. I have not seen him since he cut me. I don't know what he cut me with. I was not a party to the fight that was going on, nor was McIntosh."

The cross examination revealed that the witness had whiskey and alcohol and had been drinking on the way out.

He knew of no trouble prior to the firing of the shot. He could not say positively that McIntosh struck him. He had thrown McIntosh back from the fighters. Before he was cut he had drank all his alcohol and half of the whisky. He had no malice toward McIntosh.

Thomas Blazer told of the dance and of the trouble. He had a light and

was watching the fight. He told McIntosh several times to stand back. He paid no attention, blew out the light and stabbed Thompson. Thompson had been drinking, but was not drunk.

MAYES APPEARED

**And Will Be Held in \$500 for Trial for
Shooting.**

At a late hour this afternoon George Mayes, for whom a warrant was issued on the same day that McIntosh's was made out, appeared at the office of Justice McCarron. He is prepared to give himself up and will do so as soon as the preliminary hearing of McIntosh is furnished. The charge against Mayes is shooting with intent to kill and he will be held for trial in the sum of \$500.

The county board of deputy election supervisors, composed of A. G. Bentley, B. D. Beacom, George Watson and Charles McMillan, held a meeting in the office of Prosecuting Attorney J. H. Brookes today.

The board has been in communication with Attorney General Sheets with reference to the matter of registration for East Liverpool. They received his decision today, and decided to proceed with the arrangements to take the poll in the manner provided for in the special act passed at the last session of the legislature. Farther than this no action was taken.

TROUBLE SETTLED

**Jiggermen at the Globe Pottery Re-
turned to Work This
Morning.**

A conference was held last evening in the rooms of the Potters' club between a committee of jiggermen representing the Globe shops and a committee from the manufacturers' association, at which the dispute at the Globe was discussed. An amicable agreement was reached and the shop is in full operation this morning. It was suggested at the meeting that the company suggest to Mr. Bowman that he pay the scale price for finishing, and this was done by President George C. Murphy this morning.

Placing of Biscuit Ware
Adjusted.**

At a joint meeting of committees representing the National Brotherhood of Operative Potters and the Western Manufacturing Potters' association held last evening, the dispute of long standing, that of placing flat ware in the first ring of the biscuit kilns was definitely settled.

The settlement is to the effect that all flat ware placed in the first ring over four saggars high shall be paid for extra. The kilnmen so doing shall receive an extra 25 cents a day.

NO ONE TO GO FROM THIS CITY

**East Liverpool Will Not Be Rep-
resented at Alliance
Conference.**

LABOR MEN AND DEMOCRATS

**Will Meet Tomorrow to Decide
as to T. J. Duffy's
Candidacy.**

DUFFY WILL NOT ATTEND

So far as East Liverpool is concerned the conference to be held at Alliance tomorrow between the Labor party's executive committee and that of the Democrats will be a failure.

Chairman John T. Wood, of the local Labor committee, will be unable to attend, owing it is said, to the condition of his work just at this time. He has delegated no one else to go, and there will be no representation from the laboring people of East Liverpool.

From Massillon comes the word that the labor organizations which voted on the proposition, with the exception of the Glassblowers' union favored Duffy's running on the Democratic ticket. The glassblowers believe that Duffy should be allowed to do as he pleases.

It is believed in Massillon that all the east end towns will vote to ask Duffy to remain on the Labor ticket. In this event, local politicians think that Duffy will retire from the situation entirely, as it is the supposition that his only chance for success is on the Democratic ticket.

At Salem Tuesday night the members of Iron Moulders' union No. 47 took action on the circular sent out by the leaders of the labor movement. The union decided that it should be Duffy on the Labor ticket on none at all. In fact, the local favored a Labor movement.

Then the local reconsidered a resolution it had adopted unanimously some time ago, endorsing Duffy, and by an almost unanimous vote tabled the measure for the reason that the body believed Duffy had gone contrary to his pledge and had injected partisan methods into his campaign. The local decided that as a body and organization Duffy might expect no support from it, and that if he did he would be doomed to disappointment.

Mr. Duffy was seen today and stated that he would not go to Alliance tomorrow. He said he proposes to allow the two committees to decide the matter, and he will be guided entirely by their conclusion.

From the ranks of the local Democracy there will be one delegate present at the Alliance conference. J. J. Weisend is chairman of the Democratic congressional committee, and intends to meet with the committee.

GRESSIONAL NOMINATION.**

**Reports Say Relations Between Demo-
crats And Union Labor Party
Are Strained.**

It is predicted that a fight will take place in the conference between the congressional committees of the Democratic and Union Labor party, when they meet at Alliance tomorrow. The situation between the two parties has become so strained because each wants the doubtful honor of the congressional candidates that it will finally result in another and a straight out and out Democratic nominee being elected.

The wise heads, asserts the Youngstown Telegram, say that this nominee will be W. J. Piero, of Canton, a member of the Democratic congressional committee and one of those who have stood all along for a straight Democratic ticket. The situation has been rapidly drifting that way for some time and even at the congressional convention at Alliance, this was advocated. In fact it was almost a fight to have the convention carry through that plan.

The latest development in the situation is the resignation of Hon. Bernard Bell, the mayor of Massillon, from the head of the Duffy committee. He was made chairman of the Union Labor committee but recently, his de-

GIRL CHARGED WITH SHOPLIFTING

**Looking for Burglars, Officers Strike a Clue to
Another Supposed Crime.**

Armed with evidence which they thought would lead to the arrest and conviction of the robbers who had sacked the homes of D. E. McNicol, James Logan and John Wyman during the early hours of last Sunday, Chief of Police Thompson and Officer Dawson made their way to the home of a well known family living on Sunnyside yesterday afternoon only to be rebuffed.

It was through information secretly made to Mayor Davidson that the officers ran down the clue. On Monday night at 11 o'clock a man appeared at the home of the mayor and told him that he was positive that he could tell where the watch that was stolen from Mr. Logan was located. He knew the house, but when asked for the person's name who possessed the watch he said that he did not know, but would find out by the next evening at the same time and make a report.

Promptly at the appointed time the man who wished his name withheld from publication met the mayor and gave the name and all that led him to lay suspicion upon the person. He said that on Monday morning a small girl, of perhaps 15 years, had approached him, and displaying a gold

watch and chain, asked him to purchase it. Thinking that it was the Logan watch, he immediately decided to report her to the city officers.

Chief Thompson, having the number of the watch, applied at the home of the young girl and demanded the watch which she had offered for sale. The watch was produced and found to be the wrong one.

Although defeated in their attempt to land one who would be instrumental in the arrest of the robbers, the chief and Officer Dawson fell upon a surprise while at the home of the supposed holder of the watch. While in the girl's presence the officers noticed several little happenings that were somewhat of a suspicious order and before leaving searched the house. Snuggly laid away in a closet the officers discovered a large bag filled with newly appearing dry goods. They at once concluded that the goods were there as the result of shoplifting and accused the girl of being the thief.

She denied the theft strongly at first, but later acknowledged her guilt. The officers did not place her under arrest and will not do so unless the proprietor of the store from which the goods were stolen prefers a charge against her. The proprietor was notified to lay off the discovery.

GREER WAS ARRESTED

**Denies That He Intended to Steal
Rinehart's Rig, But Is Now
in Jail.**

George Greer, who hired a horse from Liveryman John Rinehart and drove it to Pennsylvania, was arrested in Sharon, Pa., by Constable Gill and landed in the city jail here last night. Greer claims he did not intend to steal the rig. He was at a Sharon hotel registered as R. E. Rice. Greer said Rice was the name of a man who had robbed him. He said he had met Rice in a bar room at Youngstown. The two began drinking together and Greer claims he was given a drug. He had fallen asleep and on awakening found his grips and \$64 in money gone.

Liveryman Rinehart identified Greer as the man who hired the rig. "Squire McCarron, who issued the warrant for Greer's arrest, states that he is not certain when the man will be given a hearing, and further states that he is doubtful as to his guilt, thinking that he will likely be able to furnish proof that his landing in Sharon was due to losing his way when he really intended going to Lisbon.

RAVED IN HIS CELL

**Salem Negro Acted Like a Mad Man
And Will Go to an
Asylum.**

Lisbon, September 25.—(Special.)—Daniel Thomas, of Salem, will be taken from the county jail to the Massillon asylum just as soon as the authorities will admit him. Throughout yesterday he was perfectly sane, but last evening his malady returned, and all night long he raved in a cell in the jail, tearing every article of clothing from his body. He had a decided tendency toward suicide, and the deputies kept a close guard upon him.

Mrs. Thomas stated that several weeks ago he was called to South Carolina, where his father and mother were seriously ill, and since his return she has noticed that his mind has been unbalanced.

MINISTERS TO TALK OF BEAL LAW ELECTION

It is within the range of probability that an election will be held in this city and Wellsville under the Beal law. Petitions asking for this favor may be presented to the councils of the two cities in a very short time.

At Wellsville next Monday morning a joint meeting of the East Liverpool and Wellsville Ministerial association will be held, at which time the question of whether an election shall be held under the Beal law will be discussed. Other important matters are also to be talked over.

Dr. J. C. Taggart, of the First Presbyterian church, a member of the association, stated this afternoon that the above matter was to be talked over, but nothing definite could be given out at this time. A petition signed by 40 per cent of the voters at the last election, when presented to the council asking for an election, is sufficient cause for an election to be held under this law. The election must be held not sooner than 20 days after the petition is presented to the council and not later than 30 days.

WITH THE WORKMEN IN THE CLAY PLANTS

TRENTON POTTERY NEWS.

(Special Correspondence.)
Trenton, N. J., Sept. 25.—There is a likelihood that the monument to the late Hart Brewer, the pioneer potter, will be erected in some public square in this city. The original plan for placing the monument in the family plot in Riverview cemetery has met with objection, because of the distance of the cemetery from the city. The monument committee has in the neighborhood of \$1,000 and contributions are being received daily. At a recent meeting of the Jiggermen and Dishmakers' local, Knights of Labor, \$25 was contributed toward the fund. The Central Labor union has arranged for a ball which will be held October 26 in Turner hall for the benefit of the striking miners.

In those potteries still using anthracite coal a high price is being paid for a very poor quality. It is rumored that if the coal strike is not settled soon, some of them will have to be shut down. At the Greenwood pottery, the firm is experimenting with soft coal. The results of the first drawings from the kilns of the new Elite pottery is satisfactory, the ware being of a fine quality. Ground has been broken for the erection of several new kilns.

The Pennsylvania Railroad company is building a siding 170 feet long, extending from its East Trenton cut-off to the Elite pottery, which will greatly facilitate shipping.

Bartly Harnam, a well known Trenton jiggerman who has been working in East Liverpool, is spending his vacation in this city.

Howard Moses, treasurer of the Glasgow Pottery company, who has been suffering from nervous troubles, brought on by overwork, is slowly improving. Mr. Moses has been busy looking after the company's business in New York and in keeping in touch with the affairs of the local pottery.

SHOP RUNNING WELL.

Since the Knowles, Taylor & Knowles company placed its new addition in operation last Monday, everything has been running as well as could be expected. Not a hitch has occurred, and practically every bench at the new shop is now occupied. There are one or two men working in this shop who have not been employed in a pottery for several years, having been engaged in other employment. The following is a complete list of the employees of this new shop: Saucer Jigger, John Reark; 5 and 6 inch jigger, Charles Johnson; big jigger, Mike Lynch; plate jigger, Harvey Thompson; cup jigger, Jess Coldough; turners, Charles Pippin and Guard Pickal.

handler, James Beardmore; pressers, Harry Wurzel, George Emmerling, Charles McBride, Joseph Webber, John O'Rourke, Joseph Duke, William Wilson, James Price and Blanchard McBride; dish makers, Charles Adams, Harry Wildblood, Edward Rezer; sticker-up, M. Foutts. The new shop is running full and will continue to do so.

EXPERIMENTS A SUCCESS.

For several months the National Pottery company in the East End has been experimenting upon the making of china, and so far the experiments have been successful in every particular. Samples of this china have been sent through the kilns, and may be seen in the private office of President Jefferson R. Warner. Some of these samples are very thin, and in many respects resemble the imported china ware. It has been intimated that the National, in a few months, will begin the manufacture of a full line of china novelties and general ware. The samples already made show that the company has made a body that is second to none, and when any of the samples are held up to the light one can almost see through them. That the firm will make a success of its new venture is unquestioned. It is not likely that the company will place any of the new ware on the market before the spring trade.

TO EQUALIZE MATTERS.

The special committee appointed at a recent meeting of Printers and Transferers' local No. 32 to arrange a scale whereby all members of a printers' crew would earn an equal division of the wages received by the printer is hard at work at their task, and it is expected that a partial report will be made at the next session, on Monday evening. Several plans are now being worked out, and among these is a proposition which is known as the kilnmen's system. It is proposed that \$6 worth of work to constitute the basis upon which the settlement shall be made, the same to be divided as follows: Printers, \$3; transferers, \$1.50; rubbers, \$1, and cutters, 50c. This is to be considered a day and the proper division of the amount stated. Should the net earnings of the press be \$12, the amount earned by each person can be ascertained by multiplying the figures by two.

A FEW BUYERS IN TOWN.

If the local potteries are not cleared of all their old odds and ends, during the next few days it will not be the fault of several buyers who are now in the city. One of these buyers whose name is Wolf Nadler, of 65 Christie

street, New York, proposes to take 12 car loads out of the district if that much ware can be secured. Of course the price must be just so, and the usual question asked the manufacturer when the buyer first enters the office is, "Have you any job lots?" There is also another buyer in the city from New York who is also looking for "odds and ends." His stay in this city will last for several days. Frequently a manufacturer is glad to see these sort of buyers come to the city, for a chance is presented to the manufacturer to clean his warehouse of all undesirable ware.

ADJUSTED A DISPUTE.

President Hughes, of the Brotherhood of Operative Potters, has returned home from New Castle, where he went Monday to adjust a difference at the Shenango pottery. This dispute was in the kiln department, and the matters were settled satisfactorily to all concerned. It is announced that a strike was threatened at this shop, owing to the dispute.

THE LECTURE COURSE

A Fine List of Attractions Booked for the Coming Months in This City.

Within the past few days all arrangements for the fifth annual high school lecture course have been completed. From the numbers selected the course will be more entertaining this season than during any past season. The course was arranged by the Brockway Lyceum bureau, of Pittsburgh, and as there are very few open dates at the opera house, some of the numbers come rather close together. The course this season is the most expensive one ever given by the high school, and the best talent possible has been obtained. The following is the complete course:

October 16, Hon. George R. Wendling, of Washington, D. C., lecturer; subject, "The Imperial Book."
November 4, Slayton's Woman's orchestra.
December 12, Ernest Gamble company.
January 16, Maro, the magician.
February 3, Chicago Ladies' Glee club.
February 6, George Riddle and the Listman Trio.
February 17, Thomas Dixon, Jr., lecturer.
March 12, Bostonia.
March 30, Mrs. Maude Ballington Booth; subject, "Lights and Shadows of Prison Life."
It has not been decided what will be the subject of the lecture of Mr. Dixon. The gentleman delivers two very interesting lectures, namely, "Backbone, the Foundation of Anglo-Saxon Character," and "Fools, or the School of Experience."

ENGINEERS' MEETING

An Interesting Session Last Night—Successful Candidates for Licenses.

The regular meeting of Calhoun association No. 41, stationary engineers, was held last evening, and the session was quite an interesting one. Engineers Connelly and Daniel Derringer gave interesting talks upon machinery, which were thoroughly enjoyed.

The association received information that at the last examination held in this city by Deputy District Examiner Elmer E. Miller, four applicants passed the examination. These were Fred J. Moncrief, chief fireman at the power house; Benjamin Toland, engineer at Laughlin No. 2, who formerly held a three years' license; Alfred Morris, and the night engineer at the ice plant. A class of 10 was examined last week.

Marriage Ceremony Performed at the Lutheran Parsonage Last Evening.

At the parsonage of St. John's Evangelical Lutheran church, at 8 o'clock, Rev. J. G. Reinartz pronounced the words which united the lives of Ulysses Hill, of Reading, Pa., and Miss Mary Elizabeth Trooke, of this city.

It had been intended to have the ceremony performed at the home of Mr. and Mrs. William Pöke, but owing to sickness in the family the plans were changed.

Mr. Hill, the groom, is a prominent business man of Reading, while the bride has been a resident of this city for some time, engaged as a professional nurse. The couple will make their home in Reading.

BIG EXCURSION TO SOUTHLAND

An Enjoyable Trip Through a Delightful Region Has Been Arranged.

HUNDREDS WILL TAKE TRIP

Among Them E. W. Hill, of This City. Will Leave Columbus October 4 in a Special Train as Guests of Southern Pacific Railway.

Columbus is to be the rendezvous on October 4 of one of the largest excursions that was ever run to the south and southwest. Elijah W. Hill, of this city, will be one of a party of 200, who, on that date, will start on an excursion through the south and southwest, which will continue for 10 days.

The excursion is that of the special land and immigration agents of the Southern Pacific railroad, of whom Mr. Hill is the Columbiana county representative. The party will leave Columbus in a special train at 2:30 p. m., on Saturday, October 4, for the interesting tour. The excursion is run by the Southern Pacific in order that its agents may become thoroughly familiar with the resources and opportunities offered by the south and southwest, especially Texas and Louisiana.

The special will consist of eight Pullman dining sleeping cars, two Pullman dining cars and a baggage car, and will go from Columbus to Cincinnati, thence to Louisville and New Orleans, arriving at New Orleans Sunday evening about 7:30 o'clock. On Monday morning, west, via the Southern Pacific, stopping en route at Jennings, Crowley and Lake Charles, then to Houston and return, and then down to Van Vleet, then back to Wharton and down to Bay City; then to Victoria, and from there to Corpus Christi.

The quaint old town of San Antonio, now turned into one of the most metropolitan cities of the United States will be visited, there will also be many points of interest, historically, to visit at this place, such as the Old Alamo, where Davy Crockett and his followers were massacred by the Mexican general, Santa Anna, as also several of the famous old Indian missions built in the time of the early conquests of Old Mexico. The agents also have an opportunity of seeing a farm at San Antonio which is being rented for \$22.75 an acre cash, and the tenants making a snug little fortune out of it, besides a good living. From San Antonio the special returns to Houston, stopping en route at Eagle Lake.

Leaving Eagle Lake they will saunter along the road back into Houston, where they will be entertained by the company and also have an opportunity of seeing the great improvements and

developments now going on in that city.

Leaving Houston the special will take a northward shoot up into the Nacogdoches country, passing through what has just been discovered at Washington, to be the richest tobacco country yet discovered, the department making the very broad claim that this section of the country will produce the finest kind of tobacco and worth \$1.50 a pound. It has also been demonstrated to be an excellent fruit country, as well as a vegetable country, and destined to become very active and valuable.

From Nacogdoches they will again go south to Beaumont, a city which has done more to advertise Texas in the past two years than anything else which has happened in the past 40 years. Here they will visit the great oil fields, as well as having one of the famous gushers turned on for their special benefit.

The discovery of oil in such enormous quantities is proving a wonderful boom for all the southwest country. It has solved the most serious problem which has always confronted that country, i. e., secured a "cheap fuel" which makes it possible, as well as advantageous, for the locating of numerous and much needed manufacturing establishments in that country. From Beaumont the special will return to New Orleans and will arrive in Columbus October 16.

A POPULAR ORDER

WITH THE MEN IN CHARGE OF THE STREET CARS.

Passengers New Forbidden to Ride On the Platform While There Is Room Inside.

"Passengers are not permitted to ride on the platform, while there is room inside," is a notice that will be painted on the cars of the East Liverpool Railway company, and the work is to be started next Monday. A sentence may be added to the above to read like this: "Conductors are instructed to enforce this rule, under penalty of dismissal."

The new order recently issued by the company is one of the best. Several conductors who were seen this morning agree that they are enabled to do their work much better since the order was issued than before. One conductor is quoted as having said that many men like to stand on the rear platform just for the novelty of the thing. It frequently occurs that the back platform is crowded and many seats are vacant inside the car. "Upon more than one occasion accidents have been caused by the back platform being over-crowded," said a motorman this morning.

It used to be that from 12 to 15 men stood on the rear platform of the small green cars, when there was ample room inside, and whose combined weight, placing each man at 130 pounds, would almost be a ton. This is sufficient weight to lift the front wheels off the track, and in rounding a curve in such a manner it is an easy matter for a car to jump the track. An over-crowded platform caused a car operated by John Whan about a year ago to almost go over the river bank, and other numerous accidents could be recalled just on account of this. But the people who delight to ride on the platforms never think of these things.

Many conductors have advised the management of the road that they are glad the order has been issued, and claim that the only trouble was that the order was much belated.

RALLY DAY SERVICE

Interesting Program Arranged for the Exercises at the Second Presbyterian Church.

An interesting program has been prepared for the Rally Day service to be held at the Second Presbyterian church Sunday morning, taking the place of the regular morning service. This service is held once a year, and the program arranged this year is one of the best presented. It follows:

Recitation of "the Apostles' Creed."
Prayer by Melvin Couch.
Song—"Throw Out the Life Line."
Scripture reading—Psalm 72.
Song—"Not a Friend Like the Lowly Jesus."

Report of classes.
Address by the pastor.
Report of the secretary.
Song—"Where are the Reapers?"
Recitation—"The Lord Wants Reapers."

Song by primary department.
Song—"God Bless Our Native Land."
Recitation—"Let God Be Tried."
Solo—Selected.
Offering.

Prayer of Consecration—Rev. J. N. Swan.
Song—"The Whole Wide World for Jesus."

Presentation of souvenir cards to every one present by T. F. Anderson.
Doxology.
Benediction.

Putting On Safety Fenders.

Work was commenced this morning placing fenders on all cars of the East

That Gold Spoon.

There are some men who seem to be favorites of fortune. They are industrious, cheerful workers, full of overflowing of the energy of splendid health, and success seems fairly to drop into their hands. It is of such as these that the less hardy and less successful man says enviously,

"That fellow was born with a gold spoon in his mouth." And yet on analysis it will be found that this success is largely due to a splendid health, the endowment of a healthy mother.

Dr. Pierce's Favorite Prescription gives the mother health to give her child. It cures nervousness, nausea and sleeplessness. It makes the body comfortable and the mind content. It gives physical vigor and muscular elasticity so that the baby's advent is practically painless.

"I will endeavor to tell you of the many benefits I have derived from taking Dr. Pierce's Favorite Prescription," writes Mrs. B. E. Robertson, of Medicine Lodge, Barber Co., Kans. "In the fall of 1899 I was expecting to become a mother and suffered terribly with pains in the back of head; in fact I ached all over. Suffered with awful bearing-down pains; I was threatened for weeks with miscarriage. A lady friend told me to use Dr. Pierce's medicine. She had taken them and felt like a new woman. I began using the 'Favorite Prescription' and took four bottles before my baby came and two afterwards. I suffered almost death with my other two children, but hardly realized that I was sick when this baby was born and she weighed twelve and one-quarter pounds. She is now eleven months old and has never known an hour's sickness; at present she weighs thirty-seven pounds. I owe it all to Dr. Pierce's Favorite Prescription."

"Favorite Prescription" makes weak women strong, and sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

Liverpool railway. The work would have commenced earlier, but the inability of the company to secure much needed materials delayed. The company will make 57 fenders, and two will be placed on each car operated on the road. It is thought that if the materials needed arrive in a few days, all cars will be equipped in three weeks. The fenders are being made at the power house by Engineer Baxter, after plans prepared by Superintendent Thompson, of the United Power company.

Gone to Carrollton.

Harry Baxter, night engineer of the United Power company, has left for Carrollton, where he will spend a two weeks' vacation. He was accompanied by Harry Parmelee, of Dalton, Ga., who many years ago was an engineer employed by the old Cleveland & Pittsburgh railroad. While Mr. Parmelee was engineer, R. C. Baxter, father of Harry Baxter, was his fireman. Both gentlemen are now spending a few days at Carrollton. Mr. Parmelee owns the largest hardware store at Dalton, Ga., and is known to many of the older residents of this city.

Will Institute New Circle.

Alexander Myler, of Calhoun's addition, who fell in the opera house last week, while attending the lecture of Mr. Evans, of Sharon, Pa., and severely injured his knee, is recovering, and will be able to be out in a few days. Just as soon as he is able Mr. Myler will go to Calcutta, where he will institute a new Protected Home Circle lodge.

Coming Foot Ball Game.

An interesting foot ball game is expected to be played at Columbian park in a few weeks. Arrangements are now being made to have a game between the East End Royal Tigers and the New Cumberland team, which is under the management of John Godwin, the well known base ball player. No dates have been announced, but the game is sure to be played.

Will Open a Store.

Edward McKinnon, who has been ill for some time with locomotor ataxia, is slowly recovering and he in a short time will open a store in the East End for the sale of potters' supplies. Work upon the excavating for the foundation was begun this morning.

EAST END AFFAIRS.

Mike Kerr, of Pennsylvania avenue, was in Beaver today attending the fair.

A well attended dance was given in the Larkins & Ferguson building last evening by the Philos club of the East End.

Mary, the young daughter of Mr. and Mrs. Albert Fisher, of High street, who has been ill with scarlet fever, is recovering.

Joan Lackey, of Chaffinville, who has been spending a few days at Louisa, Ky., visiting friends, has returned to the East End.

Joseph Laughlin, of Beaver, is spending a few days in the East End visiting his daughter, Mrs. William A. Andrews, of First avenue.

Mrs. Archie Searight and daughter.

DR. MILES' Pain Pills

They do cure headache and pain in all forms.

Sold by all druggists. Price 25c.

"For nervous and sick headache we consider Dr. Miles' Pain Pills the best remedy that we have ever tried. Mrs. Harman has found the most severe attacks yield immediately to their curative influence." REV. I. H. HARMAN, Fenimore, Wis.

Dr. Miles Medical Co., Elkhart, Ind.

Mrs. Pearl Martin, left this morning for Pittsburg, where they will remain a few days visiting friends.

A son has been born to Mr. and Mrs. James Robinson, of Erie street.

Mrs. J. C. Thompson and daughter, Miss Millicent, spent the day in Pittsburg.

THE NEWS OF CHAFFINVILLE.

Solomon Frazier has returned to the district from Normal, Ky.

Martin Lovett has arrived in Chaffinville from Ravenswood, W. Va.

J. L. Walton, of Marietta, is the latest arrival in this part of the East End. He will engage in the plumbing business.

Deputy Sheriff Davidson, of Lisbon, was in Chaffinville yesterday morning and served about 20 subpoenas in that part of the city. Nearly all those summoned are to appear at Lisbon next Wednesday.

The household goods of H. J. Markle arrived in the East End yesterday from near Parkersburg. Mr. Markle will engage in business in the East End and is now arranging to build himself a residence.

Three months ago Miss Alice Boalt, a young girl, came to Chaffinville from Marlet, Ky., and a few days later secured a position in one of the East End potteries. In that time she saved \$50 in one of the local banks, besides purchasing some clothing and paying her board every week. She now proposes to take a trip to her old home and, if possible, induce other girls to come to this city and secure employment.

DOCTORING FREE UNTIL OCT. 25TH.

Scores of Greatful Invalids From East Liverpool and Vicinity Are Crowding the Doctors Offices Almost Constantly and Are Being Rapidly Cured by Their New and Wonderful English System.

These Celebrated Doctors Have Adopted This Course to Introduce Themselves. Three Months Services Are Given Free to All Who Apply for Treatment Before Oct. 25th.

All persons suffering from Chronic Ailments will receive three months' treatment free of charge if they will apply in person at the English Medical Institute, Rooms 5 and 6, Thompson Building, before October 25th. These free services consist not only of consultation, examination and advice, but also of all minor surgical operations and electric treatments (medicines excepted).

These eminent gentlemen have by request of many friends and patients in this country, established a permanent branch of the Institute in East Liverpool, where all diseases and deformities may be treated with the same skill and success which has made the English Medical Institute one of the most notable of its kind in the world. If your ailment is incurable, you will be kindly and honorably told so and advised against spending money for useless treatment.

HEALTHY CHILDREN.

What children need is a pure strengthening tonic, and there is nothing so good for them as BLOOD WINE, which is pleasant to the taste and perfectly safe. Mrs. Sam Fanning, 236 Hall Street, Fall River, Mass., writes: "I cannot say enough in praise of your BLOOD WINE. I was very weak and suffered from fearful back-aches after my last baby was born. I was told that BLOOD WINE was strengthening, and I bought a bottle. It braced me up wonderfully, and I was so pleased with its results that I bought six bottles, and have given it to my four little children. It keeps them healthy, and I consider it the finest medicine I ever had in the house. I enclose you a photograph of my babies, that you may see how healthy they look."

"What we really need in this coun-
try," says President Roosevelt, "is to
treat the tariff as a business propo-
sition and not from the standpoint of
the temporary needs of any political
party. It surely ought not to be neces-
sary to dwell upon the extreme unwise-
ness from a business standpoint, from
the standpoint of national prosperity,
of violent and radical changes amount-
ing to the direct upsetting of tariff
policies at intervals of every few
years. A nation like ours can adjust
its business after a fashion to any kind
of a tariff. But neither our nation nor
any other can stand the ruinous policy
of readjusting its business to radical
changes in the tariff at short inter-
vals. This is more true now than
ever it was before, for, owing to the
immense extent and variety of our
products, the tariff schedules of today
carry rates of duty on more than 4,000
articles." The problem of revision is
bound to come up sooner or later;
but, as the president says, we should
be able to readjust our economic pol-
icy with as little friction as possible.
It is of prime importance that the re-
adjustment be performed by the
friends of protection and not by its
enemies. This is the issue involved in
the present congressional campaign,
and it will be so decided that free
trade theorists might as well save the
breath wasted in their arguments for
a "change." A change in existing
prosperous conditions are not desired
by the intelligent workmen of the
country. The tariff will be treated as
a business proposition, and business
interests will not suffer or the cur-
rents of trade be disturbed, for an-
other two years at least, when a Re-
publican congress is chosen this fall.
That assurance is worth millions to
the business world of America.

County Infirmary Director W. A.
Tarr says he sees no reason why he
should get off the ticket. Mr. Tarr
must be very obtuse not to see a re-
ason which is plain to every one else.
After his drunken escapades of a few
months ago he should have been un-
ceremoniously dismissed from office.
But as his term was nearing an end
he was allowed to continue, and he is
still drawing his salary. The natural
supposition was, when his own foolish-
ness got him into trouble and into jail,
that he would not have the brazen ef-
rontery to ask or expect the people to
support him at the polls for another
term. It appears, however, that he
cannot be shamed into following that
course. But the people will attend to
his retirement, if he does not. Com-

petent and sober men are not so scarce
in Columbiana county that a drunken
incompetent must be maintained in
any office, and especially in an office
the duties of which are to look after
the unfortunate poor. As far as the
News Review is concerned, Tarr's
name is not on the ticket and has not
been since the exposure of his dis-
graceful misdeeds. Other prominent
Republican papers dropped him from
the ticket at the same time. This
ought to be a plain enough intimation
to the Republican executive committee
of what the Republican press consid-
ers the duty of that body. Prompt ac-
tion is now required, if the name of a
man who deserves and probably will
meet with defeat is not to be kept on
the ticket.

The chairman of the rivers and har-
bors committee, Hon. Thomas E. Bur-
ton, is quoted as saying: "It is desir-
able for those who wish liberal appro-
priations for Ohio river and its tribu-
tary improvements to stimulate pub-
lic opinion favorable to river and har-
bor appropriations." From the present
general awakening on the subject
there is every prospect that those in-
terested will not be at all backward
about stating what they want. Mean-
time, is East Liverpool to remain si-
lent? The convention of river im-
provement champions is to be held at
Parkersburg November 11 and 12. It
is certainly time this city were taking
steps to see that it is represented
there by some of its leading citizens,
armed with facts and figures to dem-
onstrate that the Crockery City of
America needs a navigable river and
will contribute an important and ever-
increasing tonnage as soon as through
boats are started.

The new order of East Liverpool
Street Railway company forbidding
passengers to ride on the rear plat-
form when there is room inside is
plainly in the interests of the patrons
of the road and calculated to add to
their safety. It should be rigidly en-
forced and passengers ought not to
murmur.

Some of the newspapers are wonder-
ing how the city of Cleveland gets
along while Tom Johnson is out on the
road with his circus. But there are
a lot of people in the Forest city who
could spare him indefinitely.

It is reported that J. P. Morgan is
opposed to President Roosevelt for a
second term. Good! His opposition
will be worth carloads of campaign
documents to the Republicans.

OBITUARY

Miss Rebecca J. Lee.
Salem, Sept. 25.—Miss Rebecca J.
Lee, aged 79, a resident of this city
since 1840, died Tuesday night of pa-
ralysis. She was a daughter of Josiah
and Hannah G. Lee. For many years
she was a teacher in the schools of
Salem and Lisbon. She was success-
ful as a teacher, and under the direc-
tion of Friends she went south and
taught schools for colored children at
Memphis, Tenn., and Pocahontas, Va.
Returning to this city she took up tel-
egraphy, and had charge of the first
uptown telegraph office instituted in
Salem.

JAIL IS CROWDED

Cots And Bunks of All Kinds Are
Called Into Service at
Night.

Lisbon, September 25.—(Special.)—
Sheriff Leonard now has in his charge
28 prisoners, a larger number than at
any previous time for years. Part of
the inmates of the jail have to sleep
on cots and the institution is becoming
so crowded that the sheriff is in a di-
lemma as to what he will do next. In
the eight months which he has been
sheriff, there have been 127 prisoners
under his charge.

This is a record breaker in the line
of crime. The cases are all awaiting
the action of next week's grand jury,
which promises to be one of the larg-
est for several terms.

BUSY BOTH WAYS

CONSTABLE NOT LONESOME ON
HIS LISBON TRIP.

Powell Took One Prisoner to Lisbon
And Brought Back
Another.

Constable Powell killed two birds
with one stone yesterday when he
made a trip to Lisbon. Accompanying
him there was John Rauch, who plead-
ed guilty to a charge of non-support
preferred by his wife, and who was
sentenced to the county jail to await
the action of the common pleas court.
The constable's return trip was devoid
of lonesomeness, owing to the com-
panionship of Fred Millward, charged
in "Squire McLane's" court with being
guilty of a like offense.

Millward was arraigned before the
squire last evening and pleaded guilty
to the charge. He furnished a bond
of \$500 for his appearance before com-
mon pleas court.

The wife of Millward had the war-
rant issued for his arrest several days
ago. She claimed that he had failed
to support their three minor children
for many months past and that she
has had a very hard time sustaining
them. He was arrested while at work
in a Lisbon pottery and gave the con-
stable no trouble.

AT THE THEATER

Charles H. Yale and Sidney Ellis'
"The Evil Eye" which appears at the
Grand next Monday night is better
than ever.

Richard T. Brown, the king of en-
tertainers, is one of the newest and
other new ones are Josie Sisson, the
Phasey Troupe of sixteen young and
pretty maidens, The Troubadour Four
and those two great little people, The
Kennedy Brothers as "Nid and Nod."

Then here is an old new one, Arm-
strong's famous Electric Ballet, aug-
mented and increased to 5,000 lights.
There are many others but "newness"
being our motto, we do not wish to
make our other surprises stale by
mentioning them.

BEAUTIFUL CEREMONY

MADE MISS AGNES WELSH AND
DENNIS McCARRON ONE.

Impressive Wedding of Popular Young
People at St. Aloysius'
Church.

The third beautiful wedding at St.
Aloysius' church during the past eight
days occurred this morning at 8:30
o'clock when Miss Agnes Welsh and
Dennis N. McCarron, both popular and
highly esteemed young people of the
city, met at the brilliantly illuminated
altar and took the hymenal vows.

Accompanied by Miss Anna Haley,
bridesmaid, and Edward McCarron,
best man, the bridal couple alighted
from a carriage drawn by two mag-
nificent white horses at the steps of
the church, and to the favorite wed-
ding march of Mendelssohn made
their way up the center aisle, which
was strewn with white embroidery, to
the altar.

There, while soft strains of music
were filling the edifice, Rev. Father
Thomas M. Smyth pronounced the
words that forever unite the lives of
the happy couple. At the conclusion
of this service Rev. Father T. J. Ma-
han conducted the usual following cer-
emony in a most pleasing and impres-
sive manner. The complete service
being ended, the bridal party repaired
to the waiting carriage and were driv-
en to the home of the bride, where
with immediate friends of both a
choice breakfast was enjoyed.

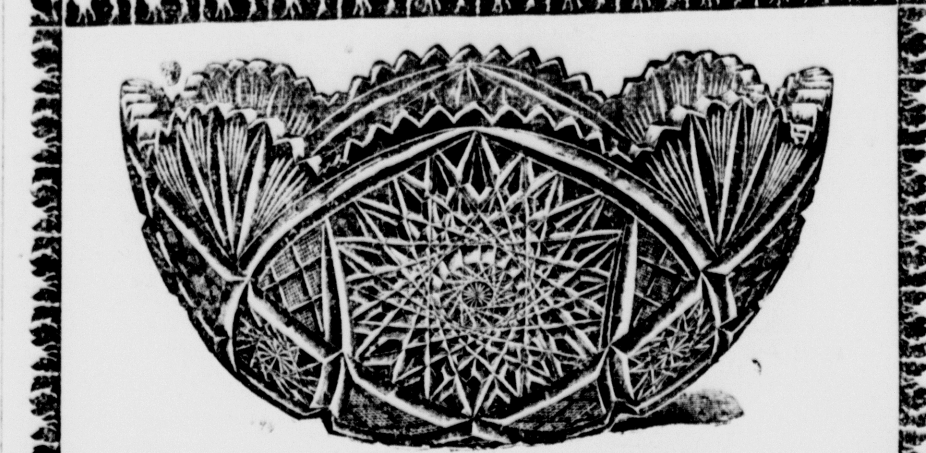

On the noon train the couple left
for Niles and Youngstown, where they
will spend their honeymoon, returning
to the city in a few days to make their
home.

Mrs. McCarron is a daughter of Mr.
and Mrs. Albert Welsh, of Greasley
street, and a young lady of accom-
plishments. She has many friends in
the city who wish her a life of happi-
ness. Mr. McCarron has been a resi-
dent of the city since his birth and
bears an enviable reputation. He is a
favorite among his associates and a
straightforward young man.

Street Railway Officials Deny That
Wellsville Franchise Is Not
Lived Up To.

Although it is stated that cars have
been operated to the Clark avenue ex-
tension at Wellsville, by the East Liver-
pool Railway company, and in the
face of the fact that certain city offi-
cials of Wellsville have also been told
of how work on a street railway is
done, it appears, according to a state-
ment by a street railway official, that
City Solicitor Boyd is bent upon get-
ting an injunction against the com-
pany. The street railway is doing the
same repair work in Wellsville that
has just been completed in this city,
and no remonstrance was filed here.
Why Wellsville takes exceptions to
the company improving its property is
more than the street railway manage-
ment can understand.
For many weeks the company has

the first crew connecting the bond

rail joints, and the third crew relaying

the pavers were a day or so behind
the crew which was raising the joints,
but the company claims no time was
lost in having the streets placed in
their former condition, as far as the
paving at the joints was concerned.
The company claims to be carrying
out the provisions of its franchise at
Wellsville and regards the action of
City Solicitor Boyd as rather hasty.

Mayor Fogo and City Solicitor Boyd
this morning, and as a result a spe-

for tonight. Supt. Healy stated that
he will conform with the statutes of

WELLSVILLE

DELAY MUST ENSUE

WELLSVILLE WATER WORKS IMPROVEMENT MUST STOP.

Government Surveys Must Be Made Before Test Wells Can Be Put Down.

Through a communication received yesterday by Superintendent of Water Works William Perkins, the prospect for the new water works system being put in the coming winter has received a severe knock in the head.

The communication reads as follows:

"Pittsburg, Sept. 23.

"Dear Sir—We enclose you herewith copies of letters received from the Cincinnati and Wheeling offices of the United States corps of engineers. Referring to letter received from Cincinnati office, you will note that the chances are our work is going to be held up for some time unless some influence can be brought to bear with the war department. We would suggest that you bring this letter to the attention of City Solicitor Boyd, and ask him if he does not think it will be advisable to take this matter up with Congressman Taylor, who represents your district, and see if he cannot do something with the war department in order to hurry matters along. If Mr. Boyd thinks it advisable we will also take the matter up with Congressman Taylor. We will, however, take no action in the matter until we are advised by City Solicitor Boyd.

"We would also suggest that if any other influence can be brought to bear that it will be done at once. We think you can appreciate that until this matter of the location of the government dam is definitely settled that it would be foolish to attempt to go ahead with the work. You are aware that we have all of the necessary information to proceed with the work as soon as this question is settled, and wish you to see that Mr. Boyd gives this matter immediate attention, advising us fully what you propose to do, so that we can take the matter up along the line suggested by him, and by working together we hope that we can get a decision from the war department at an early date. Yours truly,

"ROBERT W. HUNT & CO."

The Cincinnati and Wheeling communications mentioned in Hunt & Co.'s letter follow:

"Cincinnati, O., Sept. 23.

"Messrs. Robert W. Hunt & Co., Pittsburg, Pa.

"Sir—Replying to your letter of the 19th inst, the final determination of site for dam No. 8 was quite near Kuntz bar, and it will be impossible at this time to anticipate the final result of the work now in hand as indicated above. The location of Kuntz bar is shown on maps filed at this office, which you are at liberty to examine, if you so desire.

"Very respectfully,

G. L. LYDECKER,

"Colonel Corps of Engineers, U. S. A. "By direction and in his absence, per R. R. Jones, chief assistant engineer."

"Wheeling, W. Va. Sept. 15.

"Robert W. Hunt & Co., Chicago, Ill.

"Gentlemen—Your letter of September 13 on the subject of the map of the Ohio river is received. I find that I have nothing on file that would serve your purpose. We are making a survey above Wellsville, but have not advanced far enough to give you the information you need. I think, however, that you need not be uneasy for fear that the river will rise before you have an opportunity to make a survey which you will require. Probably, until the middle of November, the water will be low enough for any survey purposes. Truly yours,

"W. E. CREIGHILL,

"Captain Corps of Engineers."

Mr. Boyd has not as yet decided what he will do in the matter.

THERE IS NO SUBSTITUTE

Solicitor Boyd has made the following statement relative to the communications: "I have not yet thought the matter over much, but I believe that the water works trustees ought to take up the matter with the government officials. The pumps at the old pumping station are at present taxed beyond their capacity and are liable to give out any day and leave the city without any water supply whatever. Something ought to be done and done promptly. It is indeed a serious circumstance."

AS PARK ORNAMENTS

A Wellsville Councilman Suggests a Use for the Cannons in the City.

A suggestion was recently made to one of the Wellsville councilmen, and it was considered by him a good one, that the two mounted cannons which now adorn two of the corners in the public square, together with several cannon balls and the two unmounted cannons which are now lying on railroad property at Front and Fourth streets be removed to the Broadway park and the latter guns mounted suitably.

This would make the public square seem much larger and would avoid its present crowded appearance. The cannon would show off to a much better advantage in the park and would also add much to the appearance of the park.

Broadway park at present presents more of the appearance of an old time village green, and all of the small boys in the neighborhood seem to treat it as such, and play base ball and other games upon it, utterly regardless of the existing ordinance which classifies such an act as a misdemeanor and the violator of the ordinance liable to a fine. If the place was fixed up in a decent shape, the cannons placed and flowers planted it would look more like a park. The small boys would probably then be a little more careful.

This matter was brought up in council once before, but no action was taken. It may be brought up again at the next meeting.

A COUPLING BROKE

And a Heavily Loaded Car Dashed Down Grade, Striking a Building.

A bad accident was caused yesterday afternoon by pony engine No. 616 which was switching cars in the vicinity of the Carroll-Porter Boiler works. The engine was engaged in bringing two freight cars, both loaded heavily, with sheet iron tanks, away from the boiler works on an upgrade. A coupling on the car nearest the engine broke loose after the car had been taken half way up the grade, and at once started back down, gaining speed over each yard traveled, they finally crashed into the side of the buildings and then came to an abrupt halt.

The side of the building was seriously damaged and the two cars partially demolished. Luckily no one was hurt, one of the brakemen having jumped off one of the cars shortly before the coupling broke. The damage done will probably sum up to \$100.

CASE OF SMALLPOX

Health Officer Notified of One in Wellsville—No Uneasiness Felt.

There is a mild case of smallpox in Wellsville. No alarm is felt and there is no danger of the disease spreading, as the authorities have quarantined the house and are taking every precaution.

The patient is the wife of John Gamble, and Dr. J. L. Robinson reported the case to Dr. M. C. Tarr, the health officer, yesterday. How the disease was contracted has not been learned.

Unclaimed Letters.

The following letters remain unclaimed in the postoffice in this city for the week ending September 22, 1902: Jack Brudley, Mrs. George Canady, Bert Carpenters (2), William W. Carey, Patrick Carrell, H. H. Corcoran, Mrs. Thomas Herron, Joseph

Henderson, Mrs. Charles Hill, C. N. Holland, William Jarvis, Jess Johnson, Charles Johnson, Charles Marshall, Mrs. George Marshall, Mrs. W. C. Parsons, Mrs. Frances Pears, Nen Shaffer, Granville Stauffer, Henning Sandberg, E. W. Sealey, Martha Stewart, Frank Stewart, Mrs. Susie Young.

CLARK-LOWRIE

Young Couple Wedded Today And Will Reside in Allegheny.

At the home of the bride's parents, Mr. and Mrs. George M. Clark, of Highland Heights at 1:30 today, Miss Agnes Baxter Clark and Mr. Howard Mark Lowrie, were united in marriage. Rev. W. C. Prewitt, of the Christian church, performed the ceremony.

The young couple left on the afternoon train for an eastern trip.

The groom is a son of Mrs. Minnie Lowrie, of Main street, this city. He is employed at the Hemphill-McIntosh works at Pittsburg. The couple will reside in Allegheny.

NOTES OF THE UNIONS.

The carpenters' union will hold its regular weekly meeting tomorrow evening in Potters' hall. A full attendance is desired.

The regular meeting of the clerk's union was held last evening in the Potters' hall, Ninth street. Routine business was transacted.

The regular lodge meeting of the Protected Home Circle will be held this evening at Rechabite hall, at which time the report of the recent entertainment will be given.

WELLSVILLE SHORT STORIES.

T. A. Lloyd was in Pittsburg yesterday on business.

Dan Riddle has been on the sick list for several weeks.

Robert Galvin is in Lima for a few days on a business trip.

Mrs. A. H. Grimm went to Steubenville yesterday to visit relatives.

Isaac Seerest, of Main street, was in Salineville yesterday on business.

Miss Mary McDonald is the guest of Pittsburg friends for a day or so.

Judge W. G. Wells, of Lisbon, is the guest of relatives in this city for a day or so.

Frank Meredith and family, of New Philadelphia, have recently moved to this city.

John Hays and son, J. B. Hays, were in Industry yesterday on a short business trip.

Mrs. Ralph Sweetzer, of Main street, went to Pittsburg last evening to visit her sister.

Mrs. W. D. Fraser went to Wheeling yesterday, where she expects to visit friends for a few days.

Mrs. Ella Finch, of Sebring, is the guest of her sister, Mrs. Julius Goetz, of Front street, for a week or so.

Mr. and Mrs. John Deidrick, of Main street, drove to Smithfield, O., today, where they intend to visit friends.

Miss A. Howell, of Salineville, who has been employed in this city for the past few days, has returned to her home.

Miss Percy Conn and Miss Byrd Wilcoxen went to Pittsburg this morning to visit friends. They will visit the exposition.

Dr. Reager, of Steubenville, returned to his home this morning, after a short visit with his daughter, Mrs. T. H. Silver.

Mrs. James Kurnum, of Allegheny, who has been the guest of relatives in this city for the past few days, has returned home.

Mrs. Frank Carnes, who has been the guest of relatives in this city for a few days, returned last evening to her home in Alliance.

Mrs. George McCready and three children went to Bellevue, Pa., last evening, where they will visit at the home of Mrs. McCready's sister, Mrs. Samuel Kerr.

Mrs. Fred Irwin and daughter Helen, of Canton, who have been visiting for several weeks at the home of Mrs. Irwin's mother, Mrs. Cornell, on Eighteenth street, returned last evening to Canton. She will soon move to East Liverpool.

IN FULL OPERATION

Chester Tin Mill to Be Running in All Departments By Monday.

Work was resumed this morning in the wash house of the American Tin Plate company. It is conjectured that by Monday the plant will be in full operation. During the shut down the employees have been enjoying themselves with gun and rod.

Two New Houses.

The foundation for the new residence to be erected by James McKinnon, superintendent of the East Liverpool & Rock Springs street railway, was to be started today. The residence will be erected on Carolina avenue. Motorman Jacob Allison will also erect a fine residence on the lot adjoining Mr. McKinnon's.

To Be Drilled In.

The well on the William H. Kinney farm, owned by the Line Island Gas company, was expected to be drilled in today. This is the company in which Frank Chapman, of St. Mary's, W. Va., is interested, and who is well known in this city, having been in the grocery business here for a number of years.

House-Evans.

David Evans, of Chester, and Miss Bertha House, of Salineville, were married last evening by Rev. Clark Crawford, assisted by Rev. H. M. Carman, at the First M. E. parsonage. Mr. and Mrs. Evans will make their home in Chester, after a trip to Canada.

Street Work Delayed.

The street improvements in Chester were delayed today for the first time since Contractor Freshwater began work. The rain of last night made the earth too soft for the men to work.

CHESTER NOTES.

Council will meet tonight and will probably have a busy session.

Charles Stack, of East Liverpool, is visiting J. Henderson, of this place.

Warren Clark went to Pittsburg this morning to attend the exposition.

A daughter has been born to Mr. and Mrs. James A. Flood, of Ninth street.

Harry Householder is moving his household goods from Sixth street to Phoenix avenue.

Mrs. Samuel Bloom, who has been visiting in Cleveland, returned to Chester last night.

John Stevens left Thursday morning for Hammondsville where he will spend a week hunting.

PASTOR'S TWO STUDIES

Got a Couple Waiting to Be Married Sadly Mixed in Their Dates.

Rev. C. G. Jordan, pastor of the First Presbyterian church, has two studies, one at the home of George Heiser, Sixth street, and another at the church. In itself, this bit of information is not especially interesting. But the fact gave considerable anxiety to the minds of Bernie Myers and Miss Retta Parks, colored residents of this city. They secured a marriage license and then went to Rev. Mr. Jordan to make arrangements for the tying of the nuptial knot.

The pastor said that he would meet them in his study Wednesday evening. The happy couple, blissfully ignorant of the two studies, came promptly to the church. Mr. Jordan had not yet appeared there, and as the minutes were ticked off the couple became very uneasy. They finally learned of study No. 2 and at once sent word to the minister, who finally appeared. In due time the ceremony was performed and the couple made happy.

TOO MANY FOR THE CHAPEL

High School Students So Numerous All Cannot Meet at Once.

Owing to the crowded condition of the high school rooms in the Central building, it will be impossible for the entire enrollment of high school students to convene every morning in the chapel room.

Each day the opening exercises of the senior, junior and sophomore classes will be conducted by the principal, Miss Florence Updegraff, while C. T. Austin, assistant principal, will conduct the devotional exercises of the freshman class each morning.

M'DADE SET FREE

LAW COULD NOT HOLD THE ALLEGED SWINDLER.

He Says He Intended to Give Lessons And Promising to Pay Mrs. Portman's \$5.00.

M. C. McDade, the young one armed man, accused of swindling by Mr. and Mrs. William Portman, of Jethro Hollow, was given a hearing this morning by Mayor Davidson. After the mayor had well considered the case, McDade was released and immediately made preparations to leave the city.

That the man was released was due to a decision made by Prosecuting Attorney Brookes upon the solicitation of the mayor. Every phase of the case was submitted to the prosecutor and he held that, inasmuch as McDade had represented to Mr. and Mrs. Portman that he would give their boy lessons and that he received the money in advance, and, as he states that he did mean to carry out his part of the contract, he could hardly be held liable.

McDade, at the hearing, denied the accusation that he got the \$5 and intended to render his services, but, getting drunk, he was incapacitated to do so. He explained signing a fictitious name to the receipt by stating that he was afraid he might get involved in a difficulty of what kind he did not mention, and did not want his benefactors to recognize his name.

Before being released he stated that he was going directly to New Castle and having friends there will obtain the money and will return the amount given him by Mrs. Portman.

TOMORROW'S GAME

Between East Liverpool And Rochester Promises to Be a Fast And Good One.

The weather permitting, the best game of baseball played in this city this season will be witnessed in the West End park tomorrow afternoon when the local team goes against Rochester.

Manager Walsh has taken much pains in securing a lineup that will insure a victory, and as can be seen by the names of those chosen by him he has an aggregation hard to beat. The lineup follows: Needham or Emmerling, catcher; Maley, Lindsay or Winters, pitchers; Heckathorn, 1b; Wedd, 2b; Godwin, ss; Davis, 3b; Rieing, lf; Reark, m; Riley, rf.

Needham is one of the fastest men behind the bat that has ever played in this city. During this season he filled that post admirably for the Wheeling team and made for himself quite a record. Lindsay is a twirler of more than local note. His home is at Canton and he just last week finished the season with a New York State league. He is capable of giving any old team more than they bargain for.

It is the hope of all the local fans that the weather will clear up in time for the game. The largest crowd of the season is expected to be present and they will certainly not be disappointed in their anticipation of a good game.

viding that councilmen in cities of 5,000 shall not receive more than \$100 per year, and in cities having a greater population \$5 per thousand and may be added as compensation, but the maximum salary shall not exceed \$1,200 per annum.

Senator Wirt introduced a bill to correct a flaw in the mechanic's lien law passed last winter. The Harrison bill giving boards of education control of school libraries was passed. Senator Thompson attempted to have the committee of the whole relieved of his arduous task, but failed. It seems certain that the Jones act doing away with arc lights at railroad crossings will remain on the statute books.

Anticipating that the house committee would be ready to report, Speaker McKinnon wired house members to come to the state capital at once in order to be on hand, in case a vote should be taken on the acceptance or rejection of the report. But it is not likely now that it will be ready for submission before today.

Representative Crist, of Columbiana, says that the school code will be reported favorably by the school committee.

Senator Hanna came here Wednesday evening to address the national meeting of insurance men now in session here. He was accompanied by John J. Sullivan, of Warren, who is United States district attorney, at Cleveland. Mr. Sullivan will speak with the senator during the campaign.

He may accompany Hanna to East Liverpool, where he is well known, having visited the city frequently. The Democrats of the Eighteenth district have made no requests for speakers at Democratic headquarters yet. The committee has been informed that James A. Rice, of Canton, will make a large number of speeches in the district. He will also fill a few dates elsewhere. John C. Welty, of Canton, a gubernatorial possibility, has been invited to take part in the campaign.

The state board of agriculture has selected the speakers and places for the farmer's institutes, to be held this winter. The dates for the meetings and the assignment of speakers will be arranged by the secretary of the board later. The Columbiana institutes will be held at Lisbon, New Waterford and Damascus.

Representative Buell came from Salem Wednesday afternoon.

PRESIDENT IMPROVED

Physicians Expect Inflammation to Subside Soon, if Leg Is Rested.

CHEERFUL INVALID, SAID KNOX.

Mrs. Roosevelt Met Her Husband on the Arrival, at Washington, Wednesday Evening—Taken to Temporary White House.

Washington, Sept. 25.—Secretary Cortis at 9:20 o'clock last night, made the following statement concerning President Roosevelt's condition:

"The president's physicians report that he stood the trip home very well and it is believed that the local inflammatory symptoms will subside in a week or 10 days, if the leg is kept absolutely at rest."

Attorney General Knox called during the evening and remained for some time. When he came downstairs he reported the president to be in splendid spirits. When not chatting with Mrs. Roosevelt the president was reading a book.

"He's the most cheerful invalid I ever saw," said the attorney general.

President's Return Home.

Washington, Sept. 25.—President Roosevelt returned to Washington at half-past 6 o'clock last night, via the Pennsylvania railroad, from Indianapolis, where he was compelled to abandon his western trip because of an abscess on his leg, which developed as a result of the trolley accident at Pittsfield, Mass. He stood the journey from Indianapolis remarkably well, and when he was carried in a wheel chair from the railroad car to his carriage, he was in excellent spirits and appeared to be free from any pain. With Mrs. Roosevelt, who boarded the train at the depot, the president was driven directly to the temporary White House, on Jackson Place, where, according to the present arrangements, he will remain until the wound is healed and he is able again to be on his feet. The president was taken to his room on the second floor of the house and made comfortable and his wound dressed. Later he was reported to be resting easily and the expectation is that within 10 days the president will be himself again.

Telegram From Mrs. Roosevelt.

The trip home from Indianapolis was an uneventful one. He remained in bed all day and executive business on the train practically was discontinued. Few letters or telegrams were written or received. A telegram was put on the train at Pittsburgh, from Mrs. Roosevelt, stating that she had left Oyster Bay for Washington. The president slept soundly all through the night until 8 o'clock yesterday morning. Even the noise in the depot at Pittsburgh, where the train remained in the early morning for about 20 minutes, failed to awaken him. When Dr. Lugg went to the president's stateroom shortly before 9 o'clock he found his patient in rare good humor and excellent physical condition, barring the wound on his leg. The slight fever which the president had Tuesday afternoon had disappeared and his temperature was normal.

The running time of the train was slow in order to reduce the jar and as few stops as possible were made. Whenever the train stopped crowds gathered about the president's car, but there was no cheering. All the people seemed anxious to secure the latest information regarding the president's condition, and the members of his party who stepped from the train were pelted with questions.

Visit Northwest Next Spring.

After dinner the president expressed a desire to see the members of his party and they went into his stateroom, a few at a time. In his talk with his callers the president made known his determination to visit the northwest next spring, when he will extend his trip as far as the coast, during which time he will visit all the states in which he intended to stop on the trip just ended.

The Proper Treatment For a Sprained Ankle.

As if a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle, and it is usually two or three months before he is fully recovered. This is an unnecessary loss of time, for in many cases in which Chamberlain's Pain Balm has been promptly and freely applied, a complete cure has been effected in less than one week's time, and in some cases within three days. For sale by Alvin H. Bulger.

Try Mrs. Austin's Quick Lunch Tapioca, the new dessert. Ready in a minute, no soaking required. All grocers sell it.

Greatly Reduced Rates.

During the months of September and October, the MISSOURI PACIFIC RAILWAY will sell one way tickets from St. Louis to principal points in California, and the north Pacific Coast at the very low rate of \$30. Personally conducted excursions each week. For particulars and descriptive and illustrated literature, address Jno. R. James, Central Passenger Agent, 905 Park Bldg., Pittsburgh, Pa.

FOR ROOSEVELT IN 1904.

New York Republican State Convention So Declared—Higgins Named on Ticket With Odell.

New York, Sept. 25.—The New York Republican state convention nominated the following ticket, yesterday:

For Governor—Benjamin B. Odell.
For Lieutenant Governor—Frank W. Higgins.
For Secretary of State—John O'Brien.

For Controller—Nathan L. Miller.
For Treasurer—John G. Wickser.
For Attorney General—H. B. Coman.
For Engineer and Surveyor—Edward A. Bond.

For Judge, Court of Appeals—W. E. Werner.

Sheldon withdrew as candidate for lieutenant governor, owing to the objections of Odell to his being a candidate.

The platform, in part, deeply deplored the death of President McKinley and then declared for the selection of President Roosevelt. The Roosevelt plank follows:

For Roosevelt in 1904.

"We give to President Roosevelt and his administration our heartiest approval and most cordial support. We recognize the fidelity with which he has carried out the policies of his lamented predecessor and the rare capacity he has shown in meeting the new responsibilities of his great office. We look forward with confidence to his election to the presidency in 1904, and so far as this convention has the power we pledge thereto the earnest efforts of the Republican party of this state."

On protective tariff and trusts the platform said:

"The greatest national issue is the maintenance of prosperity. The pledge given by William McKinley of abundant work and good wages based on the passage of a protective tariff bill, has been fulfilled. The integrity of the protective principle must be preserved. That principle is required to maintain the highest scale of American wages and the supremacy of the American workshop."

Condemn Harmful Combines.

"While we would encourage business enterprises which have their object the extension of trade and upbuilding of our state, we condemn all combinations and monopolies in whatever form having for their purpose the destruction of competition in legitimate enterprise, the limitation of production in any field of labor, or the increase of cost to the consumer of the necessities of life, and we pledge the party to the support of such legislation as will suppress and prevent the organization of such illegal combinations."

Brain Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You may prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get the reliable remedy at Charles F. Craig's.

ANNOUNCEMENT TO INVESTORS

Mine La Motte Lead & Smelting Company owns 37,611 acres of ground located in Madison and St. Francois Counties, Southeastern Missouri. Of that total 13,544 ACRES ARE KNOWN TO BE HEAVILY MINERALIZED. Only 20 acres have been developed by underground workings, and about 67 acres have received attention on the surface.

The mines are producing today, under very limited operation, more than \$150,000 a year. The present management is now installing machinery and improvements that will swell this annual output to AT LEAST \$500,000. Present shafts and drifts place in sight ore enough to tax all available machinery for centuries. Eliminating from the calculation all revenue from agricultural, timbering and miscellaneous sources, the property will earn a sum ample to pay immense dividends annually on the capitalization.

Investment in such a proposition as this does not in any sense border upon speculation. Stock in this corporation is as carefully protected as a Government bond. Since it is offered to you at a figure considerably below par, you can be assured of several times the ordinary rate of income. Mine La Motte has been for more than a century one of the most famous lead producers in the country. It is the only mine to-day producing and shipping Nickel and Cobalt regularly. Its "Anchor Brand" of Pig Lead has been the standard of the market for years.

The estate, mine and plant have been under private ownership and control until now. From this time forward the output of the property will be increased as rapidly as modern machinery and methods can be installed to do it. Present earnings assure annual dividends of at least 8 per cent on par, and inside of six months this will be doubled.

A small block of stock is herewith offered for sale at \$7.50 per share (par value \$10). The amount put out at this figure will be limited. Immediate investors can make good profit, both on income and on rise in value of stock.

A large number of representative Ohio investors have already made careful inspection of property and plant. We will place you in touch with them, or if you or any of your friends will undertake to defray all expense incident to same. We shall ask you to do no business with us unless you may be absolutely satisfied as to the safety, integrity and profit of this investment.

"Captain John J. Pershing to Vicars: unable to reach Maciu forts; water and swamps prevented.
(Signed) "Chaffee."
The dispatch means that Captain Pershing has been compelled to retreat to his base at Camp Vicars and that the Moro position is much stronger than was believed by army officers.

Why Does Your Head Ache?
Perhaps you don't care why your head aches, but would be much more interested to know what will cure it. Briefly, we will answer the question most vital to you—Wright's Cerebral Tea—and cure it to stay cured. Headache is caused from various derangements, but the one most common, especially at this season of the year, results from a disordered stomach, liver and bowels. To cure headache permanently then, it is evident that we must correct the wrong where it exists; hence employ a remedy that will act on the stomach, liver and bowels, and restore them to healthy condition and consequently drive away the pain. That remedy is Wright's Cerebral Tea. At drug stores, 25c and 50c.

BRIGHT PROSPECT FOR THE VILLAGE
Hammondsville to Become the Center of Extensive Mining Operations.

LARGE TRACTS ARE LEASED
A Syndicate Making Tests With a View of Opening Extensive Mines—Partial Arrangements For a New Branch Railroad to the Mines.

Hammondsville apparently has a future brighter indeed than most villages of its population in this section. Always noted for its production of coal it has at last awakened a number of capitalists to the realization that more than the ordinary development of the black diamonds is possible. Underlying the village and the land for hundreds of acres surrounding is coal in great quantities. Until recently the coal has been mined on a rather small scale and at the present time the output could easily be tripled. The location being practically in the heart of a great industrial field, which consumes millions of bushels of coal a year and which will cause an increasing demand every year to come, mining cannot help be an unlimited success. The C. & P. railroad runs through the village. If a syndicate of men now interested in a project by which the mines will be operated to the fullest extent do not abandon the field it will be a common sight to see many carloads of coal leaving the field for northern points. For several months the concern, with Oliver Roseberry, of New Cumberland, as engineer, has been laying plans for the development. Instead of working on the land in the immediate vicinity they have been testing the territory a few miles north, but the coal is of the same vein that underlies Hammondsville. Yesterday a carload of the diamonds was shipped to Cleveland, where it will be tested by experts and also by members of some of the greatest of Cleveland manufacturing concerns. If the coal is of the quality that numerous people have classed it, there can be no doubt as to the immediate development of the banks. With much concern the residents of the town are awaiting the answer of the Cleveland parties. Arrangements have partially been made for the extending of tracks from the main line to the several bank openings that have been surveyed, and the hope of all is that the project will not fail. George Davis, a man of mining experience, of Steubenville, is also in the vicinity with the object in view of securing as many acres as possible of the land. Up to date he has optioned several hundred acres of land at \$35 per acre. Just what the result will be to the locality if the land is developed as promised can hardly be estimated. It will, however, give employment to a thousand or more men at good living wages the year round.

Her Age is 102.
Bellaire, Sept. 25.—Mrs. Mary Okey, of this city, celebrated her 102d birthday lately. Mrs. Okey was born in St. Elizabeth, Canada, in 1799, and is the mother of 10 children, three of whom are living. She was married in Canada, and her daughter, Mrs. Lucille Jeffers, with whom she has lived since the death of her husband, 29 years ago, was born in St. Elizabeth.

Killed a Big Elk.
Salem, Sept. 25.—Charles Brooks and F. J. Mullins returned last night from a hunting trip of a month spent in the wilds of Northern Idaho. They were out with pack train and two guides and kept well away from civilization, their camp being located 80 miles from the nearest habitation. During the trip Mr. Mullins shot a 1100 pound elk.

A 200 BARREL WELL

One of the Features of Great Oil Excitement in Knoxville Vicinity.

Knoxville has a gusher after years of drilling into the rock thereabout. It is on the R. A. Warren farm and is claimed to be producing 200 barrels daily. It was drilled by the Allegheny Oil company, who seem to have struck the pool. The well was drilled into the sand last week when the rig burned down, but the well has been flowing ever since and making the above amount.

The company will erect another rig deeper and may increase its flow by drilling and shooting. One farm two miles away was leased for \$500 bonus. All the town lots in Knoxville will go up in a fortnight. The Allegheny Oil company is starting another rig on the Grimm farm. Fifty oil men were there Tuesday from Pittsburg, Sistersville and Mannington, looking for leases. The excitement runs high. Wm. Freudenberger got in on the ground floor as usual and will drill on his lease on the R. M. Cooper farm. He gave \$500 bonus for a lease of this land, it is said.

FOUND A FORTUNE

Resting Snugly in the Trunk of a Hollow Tree in Belmont County.

Resting snugly in the hollow of an ancient elm tree which he chopped down, A. O. Hartley, a farmer living at Dillie's Bottom, Belmont county, found faded deeds that establish his right to possession of 600 acres of land said to be worth \$60,000, at Dunbar, Kansas.

Years ago J. A. Hartley, his grandfather, was driven out of Kansas by the threats of an elder brother, and came to Ohio. Typhoid fever left him with a deranged mind, and while in this condition he hid the deeds in the old tree thirty years ago.

SALINEVILLE

Salineville, Sept. 25.—The Thompson brothers, of Salineville, with their wives, drove over to Lisbon and were the guests of Mr. and Mrs. W. A. Thompson, the treasurer-elect, for two nights.

The funeral of Michael Hurley, a former citizen, took place last Saturday from the chapel in the West End, preceded by a large procession on foot headed by the cornet band. His remains were brought here from Monessen, Pa., to the home of his parents, Mr. and Mrs. Thomas Hurley, for interment. The cause of death is not positively known. He served in the Philippine war.

Rev. John S. Thompson, of Beaver Falls, Pa., accompanied by his mother from Canonsburg, arrived here Monday evening. They were the guests of the Thompson brothers, of this city, returning to their homes Wednesday morning.

Timothy Shane, of Nebraska, accompanied by his wife, took the train Tuesday for Hookstown, to visit the old homestead near Service, Pa.

Mrs. Rev. F. E. Dean returned home last Saturday after an absence of several weeks at the home of her parents, Mr. and Mrs. McKenzie, in Port Huron, Mich., and at the Dean home near Xenia.

William Robbins, an aged and well known citizen of Bergholz, died Tuesday morning at his home. He was reared in Carroll county and was over four score years old. He was a member of the United Presbyterian church, of Scroggsfield, for many years.

Mr. and Mrs. J. C. Lewton, of Watts-ville, were shopping in Salineville Tuesday.

SERIOUSLY SHOT BY AN OFFICER

AN AFFRAY AT CLARINGTON THAT MAY PROVE A MURDER.

Brother And Father of a Prisoner Interfered—Boy Blew His Head Off.

Bellaire, Sept. 25.—The little town of Clarington, about 25 miles south of this city on the Ohio river, was the scene of what will probably prove the death of one man and the painful injury of another. John Resinger and Dr. Zink had a quarrel. Policeman G. Dickey separated them and placed Resinger under arrest, and was conveying him to the town hall when the prisoner's brother Hallie and their father attempted to free him. The officer warned them not to interfere with him or he would be forced to protect himself. His warnings were not heeded, and when Hallie Resinger made an assault on him he drew his revolver and fired. The ball struck near the left eye and passed entirely through the face, coming out near the right temple and striking Davis Cook, a bystander, in the cheek, making a painful wound.

The shooting caused intense excitement, and for a time it was feared that violence would be done Dickey. The mayor of the city became alarmed and telephoned to Bellaire for police to assist in protecting Dickey, who was placed under arrest pending an investigation. Mayor Rodewig, of Bellaire, advised the Clarington official to apply to the sheriff of Monroe county for aid, as he needed all of his own officers. The sheriff and his deputies had not arrived at a late hour.

Early in the evening the excitement was materially increased when it was announced that Resinger had a slip chance for recovery. About the time of the shooting affray Mrs. G. W. Stevens and her daughter were entering a bed room in their home, only to find the body of a son, Charles, lying cold in death with the entire top of his head blown off with a shot gun. He was 18 years old, and attended the high school. He went to his room immediately after dinner and a shot was soon heard. Evidently, he had blown out his own brains, although there is no known reason for him doing so. The mother is prostrated and fears for her life are entertained.

A New Back For An Old One—How It Is Done In East Liverpool.

Sometimes the back aches with a dull, indescribable feeling making you weary and restless; sometimes pain shoots across the region of the kidneys, and again the loins are so lame to stoop is agony. No use plastering or rubbing the back in this condition. You cannot reach the cause. To exchange a bad back for a new and stronger one, follow the example of this East Liverpool citizen.

Mr. Wm. Anderson, of 305 Lisbon street, says: "During the civil war I enlisted and served three years in the Forty-second Ohio infantry. From the exposure during the war I attributed the severe aching and weakness in the loins and muscular rheumatism of recent years which all seemed to center in my kidneys. In the morning when first getting up I was very dizzy until I had moved around for a time and my nervous system became affected, causing a fluttering and fullness around the heart. Seeing an advertisement in the paper I got Doan's Kidney Pills at the W. & W. pharmacy and took them. A few doses gave me relief. The improvement was gradual and continued as the medicine got thoroughly into my system. I firmly believe that Doan's Kidney Pills will in every case as they did in mine, prove the justness of the claims made for them."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other. Sold by W. & W. pharmacy.

NEW EXTENSION TO THE HEIGHTS

And the Route It Will Follow Definitely Laid Out Yesterday.

FOUR SAFETY SWITCHES

Will Be Placed at Intervals Along the Line, and Will Contribute to the Safe Passage to and From the Central Portion of the City.

Messrs. Peach and Bullock, of the street committee, with Engineer Kelly and Councilman McConnell spent several hours yesterday afternoon in locating stakes marking the route which the extension to Pleasant Heights of the East Liverpool Street Railway company will take.

Contractor McSpadden had his force of men at work on Sheridan avenue near the Greenwood brewery, and had made considerable progress yesterday, before the rain came up and stopped the work. A trip had been made over the route by Mr. Healy, the contractor and engineer the day before, but the positive location of the route was subject to the decision of those who were with the party yesterday. Member McConnell, who has been active in the proceedings from the beginning, and who made the first move through the council which finally resulted in the East Liverpool company consenting to build this line, was in accord with what had been laid out on Tuesday, and the route will be followed as it was established at that time.

When the road leaves West Market street on Sheridan avenue, a part of which is already laid, it runs to the north side of the avenue until Pleasant street is reached. It then holds to the south side of that thoroughfare for quite a distance when it turns to the north and remains there to the intersection of Lisbon street. Here Engineer Kelly has so arranged the route that in coming down the hill, the track, which hugs the south-west side of Lisbon street will run almost directly onto Pleasant street. In this way the car, after traversing the most dangerous portion of the hill, will have a level stretch over which to run, and while thus running may be readily controlled by the motorman in case he fails in an attempt to regulate the brakes.

From the end of Pleasant street the track keeps well to the outside, clear of the paving, to the first turn at the McLean property above Mike McKeever's. Then it crosses the roadway to the hill side. Where a crossing is made, as is done in this case, Manager Healy has instructed the contractor to plank the crossing as soon as the track is down.

From the McLean tract all the way up the hill the line is to hug the hill side of the road. The track leaves

the Lisbon road at a point near the residence of John Bennett and takes off across the Heights.

Returning, the contractor has been instructed to build four safety switches or turnouts. The first will be constructed at the turn opposite Felix Hulse's place. A little more than 100 yards below at the William Arb stone quarry another will be located. The third is to be located at the McLean property near Mike McKeever's place, while the fourth is situated where the line enters Pleasant street. These switches make the descent of the hill comparatively safe.

The construction of this extension is a source of a great deal of gratification to the residents of the hill district. Much time and money has been spent by the interested parties, and the fact that the street railway company finally consented to begin the construction of the railroad was entirely due to the determination on the part of certain members of the city council to bring it about. Neither J. C. Diedrick nor any member of the Pleasant Heights Land company was responsible for the enforcement of the franchise held by the East Liverpool Street Railway company. In fact, it required a considerable amount of persuasion to induce these parties to come into the deal when the real work had been finished.

As was stated in these columns before, the \$5,000 guarantee made by the land companies has been raised and is in shape to pay over at once upon the compliance on the part of the Street Railway company with their part of the contract. There is at present some \$1,250 which has not yet been pledged, and those who have signed the contract are busily engaged making a canvass of the land owners in the affected locality with a view to making up the amount.

CAMPAIGN PLANS

WERE DISCUSSED AT A MEETING OF THE COMMITTEE.

Eighteenth District Republicans Arrange for the Congressional Campaign.

The congressional committee of the Eighteenth district, composed of Judge J. B. Fawcett, of Canton; Ed A. King, of Lisbon, and E. H. Turner, of Youngstown, met in Canton yesterday.

The committee was selected at the recent congressional convention at Sa-

lem, and yesterday in the office of Judge Fawcett an organization was effected by the selection of Judge Fawcett as chairman, E. H. Turner secretary, and Ed A. King treasurer.

James Kennedy, of Youngstown, the Republican congressional nominee, accompanied by Hon. R. W. Taylor, of Lisbon, met with the committee, and plans for the coming campaign were discussed at length.

Mr. Kennedy expects to divide his time between the three counties comprising the district, and will probably spend 10 days or two weeks in Columbiana.

Hon. R. W. Taylor announces that he has consented to devote one week to the national committee, and will speak in Stark county during the last week of the campaign.

A FURIOUS DEBATE IN CODE COMMITTEE OVER FRANCHISES

Matter Was Postponed Temporarily—An Early Vote to Be Taken on the Nash Municipal Code.

From a Staff Correspondent.

Columbus, Sept. 25.—The question of franchises precipitated a furious debate at the meeting of the special code committee of the house yesterday afternoon. The subcommittee submitted a report recommending that no franchise legislation be enacted at this session. Several days ago this committee had formulated a report favoring the enactment of the laws on this subject, with the alleged unconstitutional sections eliminated, and when the committee submitted its final report yesterday, Guerin, of Erie, wanted to know the reason for its unexpected change of base.

He was told that good lawyers had given it as their opinion that those statutes should stand as they are for the present. This raised Guerin's ire and he proceeded to castigate the committee unmercifully. He said it was dodging the franchise question and that the act was one of cowardice. For the benefit of the people who have millions invested, he said the statutes should be re-enacted with curative provisions inserted.

The fight was hot and was participated in by Price, Thomas, Cole and Painter, all Republicans. The matter

was passed over until tomorrow. Cole said that Governor Nash had had no knowledge that the franchise question was to be referred to in his code. This created astonishment. The senate declared against the incorporating of franchise sections in the code, and instead adopted a resolution by Senator Harding, providing for the appointment of a non-partisan commission by the governor, which will investigate the questions of franchise and make a report to the next general assembly. The members are to receive a sum not to exceed \$10 per diem for the actual time they are at work.

Upon motion by Mr. Archer, the senate adopted the report of the senate as a committee of the whole, and that body is now ready to take a vote on the amended Nash code. The bill will be engrossed and printed and may be passed on Monday. The house code committee will also probably have its report in by that time, which may enable the house to vote on the acceptance or rejection of the report about the same time that the bill comes up in the senate.

The senate committee adopted an amendment by Senator Harding, providing for the appointment of a non-partisan commission by the governor, which will investigate the questions of franchise and make a report to the next general assembly. The members are to receive a sum not to exceed \$10 per diem for the actual time they are at work.

GEORGE W. PERKINS, J. PIERPONT MORGAN'S RIGHT HAND MAN.

J. Pierpont Morgan, the multi-millionaire promoter who uses railroads as playthings, is said to regard George W. Perkins as the coming American financier. Mr. Perkins, who is now a partner of Mr. Morgan, is but 40 years of age and is already worth several millions.

TARR STILL STAYS ON THE TICKET

Infirmary Director Says He Sees
No Reason For Withdrawing.

EXECUTIVE COMMITTEE NO PART IN STARTING IT

Of the Republican Party Meets in a Few Days And May Take Up His Case—Action Must Be Taken in a Short Time.

The Republican county ticket still bears the name of W. A. Tarr for infirmary director. At the time last summer when Tarr was twice arrested for drunkenness and wife-beating, it was stated that he would be asked to resign from the ticket. Tarr is now at work at the Vulcan clay works in Wellsville.

In conversation with a News Review man Mr. Tarr stated his views as follows:

"As far as I am concerned I do not propose that my name shall be removed from the ticket. I was nominated as the choice of the people and do not know of any one who has the power to reject my name."

"I have not heard that there was any intention of taking my name off, although I did understand that the executive committee expected to meet soon, and there were 10 or 12 men who are anxious to succeed me on the ticket."

There are many candidates for the office, and it is very likely one of the following names will be substituted for that of Tarr at the meeting of the county Republican executive committee, which is expected to be held with in the next few days:

Horace H. Martin, Charles Chandler, James Jackson, James Farrell, Francis Groner, John Cadwallader, Jacob Peterson, Richard Cole, Charles Paxson, David Groner, M. Miller and five or six others are out for the nomination. The office pays between \$1,000 and \$1,200 per year and is considered a very desirable position.

Whatever is done in the matter of filling this vacancy on the Republican ticket must be attended to at once, as the name must be certified to the county board of election supervisors on or before October 4.

Mr. Tarr is still a member of the board of infirmary directors, not having yet finished his first term in the office. He will either succeed himself or be succeeded by another at the coming November election. In case

NO ONE TO GO FROM THIS CITY

East Liverpool Will Not Be Represented at Alliance Conference.

LABOR MEN AND DEMOCRATS

Will Meet Tomorrow to Decide as to T. J. Duffy's Candidacy.

DUFFY WILL NOT ATTEND

So far as East Liverpool is concerned the conference to be held at Alliance tomorrow between the Labor party's executive committee and that of the Democrats will be a failure.

Chairman John T. Wood, of the local Labor committee, will be unable to attend, owing, it is said, to the condition of his work just at this time. He has delegated no one else to go, and there will be no representation from the laboring people of East Liverpool.

From Massillon comes the word that the labor organizations which voted on the proposition, with the exception of the Glassblowers' union favored Duffy's running on the Democratic ticket. The glassblowers believe that Duffy should be allowed to do as he pleases.

It is believed in Massillon that all the east end towns will vote to ask Duffy to remain on the Labor ticket. In this event, local politicians think that Duffy will retire from the situation entirely, as it is the supposition that his only chance for success is on the Democratic ticket.

At Salem Tuesday night the members of Iron Moulders' union No. 47 took action on the circular sent out by the leaders of the labor movement. The union decided that it should be Duffy on the Labor ticket on none at all. In fact, the local favored a Labor movement.

Then the local reconsidered a resolution it had adopted unanimously some time ago, endorsing Duffy, and by an almost unanimous vote tabled the measure for the reason that the body believed Duffy had gone contrary to his pledge and had injected partisan methods into his campaign. The local decided that as a body and organization Duffy might expect no support from it, and that if he did he would be doomed to disappointment.

Mr. Duffy was seen today and stated that he would not go to Alliance tomorrow. He said he proposes to allow the two committees to decide the matter, and he will be guided entirely by their conclusion.

From the ranks of the local Democracy there will be one delegate present at the Alliance conference. J. J. Weisend is chairman of the Democratic congressional committee, and intends to meet with the committee.

REGISTRATION ACT

WILL APPLY AT THE COMING CITY ELECTION.

County Board of Deputy Supervisors Considers the Question Fully.

The county board of deputy election supervisors, composed of A. G. Bentley, B. D. Beacom, George Watson and Charles McMillan, held a meeting in the office of Prosecuting Attorney J. H. Brookes today.

The board has been in communication with Attorney General Sheets with reference to the matter of registration for East Liverpool. They received his decision today, and decided to proceed with the arrangements to take the poll in the manner provided for in the special act passed at the last session of the legislature. Farther than this no action was taken.

TROUBLE SETTLED

Jiggermen at the Globe Pottery Returned to Work This Morning.

A conference was held last evening in the rooms of the Potters' club between a committee of jiggermen representing the Globe shops and a committee from the manufacturers' association, at which the dispute at the Globe was discussed. An amicable agreement was reached and the shop is in full operation this morning. It was suggested at the meeting that the company suggest to Mr. Bowman that he pay the scale price for finishing, and this was done by President George C. Murphy this morning.

SETTLED AT LAST

The Long Standing Dispute About the Placing of Biscuit Ware Adjusted.

At a joint meeting of committees representing the National Brotherhood of Operative Potters and the Western Manufacturing Potters' association held last evening, the dispute of long standing, that of placing flat ware in the first ring of the biscuit kilns was definitely settled.

The settlement is to the effect that all flat ware placed in the first ring over four saggars high shall be paid for extra. The kilnmen so doing shall receive an extra 25 cents a day.

Licensed to Marry.

Lisbon, September 25.—(Special.)—John Fox and Agnes De Lowry, of Pittsburgh; James Witherspoon and Amelia Sell, East Rochester; Leroy Golden, of Lisbon, and Martha Rowley, of Wayne township; Charles Andrew McGower, of Pueblo, Col., and Emily G. Hinchcliffe, have been licensed to marry.

No More Coal Stoves.

No more will coal stoves be used in the winter cars operated by the East Liverpool Street Railway company. All the old green cars have been or will be wired for electric heating, under the same plan as is used in the larger green and red cars. The change is one that is most commendable.

Homer Howell's Will.

Lisbon, September 25.—(Special.)—The will of the late Homer Howell, of East Liverpool, was brought into court and filed for probate this morning. The hearing of the application was set for October 4. Arabella Howell was named as guardian for the minor heirs, and also executor of the estate.

Will Probated.

Lisbon, September 25.—(Special.)—The will of the late Ruth Reed, of Salem, was filed and a commission was issued to take the testimony of R. W. Cook, of Oregon. John E. Rogers was named as executor.

GIRL CHARGED WITH SHOPLIFTING

Looking for Burglars, Officers Strike a Clue to Another Supposed Crime.

Armed with evidence which they thought would lead to the arrest and conviction of the robbers who ran sacked the homes of D. E. McNicol, James Logan and John Wyman during the early hours of last Sunday, Chief of Police Thompson and Officer Dawson made their way to the home of a well known family living on Sunnyside yesterday afternoon only to be rebuffed.

It was through information secretly made to Mayor Davidson that the officers ran down the clue. On Monday night at 11 o'clock a man appeared at the home of the mayor and told him that he was positive that he could tell where the watch that was stolen from Mr. Logan was located. He knew the house, but when asked for the person's name who possessed the watch he said that he did not know, but would find out by the next evening at the same time and make a report.

Promptly at the appointed time the man who wished his name withheld from publication met the mayor and gave the name and all that led him to lay suspicion upon the person. He said that on Monday morning a small girl, of perhaps 15 years, had approached him, and displaying a gold

watch and chain, asked him to purchase it. Thinking that it was the Logan watch, he immediately decided to report her to the city officers.

Chief Thompson, having the number of the watch, applied at the home of the young girl and demanded the watch which she had offered for sale. The watch was produced and found to be the wrong one.

Although defeated in their attempt to land one who would be instrumental in the arrest of the robbers, the chief and Officer Dawson fell upon a surprise while at the home of the supposed holder of the watch. While in the girl's presence the officers noticed several little happenings that were somewhat of a suspicious order and before leaving searched the house. Snugly laid away in a closet the officers discovered a large bag filled with newly appearing dry goods. They at once concluded that the goods were there as the result of shoplifting and accused the girl of being the thief.

She denied the theft strongly at first, but later acknowledged her guilt. The officers did not place her under arrest and will not do so unless the proprietor of the store from which the goods were stolen prefers a charge against her. The proprietor was notified of the discovery.

GREER WAS ARRESTED

Denies That He Intended to Steal Rinehart's Rig, But Is Now in Jail.

George Greer, who hired a horse from Liveryman John Rinehart and drove it to Pennsylvania, was arrested in Sharon, Pa., by Constable Gill and landed in the city jail here last night. Greer claims he did not intend to steal the rig. He was at a Sharon hotel registered as R. E. Rice. Greer said Rice was the name of a man who had robbed him. He said he had met Rice in a bar room at Youngstown. The two began drinking together and Greer claims he was given a drug. He had fallen asleep and on awakening found his grips and \$64 in money gone.

Liveryman Rinehart identified Greer as the man who hired the rig. "Squire McCarron, who issued the warrant for Greer's arrest, states that he is not certain when the man will be given a hearing, and further states that he is doubtful as to his guilt, thinking that he will likely be able to furnish proof that his landing in Sharon was due to losing his way when he really intended going to Lisbon."

RAVED IN HIS CELL

Salem Negro Acted Like a Mad Man And Will Go to an Asylum.

Lisbon, September 25.—(Special.)—Daniel Thomas, of Salem, will be taken from the county jail to the Massillon asylum just as soon as the authorities will admit him. Throughout yesterday he was perfectly sane, but last evening his malady returned, and all night long he raved in a cell in the jail, tearing every article of clothing from his body. He had a decided tendency toward suicide, and the deputies kept a close guard upon him.

Mrs. Thomas stated that several weeks ago he was called to South Carolina, where his father and mother were seriously ill, and since his return she has noticed that his mind has been unbalanced.

MINISTERS TO TALK OF BEAL LAW ELECTION

It is within the range of probability that an election will be held in this city and Wellsville under the Beal law. Petitions asking for this favor may be presented to the councils of the two cities in a very short time.

At Wellsville next Monday morning a joint meeting of the East Liverpool and Wellsville Ministerial association will be held, at which time the question of whether an election shall be held under the Beal law will be discussed. Other important matters are also to be talked over.

Dr. J. C. Taggart, of the First Presbyterian church, a member of the association, stated this afternoon that the above matter was to be talked over, but nothing definite could be given out at this time. A petition signed by 40 per cent of the voters at the last election, when presented to the council asking for an election, is sufficient cause for an election to be held under this law. The election must be held not sooner than 20 days after the petition is presented to the council and not later than 30 days.

WITH THE WORKMEN IN THE CLAY PLANTS

TRENTON POTTERY NEWS.

(Special Correspondence.)

Trenton, N. J., Sept. 25.—There is a likelihood that the monument to the late Hart Brewer, the pioneer potter, will be erected in some public square in this city. The original plan for placing the monument in the family plot in Riverview cemetery has met with objection, because of the distance of the cemetery from the city. The monument committee has in the neighborhood of \$1,000 and contributions are being received daily. At a recent meeting of the Jiggermen and Dishmakers' local, Knights of Labor, \$25 was contributed toward the fund.

The Central Labor union has arranged for a ball which will be held October 26 in Turner hall for the benefit of the striking miners.

In those potteries still using anthracite coal a high price is being paid for a very poor quality. It is rumored that if the coal strike is not settled soon, some of them will have to be shut down. At the Greenwood pottery, the firm is experimenting with soft coal.

The results of the first drawings from the kilns of the new Elite pottery is satisfactory, the ware being of a fine quality. Ground has been broken for the erection of several new kilns.

The Pennsylvania Railroad company is building a siding 170 feet long, extending from its East Trenton cut-off to the Elite pottery, which will greatly facilitate shipping.

Barly Hiram, a well known Trenton jiggerman who has been working in East Liverpool, is spending his vacation in this city.

Howard Moses, treasurer of the Glasgow Pottery company, who has been suffering from nervous troubles, brought on by overwork, is slowly improving. Mr. Moses has been busy looking after the company's business in New York and in keeping in touch with the affairs of the local pottery.

SHOP RUNNING WELL.

Since the Knowles, Taylor & Knowles company placed its new addition in operation last Monday, everything has been running as well as could be expected. Not a hitch has occurred, and practically every bench at the new shop is now occupied. There are one or two men working in this shop who have not been employed in a pottery for several years, having been engaged in other employment. The following is a complete list of the employees of this new shop: Saucer Jigger, John Reark; 5 and 6 inch jigger, Charles Johnson; big jigger, Mike Lynch; plate jigger, Harvey Thompson; cup jigger, Jess Colclough; turners, Charles Pippin and Guard Pickal;

handler, James Beardmore; pressers, Harry Wurzel, George Emmerling, Charles McBride, Joseph Webber, John O'Rourke, Joseph Duke, William Wilson, James Price and Blanchard McBride; dish makers, Charles Adams, Harry Wildblood, Edward Rezer; sticker-up, M. Foutts. The new shop is running full and will continue to do so.

EXPERIMENTS A SUCCESS.

For several months the National Pottery company in the East End has been experimenting upon the making of china, and so far the experiments have been successful in every particular. Samples of this china have been sent through the kilns, and may be seen in the private office of President Jefferson R. Warner. Some of these samples are very thin, and in many respects resemble the imported china ware. It has been intimated that the National, in a few months, will begin the manufacture of a full line of china novelties and general ware. The samples already made show that the company has made a body that is second to none, and when any of the samples are held up to the light one can almost see through them. That the firm will make a success of its new venture is unquestioned. It is not likely that the company will place any of the new ware on the market before the spring trade.

TO EQUALIZE MATTERS.

The special committee appointed at a recent meeting of Printers and Transferers' local No. 32 to arrange a scale whereby all members of a printer's crew would earn an equal division of the wages received by the printer is hard at work at their task, and it is expected that a partial report will be made at the next session, on Monday evening. Several plans are now being worked out, and among these is a proposition which is known as the kilnmen's system. It is proposed that \$6 worth of work to constitute the basis upon which the settlement shall be made, the same to be divided as follows: Printers, \$3; transferers, \$1.50; rubbers, \$1, and cutters, 50c. This is to be considered a day and the proper division of the amount stated. Should the net earnings of the press be \$12, the amount earned by each person can be ascertained by multiplying the figures by two.

A FEW BUYERS IN TOWN.

If the local potteries are not cleared of all their old odds and ends, during the next few days it will not be the fault of several buyers who are now in the city. One of these buyers whose name is Wolf Nadler, of 65 Chrystie

street, New York, proposes to take 12 car loads out of the district if that much ware can be secured. Of course the price must be just so, and the usual question asked the manufacturer when the buyer first enters the office is, "Have you any job lots?" There is also another buyer in the city from New York who is also looking for "odds and ends." His stay in this city will last for several days. Frequently a manufacturer is glad to see these sort of buyers come to the city, for a chance is presented to the manufacturer to clean his warehouse of all undesirable ware.

ADJUSTED A DISPUTE.

President Hughes, of the Brotherhood of Operative Potters, has returned home from New Castle, where he went Monday to adjust a difference at the Shenango pottery. This dispute was in the kiln department, and the matters were settled satisfactorily to all concerned. It is announced that a strike was threatened at this shop, owing to the dispute.

THE LECTURE COURSE

A Fine List of Attractions Booked for the Coming Months in This City.

Within the past few days all arrangements for the fifth annual high school lecture course have been completed. From the numbers selected the course will be more entertaining this season than during any past season. The course was arranged by the Brockway Lyceum bureau, of Pittsburgh, and as there are very few open dates at the opera house, some of the numbers come rather close together. The course this season is the most expensive one ever given by the high school, and the best talent possible has been obtained. The following is the complete course:

October 16, Hon. George R. Wendling, of Washington, D. C., lecturer; subject, "The Imperial Book."

November 4, Slayton's Woman's orchestra.

December 12, Ernest Gamble company.

January 16, Maro, the magician.

February 3, Chicago Ladies' Glee club.

February 6, George Riddle and the Listeman Trio.

February 17, Thomas Dixon, Jr., lecturer.

March 12, Bostonia.

March 30, Mrs. Maude Ballington Booth; subject, "Lights and Shadows of Prison Life."

It has not been decided what will be the subject of the lecture of Mr. Dixon. The gentleman delivers two very interesting lectures, namely, "Backbone, the Foundation of Anglo-Saxon Character," and "Fools, or the School of Experience."

ENGINEERS' MEETING

An Interesting Session Last Night—Successful Candidates for Licenses.

The regular meeting of Calhoun association No. 41, stationary engineers, was held last evening, and the session was quite an interesting one. Engineers Connelly and Daniel Derringer gave interesting talks upon machinery, which were thoroughly enjoyed.

The association received information that at the last examination held in this city by Deputy District Examiner Elmer E. Miller, four applicants passed the examination. These were Fred J. Moncrief, chief fireman at the power house; Benjamin Toland, engineer at Laughlin No. 2, who formerly held a three years' license; Alfred Morris, and the night engineer at the ice plant. A class of 10 was examined last week.

TROOKE-HILL

Marriage Ceremony Performed at the Lutheran Parsonage Last Evening.

At the parsonage of St. John's Evangelical Lutheran church, at 8 o'clock, Rev. J. G. Reinartz pronounced the words which united the lives of Ulysses Hill, of Reading, Pa., and Miss Mary Elizabeth Trooke, of this city.

It had been intended to have the ceremony performed at the home of Mr. and Mrs. William Pöke, but owing to sickness in the family the plans were changed.

Mr. Hill, the groom, is a prominent business man of Reading, while the bride has been a resident of this city for some time, engaged as a professional nurse. The couple will make their home in Reading.

BIG EXCURSION TO SOUTHLAND

An Enjoyable Trip Through a Delightful Region Has Been Arranged.

HUNDREDS WILL TAKE TRIP

Among Them E. W. Hill, of This City. Will Leave Columbus October 4 in a Special Train as Guests of Southern Pacific Railway.

Columbus is to be the rendezvous on October 4 of one of the largest excursions that was ever run to the south and southwest. Elijah W. Hill, of this city, who, on that date, will start on an excursion through the south and southwest, which will continue for 10 days.

The excursion is that of the special land and immigration agents of the Southern Pacific railroad, of whom Mr. Hill is the Columbiana county representative. The party will leave Columbus in a special train at 2:30 p. m., on Saturday, October 4, for the interesting tour. The excursion is run by the Southern Pacific in order that its agents may become thoroughly familiar with the resources and opportunities offered by the south and southwest, especially Texas and Louisiana.

The special will consist of eight Pullman tourist sleeping cars, two Pullman dining cars and a baggage car, and will go from Columbus to Cincinnati, thence to Louisville and New Orleans, arriving at New Orleans Sunday evening about 7:30 o'clock. On Monday morning, west, via the Southern Pacific, stopping en route at Jennings, Crowley and Lake Charles, then to Houston and return, and then down to Van Vleet, then back to Wharton and down to Bay City; then to Victoria, and from there to Corpus Christi.

The quaint old town of San Antonio, now turned into one of the most metropolitan cities of the United States will be visited, there will also be many points of interest, historically, to visit at this place, such as the Old Alamo, where Davy Crockett and his followers were massacred by the Mexican general, Santa Anna, as also several of the famous old Indian missions built in the time of the early conquests of Old Mexico. The agents also have an opportunity of seeing a farm at San Antonio which is being rented for \$22.75 an acre cash, and the tenants making a snug little fortune out of it, besides a good living. From San Antonio the special returns to Houston, stopping en route at Eagle Lake.

Leaving Eagle Lake they will saunter along the road back into Houston, where they will be entertained by the company and also have an opportunity of seeing the great improvements and

developments now going on in that city.

Leaving Houston the special will take a northward shoot up into the Nacogdoches country, passing through what has just been discovered at Washington, to be the richest tobacco country yet discovered, the department making the very broad claim that this section of the country will produce the finest kind of tobacco and worth \$1.50 a pound. It has also been demonstrated to be an excellent fruit country, as well as a vegetable country, and destined to become very active and valuable.

From Nacogdoches they will again go south to Beaumont, a city which has done more to advertise Texas in the past two years than anything else which has happened in the past 40 years. Here they will visit the great oil fields, as well as having one of the famous gushers turned on for their special benefit.

The discovery of oil in such enormous quantities is proving a wonderful boom for all the southwest country. It has solved the most serious problem which has always confronted that country, i. e., secured a "cheap fuel" which makes it possible, as well as advantageous, for the locating of numerous and much needed manufacturing establishments in that country. From Beaumont the special will return to New Orleans and will arrive in Columbus October 16.

A POPULAR ORDER

WITH THE MEN IN CHARGE OF THE STREET CARS.

Passengers New Forbidden to Ride On the Platform While There Is Room Inside.

"Passengers are not permitted to ride on the platform, while there is room inside," is a notice that will be painted on the cars of the East Liverpool Railway company, and the work is to be started next Monday. A sentence may be added to the above to read like this: "Conductors are instructed to enforce this rule, under penalty of dismissal."

The new order recently issued by the company is one of the best. Several conductors who were seen this morning agree that they are enabled to do their work much better since the order was issued than before. One conductor is quoted as having said that many men like to stand on the rear platform just for the novelty of the thing. It frequently occurs that the back platform is crowded and many seats are vacant inside the car. "Upon more than one occasion accidents have been caused by the back platform being over-crowded," said a motorman this morning.

It used to be that from 12 to 15 men stood on the rear platform of the small green cars, when there was ample room inside, and whose combined weight, placing each man at 130 pounds, would almost be a ton. This is sufficient weight to lift the front wheels off the track, and in rounding a curve in such a manner it is an easy matter for a car to jump the track. An over-crowded platform caused a car operated by John Whan about a year ago to almost go over the river bank, and other numerous accidents could be recalled just on account of this. But the people who delight to ride on the platforms never think of these things.

Many conductors have advised the management of the road that they are glad the order has been issued, and claim that the only trouble was that the order was much belated.

RALLY DAY SERVICE

Interesting Program Arranged for the Exercises at the Second Presbyterian Church.

An interesting program has been prepared for the Rally Day service to be held at the Second Presbyterian church Sunday morning, taking the place of the regular morning service. This service is held once a year, and the program arranged this year is one of the best presented. It follows:

Putting On Safety Fenders.

Work was commenced this morning placing fenders on all cars of the East

That Gold Spoon.

There are some men who seem to be favorites of fortune. They are industrious, cheerful workers, full of overflowing of the energy of splendid health, and success seems fairly to drop into their hands. It is of such as these that

splendid health, the endowment of a healthy mother.

Dr. Pierce's Favorite Prescription gives the mother health to give her child. It cures nervousness, nausea and sleeplessness. It makes the body comfortable and the mind content. It gives physical vigor and muscular elasticity so that the baby's advent is practically painless.

I will endeavor to tell you of the many benefits I have derived from taking Dr. Pierce's Favorite Prescription," writes Mrs. B. E. Robertson, of Medicine Lodge, Barber Co., Kans. "In the fall of 1899 I was expecting to become a mother and suffered terribly with pains in the back of head; in fact I ached all over. Suffered with awful bearing-down pains; I was threatened with weeks with mishap. A lady friend told me to use Dr. Pierce's medicine. She had taken them and felt like a new woman. I began using the 'Favorite Prescription' and took four bottles before my baby came and two afterwards. I suffered almost death with my other two children, but hardly realized that I was sick when this baby was born and she weighed twelve and one-quarter pounds. She is now eleven months old and has never known an hour's sickness; at present she weighs thirty-seven pounds. I owe it all to Dr. Pierce's Favorite Prescription."

"Favorite Prescription" makes weak women strong, and sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

Liverpool railway. The work would have commenced earlier, but the inability of the company to secure much needed materials delayed. The company will make 57 fenders, and two will be placed on each car operated on the road. It is thought that if the materials needed arrive in a few days, all cars will be equipped in three weeks. The fenders are being made at the power house by Engineer Baxter, after plans prepared by Superintendent Thompson, of the United Power company.

Gone to Carrollton.

Harry Baxter, night engineer of the United Power company, has left for Carrollton, where he will spend a two weeks' vacation. He was accompanied by Harry Parmalee, of Dalton, Ga., who many years ago was an engineer employed by the old Cleveland & Pittsburgh railroad. While Mr. Parmalee was engineer, R. C. Baxter, father of Harry Baxter, was his fireman. Both gentlemen are now spending a few days at Carrollton. Mr. Parmalee owns the largest hardware store at Dalton, Ga., and is known to many of the older residents of this city.

Will Institute New Circle.

Alexander Myler, of Calhoun's addition, who fell in the opera house last week, while attending the lecture of Mr. Evans, of Sharon, Pa., and severely injured his knee, is recovering, and will be able to be out in a few days. Just as soon as he is able Mr. Myler will go to Calcutta, where he will institute a new Protected Home Circle lodge.

Coming Foot Ball Game.

An interesting foot ball game is expected to be played at Columbian park in a few weeks. Arrangements are now being made to have a game between the East End Royal Tigers and the New Cumberland team, which is under the management of John Godwin, the well known base ball player. No dates have been announced, but the game is sure to be played.

Will Open a Store.

Edward McKinnon, who has been ill for some time with locomotor ataxia, is slowly recovering and he in a short time will open a store in the East End for the sale of potters' supplies. Work upon the excavating for the foundation was begun this morning.

EAST END AFFAIRS.

Mike Kerr, of Pennsylvania avenue, was in Beaver today attending the fair.

A well attended dance was given in the Larkins & Ferguson building last evening by the Philos club of the East End.

Mary, the young daughter of Mr. and Mrs. Albert Fisher, of High street, who has been ill with scarlet fever, is recovering.

John Lackey, of Chaffinville, who has been spending a few days at Louisa, Ky., visiting friends, has returned to the East End.

Joseph Laughlin, of Beaver, is spending a few days in the East End visiting his daughter, Mrs. William A. Andrews, of First avenue.

Mrs. Archie Searight and daughter.

Dr. Miles Medical Co., Elkhart, Ind.

Mrs. Pearl Martin, left this morning for Pittsburg, where they will remain a few days' visiting friends.

A son has been born to Mr. and Mrs. James Robinett, of Erie street.

Mrs. J. C. Thompson and daughter, Miss Millicent, spent the day in Pittsburg.

THE NEWS OF CHAFINVILLE.

Solomon Frazier has returned to the district from Normal, Ky.

Martin Lovett has arrived in Chaffinville from Ravenswood, W. Va.

J. L. Walton, of Marietta, is the latest arrival in this part of the East End. He will engage in the plumbing business.

Deputy Sheriff Davidson, of Lisbon, was in Chaffinville yesterday morning and served about 20 subpoenas in that part of the city. Nearly all those summoned are to appear at Lisbon next Wednesday.

The household goods of H. J. Markle arrived in the East End yesterday from near Parkersburg. Mr. Markle will engage in business in the East End and is now arranging to build himself a residence.

Three months ago Miss Alice Boalt, a young girl, came to Chaffinville from Marly, Ky., and a few days later secured a position in one of the East End potteries. In that time she saved \$50 in one of the local banks, besides purchasing some clothing and paying her board every week. She now proposes to take a trip to her old home and, if possible, induce other girls to come to this city and secure em-

HEALTHY CHILDREN.

What children need is a pure strengthening tonic, and there is nothing so good for them as BLOOD WINE, which is pleasant to the taste and perfectly safe. Mrs. Sam Fanning, 226 Hall Street, Fall River, Mass., writes: "I cannot say enough in praise of your BLOOD WINE. I was very weak and suffered from fearful back-aches after my last baby was born. I was told that BLOOD WINE was strengthening, and I bought a bottle. It braced me up wonderfully, and I was so pleased with its results that I bought six bottles, and have given it to my four little children. It keeps them healthy, and I consider it the finest medicine I ever had in the house. I enclose you a photograph of my babies, that you may see how healthy they look."

"What we really need in this country," says President Roosevelt, "is to treat the tariff as a business proposition and not from the standpoint of the temporary needs of any political party. It surely ought not to be necessary to dwell upon the extreme unwisdom from a business standpoint, from the standpoint of national prosperity, of violent and radical changes amounting to the direct upsetting of tariff policies at intervals of every few years. A nation like ours can adjust its business after a fashion to any kind of a tariff. But neither our nation nor any other can stand the ruinous policy of readjusting its business to radical changes in the tariff at short intervals. This is more true now than ever it was before, for, owing to the immense extent and variety of our products, the tariff schedules of today carry rates of duty on more than 4,000 articles." The problem of revision is bound to come up sooner or later; but, as the president says, we should be able to readjust our economic policy with as little friction as possible. It is of prime importance that the readjustment be performed by the friends of protection and not by its enemies. This is the issue involved in the present congressional campaign, and it will be so decided that free trade theorists might as well save the breath wasted in their arguments for a "change." A change in existing prosperous conditions are not desired by the intelligent workmen of the country. The tariff will be treated as a business proposition, and business interests will not suffer or the currents of trade be disturbed, for another two years at least, when a Republican congress is chosen this fall. That assurance is worth millions to the business world of America.

County Infirmary Director W. A. Tarr says he sees no reason why he should get off the ticket. Mr. Tarr must be very obtuse not to see a reason which is plain to every one else. After his drunken escapades of a few months ago he should have been unceremoniously dismissed from office. But as his term was nearing an end he was allowed to continue, and he is still drawing his salary. The natural supposition was, when his own foolishness got him into trouble and into jail, that he would not have the brazen effrontery to ask or expect the people to support him at the polls for another term. It appears, however, that he cannot be shamed into following that course. But the people will attend to his retirement, if he does not. Com-

petent and sober men are not so scarce in Columbiana county that a drunken incompetent must be maintained in any office, and especially in an office the duties of which are to look after the unfortunate poor. As far as the News Review is concerned, Tarr's name is not on the ticket and has not been since the exposure of his disgraceful misdeeds. Other prominent Republican papers dropped him from the ticket at the same time. This ought to be a plain enough intimation to the Republican executive committee of what the Republican press considers the duty of that body. Prompt action is now required, if the name of a man who deserves and probably will meet with defeat is not to be kept on the ticket.

The chairman of the rivers and harbors committee, Hon. Thomas E. Burton, is quoted as saying: "It is desirable for those who wish liberal appropriations for Ohio river and its tributary improvements to stimulate public opinion favorable to river and harbor appropriations." From the present general awakening on the subject there is every prospect that those interested will not be at all backward about stating what they want. Meantime, is East Liverpool to remain silent? The convention of river improvement champions is to be held at Parkersburg November 11 and 12. It is certainly time this city were taking steps to see that it is represented there by some of its leading citizens, armed with facts and figures to demonstrate that the Crockery City of America needs a navigable river and will contribute an important and ever-increasing tonnage as soon as through boats are started.

The new order of East Liverpool Street Railway company forbidding passengers to ride on the rear platform when there is room inside is plainly in the interests of the patrons of the road and calculated to add to their safety. It should be rigidly enforced and passengers ought not to murmur.

Some of the newspapers are wondering how the city of Cleveland gets along while Tom Johnson is out on the road with his circus. But there are a lot of people in the Forest city who could spare him indefinitely.

It is reported that J. P. Morgan is opposed to President Roosevelt for a second term. Good! His opposition will be worth carloads of campaign documents to the Republicans.

OBITUARY

Miss Rebecca J. Lee.

Salem, Sept. 25.—Miss Rebecca J. Lee, aged 79, a resident of this city since 1840, died Tuesday night of paralysis. She was a daughter of Josiah and Hannah G. Lee. For many years she was a teacher in the schools of Salem and Lisbon. She was successful as a teacher, and under the direction of Friends she went south and taught schools for colored children at Memphis, Tenn., and Pocahontas, Va. Returning to this city she took up telegraphy, and had charge of the first up-town telegraph office instituted in Salem.

JAIL IS CROWDED

Cots And Bunks of All Kinds Are Called Into Service at Night.

Lisbon, September 25.—(Special).—Sheriff Leonard now has in his charge 28 prisoners, a larger number than at any previous time for years. Part of the inmates of the jail have to sleep on cots and the institution is becoming so crowded that the sheriff is in a dilemma as to what he will do next. In the eight months which he has been sheriff, there have been 127 prisoners under his charge.

This is a record breaker in the line of crime. The cases are all awaiting the action of next week's grand jury, which promises to be one of the largest for several terms.

BUSY BOTH WAYS

CONSTABLE NOT LONESOME ON HIS LISBON TRIP.

Powell Took One Prisoner to Lisbon And Brought Back Another.

Constable Powell killed two birds with one stone yesterday when he made a trip to Lisbon. Accompanying him there was John Rauch, who pleaded guilty to a charge of non-support preferred by his wife, and who was sentenced to the county jail to await the action of the common pleas court. The constable's return trip was devoid of lonesomeness, owing to the companionship of Fred Millward, charged in "Squire McLane's" court with being guilty of a like offense.

Millward was arraigned before the 'squire last evening and pleaded guilty to the charge. He furnished a bond of \$500 for his appearance before common pleas court.

The wife of Millward had the warrant issued for his arrest several days ago. She claimed that he had failed to support their three minor children for many months past and that she has had a very hard time sustaining them. He was arrested while at work in a Lisbon pottery and gave the constable no trouble.

AT THE THEATER

Charles H. Yale and Sidney Ellis' "The Evil Eye" which appears at the Grand next Monday night is better than ever.

Richard T. Brown, the king of entertainers, is one of the newest and other new ones are Josie Sisson, the Phases Troupe of sixteen young and pretty maidens, The Troubadour Four and those two great little people, The Kennedy Brothers as "Nid and Nod."

Then here is an old new one, Armstrong's famous Electric Ballet, augmented and increased to 5,000 lights. There are many others but "newness" being our motto, we do not wish to make our other surprises stale by mentioning them.

Jolly Harry Jenkins, supported by Austin T. Blair's Big Stock company, in "Dear Hearts of Ireland," presented at the Grand opera house last evening made a great hit. Mr. Jenkins as Barney Flinn and Miss Leona Leslie as Mona were highly appreciated by

BEAUTIFUL CEREMONY

MADE MISS AGNES WELSH AND DENNIS MCCARRON ONE.

Impressive Wedding of Popular Young People at St. Aloysius' Church.

The third beautiful wedding at St. Aloysius' church during the past eight days occurred this morning at 8:30 o'clock when Miss Agnes Welsh and Dennis N. McCarron, both popular and highly esteemed young people of the city, met at the brilliantly illuminated altar and took the hymenal vows.

Accompanied by Miss Anna Haley, bridesmaid, and Edward McCarron, best man, the bridal couple alighted from a carriage drawn by two magnificent white horses at the steps of the church, and to the favorite wedding march of Mendelssohn made their way up the center aisle, which was strewn with white embroidery, to the altar.

There, while soft strains of music were filling the edifice, Rev. Father Thomas M. Smyth pronounced the words that forever unite the lives of the happy couple. At the conclusion of this service Rev. Father T. J. Mahan conducted the usual following ceremony in a most pleasing and impressive manner. The complete service being ended, the bridal party repaired to the waiting carriage and were driven to the home of the bride, where with immediate friends of both a choice breakfast was enjoyed.

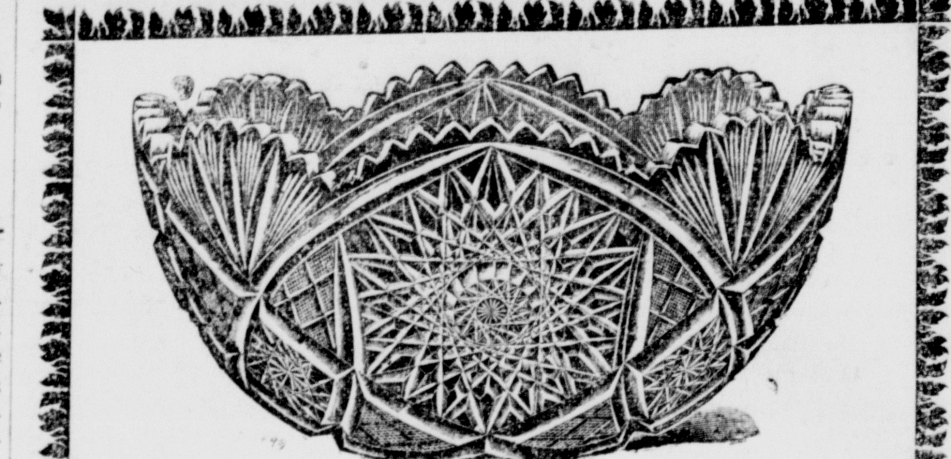

On the noon train the couple left for Niles and Youngstown, where they will spend their honeymoon, returning to the city in a few days to make their home.

Mrs. McCarron is a daughter of Mr. and Mrs. Albert Welsh, of Greasely street, and a young lady of accomplishments. She has many friends in the city who wish her a life of happiness. Mr. McCarron has been a resident of the city since his birth and bears an enviable reputation. He is a favorite among his associates and a straightforward young man.

Street Railway Officials Deny That Wellsville Franchise Is Not Lived Up To.

Although it is stated that cars have been operated to the Clark avenue extension at Wellsville, by the East Liverpool Railway company, and in the face of the fact that certain city officials of Wellsville have also been told of how work on a street railway is done, it appears, according to a statement by a street railway official, that City Solicitor Boyd is bent upon getting an injunction against the company. The street railway is doing the same repair work in Wellsville that has just been completed in this city, and no remonstrance was filed here. Why Wellsville takes exceptions to the company improving its property is more than the street railway management can understand. For many weeks the company has

had three crews of men at work repairing the tracks in East Liverpool, the first crew connecting the bond wires, the second crew raising the rail joints, and the third crew relaying the bricks. As a matter of fact, the pavers were a day or so behind the crew which was raising the joints, but the company claims no time was lost in having the streets placed in their former condition, as far as the paving at the joints was concerned. The company claims to be carrying out the provisions of its franchise at Wellsville and regards the action of City Solicitor Boyd as rather hasty.

Supt. Healy held a conference with Mayor Fogo and City Solicitor Boyd this morning, and as a result a special meeting of council has been called for tonight. Supt. Healy stated that he will conform with the statutes of the franchise in every particular.

Appealed to Common Pleas.

Lisbon, September 25.—(Special).—Otto Ladzinski, of East Liverpool, appealed a case to court here this morning in which judgment was rendered against him in an East Liverpool court for \$10. The judgment is in favor of Edith Martin, who claimed the amount was due her by reason of being bitten by a dog owned by the defendant.

the county Republican executive committee does not permit his name to go before the voters and places some one else on the ticket, the man who succeeds to the position will take his seat on the second Monday in January.

A large number of prominent Republicans have been approached with reference to the matter and all agree that, in the light of Tarr's recent actions he has no right to ask the committee to consider his candidacy. They argue that it would be bad for the party, and were he to remain upon the ticket would undoubtedly be defeated. The Democratic candidate, J. J. Dickey, of Negley, has already entered the fight and is making a systematic canvass.

WELLSVILLE DELAY MUST ENSUE

WELLSVILLE WATER WORKS IMPROVEMENT MUST STOP.

Government Surveys Must Be Made Before Test Wells Can Be Put Down.

Through a communication received yesterday by Superintendent of Water Works William Perkins, the prospect for the new water works system being put in the coming winter has received a severe knock in the head. The communication reads as follows:

"Pittsburg, Sept. 23.

"Dear Sir—We enclose you herewith copies of letters received from the Cincinnati and Wheeling offices of the United States corps of engineers. Referring to letter received from Cincinnati office, you will note that the chances are our work is going to be held up for some time unless some influence can be brought to bear with the war department. We would suggest that you bring this letter to the attention of City Solicitor Boyd, and ask him if he does not think it will be advisable to take this matter up with Congressman Taylor, who represents your district, and see if he cannot do something with the war department in order to hurry matters along. If Mr. Boyd thinks it advisable we will also take the matter up with Congressman Taylor. We will, however, take no action in the matter until we are advised by City Solicitor Boyd.

"We would also suggest that if any other influence can be brought to bear that it will be done at once. We think you can appreciate that until this matter of the location of the government dam is definitely settled that it would be foolish to attempt to go ahead with the work. You are aware that we have all of the necessary information to proceed with the work as soon as this question is settled, and wish you to see that Mr. Boyd gives this matter immediate attention, advising us fully what you propose to do, so that we can take the matter up along the line suggested by him, and by working together we hope that we can get a decision from the war department at an early date. Yours truly,

"ROBERT W. HUNT & CO."

The Cincinnati and Wheeling communications mentioned in Hunt & Co.'s letter follow:

"Cincinnati, O., Sept. 23.

"Messrs. Robert W. Hunt & Co., Pittsburg, Pa.

"Sirs—Replying to your letter of the 19th inst, the final determination of site for dam No. 8 was quite near Kuntz bar, and it will be impossible at this time to anticipate the final result of the work now in hand as indicated above. The location of Kuntz bar is shown on maps filed at this office, which you are at liberty to examine, if you so desire.

"Very respectfully,

G. L. LYDECKER,

"Colonel Corps of Engineers, U. S. A. "By direction and in his absence, per R. R. Jones, chief assistant engineer."

"Wheeling, W. Va. Sept. 15.

"Robert W. Hunt & Co., Chicago, Ill. "Gentlemen—Your letter of September 13 on the subject of the map of the Ohio river is received. I find that I have nothing on file that would serve your purpose. We are making a survey above Wellsville, but have not advanced far enough to give you the information you need. I think, however, that you need not be uneasy for fear that the river will rise before you have an opportunity to make a survey which you will require. Probably, until the middle of November, the water will be low enough for any survey purposes. Truly yours,

"W. E. CREIGHILL,

"Captain Corps of Engineers."

Mr. Boyd has not as yet decided what he will do in the matter.

THE OLD RELIABLE

ROYAL

BAKING POWDER

Absolutely Pure

THERE IS NO SUBSTITUTE

Solicitor Boyd has made the following statement relative to the communications: "I have not yet thought the matter over much, but I believe that the water works trustees ought to take up the matter with the government officials. The pumps at the old pumping station are at present taxed beyond their capacity and are liable to give out any day and leave the city without any water supply whatever. Something ought to be done and done promptly. It is indeed a serious circumstance."

AS PARK ORNAMENTS

A Wellsville Councilman Suggests a Use for the Cannons in the City.

A suggestion was recently made to one of the Wellsville councilmen, and it was considered by him a good one, that the two mounted cannons which now adorn two of the corners in the public square, together with several cannon balls and the two unmounted cannons which are now lying on railroad property at Front and Fourth streets, be removed to the Broadway park and the latter guns mounted suitably.

This would make the public square seem much larger and would avoid its present crowded appearance. The cannon would show off to a much better advantage in the park and would also add much to the appearance of the park.

Broadway park at present presents more of the appearance of an old time village green, and all of the small boys in the neighborhood seem to treat it as such, and play base ball and other games upon it, utterly regardless of the existing ordinance which classifies such an act as a misdemeanor and the violator of the ordinance liable to a fine. If the place was fixed up in a decent shape, the cannons placed and flowers planted it would look more like a park. The small boys would probably then be a little more careful.

This matter was brought up in council once before, but no action was taken. It may be brought up again at the next meeting.

A COUPLING BROKE

And a Heavily Loaded Car Dashed Down Grade, Striking a Building.

A bad accident was caused yesterday afternoon by pony engine No. 616 which was switching cars in the vicinity of the Carroll-Porter Boiler works. The engine was engaged in bringing two freight cars, both loaded heavily, with sheet iron tanks, away from the boiler works on an upgrade. A coupling on the car nearest the engine broke loose after the car had been taken half way up the grade, and at once started back down, gaining speed over each yard traveled, they finally crashed into the side of the buildings and then came to an abrupt halt.

The side of the building was seriously damaged and the two cars partially demolished. Luckily no one was hurt, one of the brakemen having jumped off one of the cars shortly before the coupling broke. The damage done will probably sum up to \$100.

CASE OF SMALLPOX

Health Officer Notified of One in Wellsville—No Uneasiness Felt.

There is a mild case of smallpox in Wellsville. No alarm is felt and there is no danger of the disease spreading, as the authorities have quarantined the house and are taking every precaution.

The patient is the wife of John Gamble, and Dr. J. L. Robinson reported the case to Dr. M. C. Tarr, the health officer, yesterday. How the disease was contracted has not been learned.

Unclaimed Letters.

The following letters remain unclaimed in the postoffice in this city for the week ending September 22, 1902: Jack Bruidley, Mrs. George Canady, Bert Carpenters (2), William W. Carey, Patrick Carrell, H. H. Corcoran, Mrs. Thomas Herron, Joseph

Henderson, Mrs. Charles Hill, C. N. Holland, William Jarvis, Jess Johnson, Charles Johnson, Charles Marshall, Mrs. George Marshall, Mrs. W. C. Parsons, Mrs. Frances Pears, Nen Shaffer, Granville Stauffield, Henning Sandberg, E. W. Sealey, Martha Stewart, Frank Stewart, Mrs. Susie Young.

CLARK-LOWRIE

Young Couple Wedded Today And Will Reside in Allegheny.

At the home of the bride's parents, Mr. and Mrs. George M. Clark, of Highland Heights at 1:30 today, Miss Agnes Baxter Clark and Mr. Howard Mark Lowrie, were united in marriage. Rev. W. C. Prewitt, of the Christian church, performed the ceremony.

The young couple left on the afternoon train for an eastern trip.

The groom is a son of Mrs. Minnie Lowrie, of Main street, this city. He is employed at the Hemphill-McIntosh works at Pittsburg. The couple will reside in Allegheny.

Two New Houses.

The foundation for the new residence to be erected by James McKinnon, superintendent of the East Liverpool & Rock Springs street railway, was to be started today. The residence will be erected on Carolina avenue. Motorman Jacob Allison will also erect a fine residence on the lot adjoining Mr. McKinnon's.

To Be Drilled In.

The well on the William H. Kinney farm, owned by the Line Island Gas company, was expected to be drilled in today. This is the company in which Frank Chapman, of St. Mary's, W. Va., is interested, and who is well known in this city, having been in the grocery business here for a number of years.

House-Evans.

David Evans, of Chester, and Miss Bertha House, of Salineville, were married last evening by Rev. Clark Crawford, assisted by Rev. H. M. Carahan, at the First M. E. parsonage. Mr. and Mrs. Evans will make their home in Chester, after a trip to Canada.

Street Work Delayed.

The street improvements in Chester were delayed today for the first time since Contractor Freshwater began work. The rain of last night made the earth too soft for the men to work.

Mrs. Samuel Bloom, who has been visiting in Cleveland, returned to Chester last night.

John Stevens left Thursday morning for Hammondsville where he will spend a week hunting.

PASTOR'S TWO STUDIES

Got a Couple Waiting to Be Married Sadly Mixed in Their Dates.

Rev. C. G. Jordan, pastor of the First Presbyterian church, has two studies, one at the home of George Heiser, Sixth street, and another at the church. In itself, this bit of information is not especially interesting. But the fact gave considerable anxiety to the minds of Bernie Myers and Miss Retta Parks, colored residents of this city. They secured a marriage license and then went to Rev. Mr. Jordan to make arrangements for the tying of the nuptial knot.

The pastor said that he would meet them in his study Wednesday evening. The happy couple, blissfully ignorant of the two studies, came promptly to the church. Mr. Jordan had not yet appeared there, and as the minutes were ticked off the couple became very uneasy. They finally learned of study No. 2 and at once sent word to the minister, who finally appeared. In due time the ceremony was performed and the couple made happy.

M'DADE SET FREE

LAW COULD NOT HOLD THE ALLEGED SWINDLER.

He Says He Intended to Give Lessons And Promising to Pay Mrs. Portman's \$5.00.

M. C. McDade, the young one armed man, accused of swindling by Mr. and Mrs. William Portman, of Jethro Hollow, was given a hearing this morning by Mayor Davidson. After the mayor had well considered the case, McDade was released and immediately made preparations to leave the city.

That the man was released was due to a decision made by Prosecuting Attorney Brookes upon the solicitation of the mayor. Every phase of the case was submitted to the prosecutor and he held that, inasmuch as McDade had represented to Mr. and Mrs. Portman that he would give their boy lessons and that he received the money in advance, and, as he states that he did mean to carry out his part of the contract, he could hardly be held liable.

McDade, at the hearing, denied the accusation that he got the \$5 and intended to render his services, but, getting drunk, he was incapacitated to do so. He explained signing a fictitious name to the receipt by stating that he was afraid he might get involved in a difficulty, of what kind he did not mention, and did not want his benefactors to recognize his name.

Before being released he stated that he was going directly to New Castle and having friends there will obtain the money and will return the amount given him by Mrs. Portman.

TOMORROW'S GAME

Between East Liverpool And Rochester Promises to Be a Fast And Good One.

The weather permitting, the best game of baseball played in this city this season will be witnessed in the West End park tomorrow afternoon when the local team goes against Rochester.

Manager Walsh has taken much pains in securing a lineup that will insure a victory, and as can be seen by the names of those chosen by him he has an aggregation hard to beat. The lineup follows: Needham or Emmerling, catcher; Maley, Lindsay or Winters, pitchers; Heckathorn, 1b; Wedd, 2b; Godwin, ss; Davis, 3b; Rising, lf; Reark, c; Riley, rf.

Needham is one of the fastest men behind the bat that has ever played in this city. During this season he filled that post admirably for the Wheeling team and made for himself quite a record. Lindsay is a twirler of more than local note. His home is at Canton and he just last week finished the season with a New York State league. He is capable of giving any old team more than they bargain for.

It is the hope of all the local fans that the weather will clear up in time for the game. The largest crowd of the season is expected to be present and they will certainly not be disappointed in their anticipation of a good game.

viding that councilmen in cities of 5,000 shall not receive more than \$100 per year, and in cities having a greater population \$5 per thousand and may be added as compensation, but the maximum salary shall not exceed \$1,200 per annum.

Senator Wirt introduced a bill to correct a flaw in the mechanic's lien law passed last winter. The Harrison bill giving boards of education control of school libraries was passed. Senator Thompson attempted to have the committee of the whole relieved of his arc light bill, but failed. It seems certain that the Jones act doing away with arc lights at railroad crossings will remain on the statute books.

Anticipating that the house committee would be ready to report, Speaker McKinnon wired house members to come to the state capital at once in order to be on hand, in case a vote should be taken on the acceptance or rejection of the report. But it is not likely now that it will be ready for submission before today.

Representative Crist, of Columbiana, says that the school code will be reported favorably by the school committee.

Senator Hanna came here Wednesday evening to address the national meeting of insurance men now in session here. He was accompanied by John J. Sullivan, of Warren, who is United States district attorney, at Cleveland. Mr. Sullivan will speak with the senator during the campaign.

He may accompany Hanna to East Liverpool, where he is well known, having visited the city frequently. The Democrats of the Eighteenth district have made no requests for speakers at Democratic headquarters yet. The committee has been informed that James A. Rice, of Canton, will make a large number of speeches in the district. He will also fill a few dates elsewhere. John C. Welty, of Canton, a gubernatorial possibility, has been invited to take part in the campaign.

The state board of agriculture has selected the speakers and places for the farmer's institutes, to be held this winter. The dates for the meetings and the assignment of speakers will be arranged by the secretary of the board later. The Columbiana institutes will be held at Lisbon, New Waterford and Damascus.

Representative Buell came in from Salem Wednesday afternoon.

PRESIDENT IMPROVED

Physicians Expect Inflammation to Subside Soon, if Leg Is Rested.

CHEERFUL INVALID, SAID KNOX.

Mrs. Roosevelt Met Her Husband on the Arrival, at Washington, Wednesday Evening—Taken to Temporary White House.

Washington, Sept. 25.—Secretary Cortis at 9:20 o'clock last night, made the following statement concerning President Roosevelt's condition: "The president's physicians report that he stood the trip home very well and it is believed that the local inflammatory symptoms will subside in a week or 10 days, if the leg is kept absolutely at rest."

Attorney General Knox called during the evening and remained for some time. When he came downstairs he reported the president to be in splendid spirits. When not chatting with Mrs. Roosevelt the president was reading a book.

"He's the most cheerful invalid I ever saw," said the attorney general. President's Return Home.

Washington, Sept. 25.—President Roosevelt returned to Washington at half-past 6 o'clock last night, via the Pennsylvania railroad, from Indianapolis, where he was compelled to abandon his western trip because of an abscess on his leg, which developed as a result of the trolley accident at Pittsfield, Mass. He stood the journey from Indianapolis remarkably well, and when he was carried in a wheel chair from the railroad car to his carriage, he was in excellent spirits and appeared to be free from any pain. With Mrs. Roosevelt, who boarded the train at the depot, the president was driven directly to the temporary White House, on Jackson Place, where, according to the present arrangements, he will remain until the wound is healed and he is able again to be on his feet. The president was taken to his room on the second floor of the house and made comfortable and his wound dressed. Later he was reported to be resting easily and the expectation is that within 10 days the president will be himself again.

Telegram From Mrs. Roosevelt. The trip home from Indianapolis was an uneventful one. He remained in bed all day and executive business on the train practically was discontinued. Few letters or telegrams were written or received. A telegram was put on the train at Pittsburgh, from Mrs. Roosevelt, stating that she had left Oyster Bay for Washington. The president slept soundly all through the night until 8 o'clock yesterday morning. Even the noise in the depot at Pittsburgh, where the train remained in the early morning for about 20 minutes, failed to awaken him. When Dr. Lugt went to the president's stateroom shortly before 9 o'clock he found his patient in rare good humor and excellent physical condition, barring the wound on his leg. The slight fever which the president had Tuesday afternoon had disappeared and his temperature was normal.

The running time of the train was slow in order to reduce the jar and as few stops as possible were made. Whenever the train stopped crowds gathered about the president's car, but there was no cheering. All the people seemed anxious to secure the latest information regarding the president's condition, and the members of his party who stepped from the train were pelted with questions. Visit Northwest Next Spring. After dinner the president expressed a desire to see the members of his party and they went into his stateroom, a few at a time. In his talk with his callers the president made known his determination to visit the northwest next spring, when he will extend his trip as far as the coast, during which time he will visit all the states in which he intended to stop on the trip just ended.

FOR ROOSEVELT IN 1904.

New York Republican State Convention So Declared—Higgins Named on Ticket With Odell.

New York, Sept. 25.—The New York Republican state convention nominated the following ticket, yesterday:

For Governor—Benjamin B. Odell. For Lieutenant Governor—Frank W. Higgins. For Secretary of State—John O'Brien.

For Controller—Nathan L. Miller. For Treasurer—John G. Wickser. For Attorney General—H. B. Coman. For Engineer and Surveyor—Edward A. Bond.

For Judge, Court of Appeals—W. E. Werner. Sheldon withdrew as candidate for lieutenant governor, owing to the objections of Odell to his being a candidate.

The platform, in part, deeply deplored the death of President McKinley and then declared for the selection of President Roosevelt. The Roosevelt plank follows:

For Roosevelt in 1904. "We give to President Roosevelt and his administration our heartiest approval and most cordial support. We recognize the fidelity with which he has carried out the policies of his lamented predecessor and the rare capacity he has shown in meeting the new responsibilities of his great office. We look forward with confidence to his election to the presidency in 1904, and so far as this convention has the power we pledge thereto the earnest efforts of the Republican party of this state."

On protective tariff and trusts the platform said:

"The greatest national issue is the maintenance of prosperity. The pledge given by William McKinley of abundant work and good wages based on the passage of a protective tariff bill, has been fulfilled. The integrity of the protective principle must be preserved. That principle is required to maintain the highest scale of American wages and the supremacy of the American workshop."

Condemn Harmful Combines.

"While we would encourage business enterprises which have their object the extension of trade and upbuilding of our state, we condemn all combinations and monopolies in whatever form having for their purpose the destruction of competition in legitimate enterprise, the limitation of production in any field of labor, or the increase of cost to the consumer of the necessities of life, and we pledge the party to the support of such legislation as will suppress and prevent the organization of such illegal combinations."

Brain Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You may prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get the reliable remedy at Charles F. Craig's. Get Green's special almanac.

ANNOUNCEMENT TO INVESTORS

Mine La Motte Lead & Smelting Company owns 37,614 acres of ground located in Madison and St. Francois Counties, Southeastern Missouri. Of that total 13,544 ACRES ARE KNOWN TO BE HEAVILY MINERALIZED. Only 20 acres have been developed by underground workings, and about 67 acres have received attention on the surface.

The mines are producing today, under very limited operation, more than \$150,000 a year. The present management is now installing machinery and improvements that will swell this annual output to AT LEAST \$500,000. Present shafts and drifts place in sight ore enough to tax all available machinery for centuries. Eliminating from the calculation all revenue from agricultural, timbering and miscellaneous sources, the property will earn a sum ample to pay immense dividends annually on the capitalization.

Investment in such a proposition as this does not in any sense border upon speculation. Stock in this corporation is as carefully protected as a Government bond. Since it is offered to you at a figure considerably below par, you can be assured of several times the ordinary rate of income.

Mine La Mott has been for more than a century one of the most famous lead producers in the country. It is the only mine today producing and shipping Nickel and Cobalt regularly. Its "Anchor Brand" of Pig Lead has been the standard of the market for years.

The estate, mine and plant have been under private ownership and control until now. From this time forward the output of the property will be increased as rapidly as modern machinery and methods can be installed to do it. Present earnings assure annual dividends of at least 8 per cent on par, and inside of six months this will be doubled.

A small block of stock is herewith offered for sale at \$7.50 per share (par value \$10). The amount put out at this figure will be limited. Immediate investors can make good profit, both on income and on rise in value of stock.

A large number of representative Ohio investors have already made careful inspection of property and plant. We will place you in touch with them, or if you or any of your friends will undertake to defray all expense incident to same. We shall ask you to do no business with us unless you may be absolutely satisfied as to the safety, integrity and profit of this investment.

The dispatch means that Captain Pershing has been compelled to retreat to his base at Camp Vicars and that the Moro position is much stronger than was believed by army officers.

Why Does Your Head Ache?

Perhaps you don't care why your head aches, but would be much more interested to know what will cure it. Briefly, we will answer the question most vital to you—Wright's Celery Tea—and cure it to stay cured. Headache is caused from various derangements, but the one most common, especially at this season of the year, results from a disordered stomach, liver and bowels. To cure headache permanently then, it is evident that we must correct the wrong where wrong exists. Hence employ a remedy that will act on the stomach, liver and bowels and restore them to a healthy condition—cleanse them of all impurities, and quickly drive away the pain. That remedy is Wright's Celery Tea. At drug stores, 25c and 50c.

BRIGHT PROSPECT FOR THE VILLAGE

Hammondsville to Become the Center of Extensive Mining Operations.

LARGE TRACTS ARE LEASED

A Syndicate Making Tests With a View of Opening Extensive Mines—Partial Arrangements For a New Branch Railroad to the Mines.

Hammondsville apparently has a future brighter indeed than most villages of its population in this section. Always noted for its production of coal it has at last awakened a number of capitalists to the realization that more than the ordinary development of the black diamonds is possible.

Underlying the village and the land for hundreds of acres surrounding it is coal in great quantities. Until recently the coal has been mined on a rather small scale and at the present time the output could easily be tripled.

The location being practically in the heart of a great industrial field, which consumes millions of bushels of coal a year and which will cause an increasing demand every year to come, mining cannot help be an unlimited success. The C. & P. railroad runs through the village.

If a syndicate of men now interested in a project by which the mines will be operated to the fullest extent do not abandon the field it will be a common sight to see many carloads of coal leaving the field for northern points.

For several months the concern, with Oliver Roseberry, of New Cumberland, as engineer, has been laying plans for the development. Instead of working on the land in the immediate vicinity they have been testing the territory a few miles north, but the coal is of the same vein that underlies Hammondsville.

Yesterday a carload of the diamonds was shipped to Cleveland, where it will be tested by experts and also by members of some of the greatest of Cleveland manufacturing concerns. If the coal is of the quality that numerous people have claimed it, there can be no doubt as to the immediate development of the banks. With much concern the residents of the town are awaiting the answer of the Cleveland parties.

Arrangements have partially been made for the extending of tracks from the main line to the several bank openings that have been surveyed, and the hope of all is that the project will not fail.

George Davis, a man of mining experience, of Steubenville, is also in the vicinity with the object in view of securing as many acres as possible of the land. Up to date he has optioned several hundred acres of land at \$35 per acre. Just what the result will be to the locality if the land is developed as promised can hardly be estimated. It will, however, give employment to a thousand or more men at good living wages the year round.

Her Age is 102.

Bellaire, Sept. 25.—Mrs. Mary Okey, of this city, celebrated her 102d birthday lately. Mrs. Okey was born in St. Elizabeth, Canada, in 1799, and is the mother of 10 children, three of whom are living. She was married in Canada, and her daughter, Mrs. Lucille Jeffers, with whom she has lived since the death of her husband, 29 years ago, was born in St. Elizabeth.

Killed a Big Elk.

Salem, Sept. 25.—Charles Brooks and F. J. Mullins returned last night from a hunting trip of a month spent in the wilds of Northern Idaho. They were out with pack train and two guides and kept well away from civilization, their camp being located 80 miles from the nearest habitation. During the trip Mr. Mullins shot a 1100 pound elk.

A 200 BARREL WELL

One of the Features of Great Oil Excitement in Knoxville Vicinity.

Knoxville has a gusher after years of drilling into the sand thereabout. It is on the R. A. Warren farm and is claimed to be producing 200 barrels daily. It was drilled by the Allegheny Oil company, who seem to have struck the pool. The well was drilled into the sand last week when the rig burned down, but the well has been flowing ever since and making the above amount.

The company will erect another rig deeper and may increase its flow by drilling and shooting. One farm two miles away was leased for \$500 bonus. All the town lots in Knoxville will go up in a fortnight. The Allegheny Oil company is starting another rig on the Grimm farm. Fifty oil men were there Tuesday from Pittsburg, Sistersville and Mannington, looking for leases. The excitement runs high. Wm. Freudenberger got in on the ground floor as usual and will drill on his lease on the B. M. Cooper farm. He gave \$500 bonus for a lease of this land, it is said.

FOUND A FORTUNE

Resting Snugly in the Trunk of a Hollow Tree in Belmont County.

Resting snugly in the hollow of an ancient elm tree which he chopped down, A. O. Hartley, a farmer living at Dillie's Bottom, Belmont county, found faded deeds that establish his right to possession of 600 acres of land said to be worth \$60,000, at Dunbar, Kansas.

Years ago J. A. Hartley, his grandfather, was driven out of Kansas by the threats of an older brother, and came to Ohio. Typhoid fever left him with a deranged mind, and while in this condition he hid the deeds in the old tree thirty years ago.

SALINEVILLE

Salineville, Sept. 25.—The Thompson brothers, of Salineville, with their wives, drove over to Lisbon and were the guests of Mr. and Mrs. W. A. Thompson, the treasurer-elect, for two nights.

The funeral of Michael Hurley, a former citizen, took place last Saturday from the chapel in the West End, preceded by a large procession on foot headed by the cornet band. His remains were brought here from Monessen, Pa., to the home of his parents, Mr. and Mrs. Thomas Hurley, for interment. The cause of death is not positively known. He served in the Philippine war.

Rev. John S. Thompson, of Beaver Falls, Pa., accompanied by his mother from Canonsburg, arrived here Monday evening. They were the guests of the Thompson brothers, of this city, returning to their homes Wednesday morning.

Timothy Shane, of Nebraska, accompanied by his wife, took the train Tuesday for Hookstown, to visit the old homestead near Service, Pa.

Mrs. Rev. F. E. Dean returned home last Saturday after an absence of several weeks at the home of her parents, Mr. and Mrs. McKenzie, in Port Huron, Mich., and at the Dean home near Xenia.

William Robbins, an aged and well known citizen of Bergholz, died Tuesday morning at his home. He was reared in Carroll county and was over four score years old. He was a member of the United Presbyterian church, of Scroggsfield, for many years.

Mr. and Mrs. J. C. Lewton, of Waterville, were shopping in Salineville Tuesday.

SERIOUSLY SHOT BY AN OFFICER

AN AFFRAY AT CLARINGTON THAT MAY PROVE A MURDER.

Brother And Father of a Prisoner Interfered—Boy Blew His Head Off.

Bellaire, Sept. 25.—The little town of Clarington, about 25 miles south of this city on the Ohio river, was the scene of what will probably prove the death of one man and the painful injury of another. John Resinger and Dr. Zink had a quarrel. Policeman G. Dickey separated them and placed Resinger under arrest, and was conveying him to the town hall when the prisoner's brother Hallie and their father attempted to free him. The officer warned them not to interfere with him or he would be forced to protect himself. His warnings were not heeded, and when Hallie Resinger made an assault on him he drew his revolver and fired. The ball struck near the left eye and passed entirely through the face, coming out near the right temple and striking Davis Cook, a bystander, in the cheek, making a painful wound.

The shooting caused intense excitement, and for a time it was feared that violence would be done Dickey. The mayor of the city became alarmed and telephoned to Bellaire for police to assist in protecting Dickey, who was placed under arrest pending an investigation. Mayor Rodewig, of Bellaire, advised the Clarington official to apply to the sheriff of Monroe county for aid, as he needed all of his own officers. The sheriff and his deputies had not arrived at a late hour.

Early in the evening the excitement was materially increased when it was announced that Resinger had a slip chance for recovery.

About the time of the shooting a Mrs. G. W. Stevens and her daughter were entering a bed room in their home, only to find the body of a son, Charles, lying cold in death with the entire top of his head blown off with a shot gun. He was 18 years old, and attended the high school. He went to his room immediately after dinner and a shot was soon heard. Evidently, he had blown out his own brains, although there is no known reason for him doing so. The mother is prostrated and fears for her life are entertained.

FAIR EXCHANGE

A New Back For An Old One—How It Is Done In East Liverpool.

Sometimes the back aches with a dull, indescribable feeling making you weary and restless; sometimes pain shoots across the region of the kidneys, and again the loins are so lame to stoop is agony. No use plastering or rubbing the back in this condition. You cannot reach the cause. To exchange a bad back for a new and stronger one, follow the example of this East Liverpool citizen.

Mr. Wm. Anderson, of 305 Lisbon street, says: "During the civil war I enlisted and served three years in the Forty-second Ohio infantry. From the exposure during the war I attributed the severe aching and weakness in the loins and muscular rheumatism of recent years which all seemed to center in my kidneys. In the morning when first getting up I was very dizzy until I had moved around for a time and my nervous system became affected, causing a fluttering and fullness around the heart. Seeing an advertisement in the paper I got Doan's Kidney Pills at the W. & W. pharmacy and took them. A few doses gave me relief. The improvement was gradual and continued as the medicine got thoroughly into my system. I firmly believe that Doan's Kidney Pills will in every case as they did in mine, prove the justness of the claims made for them."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States.

NEW EXTENSION TO THE HEIGHTS

And the Route It Will Follow Definitely Laid Out Yesterday.

FOUR SAFETY SWITCHES

Will Be Placed at Intervals Along the Line, and Will Contribute to the Safe Passage to And From the Central Portion of the City.

Messrs. Peach and Bullock, of the street committee, with Engineer Kelly and Councilman McConnell spent several hours yesterday afternoon in locating stakes marking the route which the extension to Pleasant Heights of the East Liverpool Street Railway company will take.

Contractor McSpadden had his force of men at work on Sheridan avenue near the Greenwood brewery, and had made considerable progress yesterday, before the rain came up and stopped the work. A trip had been made over the route by Mr. Healy, the contractor and engineer the day before, but the positive location of the route was subject to the decision of those who were with the party yesterday. Member McConnell, who has been active in the proceedings from the beginning, and who made the first move through the council which finally resulted in the East Liverpool company consenting to build this line, was in accord with what had been laid out on Tuesday, and the route will be followed as it was established at that time.

When the road leaves West Market street on Sheridan avenue, a part of which is already laid, it runs to the north side of the avenue until Pleasant street is reached. It then holds to the south side of that thoroughfare for quite a distance when it turns to the north and remains there to the intersection of Lisbon street. Here Engineer Kelly has so arranged the route that in coming down the hill, the track, which hugs the south-west side of Lisbon street will run almost directly onto Pleasant street. In this way the car, after traversing the most dangerous portion of the hill, will have a level stretch over which to run, and while thus running may be readily controlled by the motorman in case he falls in an attempt to regulate the brakes.

From the end of Pleasant street the track keeps well to the outside, clear of the paving, to the first turn at the McLean property above Mike McKeever's. Then it crosses the roadway to the hill side. Where a crossing is made, as is done in this case, Manager Healy has instructed the contractor to plank the crossing as soon as the track is down.

From the McLean tract all the way up the hill the line is to hug the hill side of the road. The track leaves

the Lisbon road at a point near the residence of John Bennett and takes off across the Heights.

Returning, the contractor has been instructed to build four safety switches or turnouts. The first will be constructed at the turn opposite Felix Hulse's place. A little more than 100 yards below at the William Arb stone quarry another will be located. The third is to be located at the McLean property near Mike McKeever's place, while the fourth is situated where the line enters Pleasant street. These switches make the descent of the hill comparatively safe.

The construction of this extension is a source of a great deal of gratification to the residents of the hill district. Much time and money has been spent by the interested parties, and the fact that the street railway company finally consented to begin the construction of the railroad was entirely due to the determination on the part of certain members of the city council to bring it about. Neither J. C. Diedrick nor any member of the Pleasant Heights Land company was responsible for the enforcement of the franchise held by the East Liverpool Street Railway company. In fact, it required a considerable amount of persuasion to induce these parties to come into the deal when the real work had been finished.

As was stated in these columns before, the \$5,000 guarantee made by the land companies has been raised and is in shape to pay over at once upon the compliance on the part of the Street Railway company with their part of the contract. There is at present some \$1,250 which has not yet been pledged, and those who have signed the contract are busily engaged making a canvass of the land owners in the affected locality with a view to making up the amount.

CAMPAIGN PLANS

WERE DISCUSSED AT A MEETING OF THE COMMITTEE.

Eighteenth District Republicans Arrange for the Congressional Campaign.

The congressional committee of the Eighteenth district, composed of Judge J. B. Fawcett, of Canton; Ed A. King, of Lisbon, and E. H. Turner, of Youngstown, met in Canton yesterday.

The committee was selected at the recent congressional convention at Sa-

lem, and yesterday in the office of Judge Fawcett an organization was effected by the selection of Judge Fawcett as chairman, E. H. Turner secretary, and Ed A. King treasurer.

James Kennedy, of Youngstown, the Republican congressional nominee, accompanied by Hon. R. W. Tayler, of Lisbon, met with the committee, and plans for the coming campaign were discussed at length.

Mr. Kennedy expects to divide his time between the three counties comprising the district, and will probably spend 10 days or two weeks in Columbiana.

Hon. R. W. Tayler announces that he has consented to devote one week to the national committee, and will speak in Stark county during the last week of the campaign.

A FURIOUS DEBATE IN CODE COMMITTEE OVER FRANCHISES

**Matter Was Postponed Temporarily—An Early
Vote to Be Taken on the Nash
Municipal Code.**

From a Staff Correspondent.

Columbus, Sept. 25.—The question of franchises precipitated a furious debate at the meeting of the special code committee of the house yesterday afternoon. The subcommittee submitted a report recommending that no franchise legislation be enacted at this session. Several days ago this committee had formulated a report favoring the enactment of the laws on this subject, with the alleged unconstitutional sections eliminated, and when the committee submitted its final report yesterday, Guerin, of Erie, wanted to know the reason for its unexpected change of base.

He was told that good lawyers had given it as their opinion that those statutes should stand as they are for the present. This raised Guerin's ire and he proceeded to castigate the committee unmercifully. He said it was dodging the franchise question and that the act was one of cowardice. For the benefit of the people who have millions invested, he said the statutes should be re-enacted with curative provisions inserted.

The fight was hot and was participated in by Price, Thomas, Cole and Painter, all Republicans. The matter

was passed over until tomorrow. Cole said that Governor Nash had had no knowledge that the franchise question was to be referred to in his code. This created astonishment. The senate declared against the incorporating of franchise sections in the code, and instead adopted a resolution by Senator Harding, providing for the appointment of a non-partisan commission by the governor, which will investigate the questions of franchise and make a report to the next general assembly. The members are to receive a sum not to exceed \$10 per diem for the actual time they are at work.

Upon motion by Mr. Archer, the senate adopted the report of the senate as a committee of the whole, and that body is now ready to take a vote on the amended Nash code. The bill will be engrossed and printed and may be passed on Monday. The house code committee will also probably have its report in by that time, which may enable the house to vote on the acceptance or rejection of the report about the same time that the bill comes up in the senate.

The senate committee adopted an amendment by Senator Harding, pro-

TARR STILL STAYS ON THE TICKET

**Infirmary Director Says He Sees
No Reason For With-
drawing.**

EXECUTIVE COMMITTEE

**Of the Republican Party Meets in a
Few Days And May Take Up His
Case—Action Must Be Taken in a
Short Time.**

The Republican county ticket still bears the name of W. A. Tarr for infirmary director. At the time last summer when Tarr was twice arrested for drunkenness and wife-beating, it was stated that he would be asked to resign from the ticket. Tarr is now at work at the Vulcan clay works in Wellsville.

In conversation with a News Review man Mr. Tarr stated his views as follows:

"As far as I am concerned I do not propose that my name shall be removed from the ticket. I was nominated as the choice of the people and do not know of any one who has the power to reject my name.

"I have not heard that there was any intention of taking my name off, although I did understand that the executive committee expected to meet soon, and there were 10 or 12 men who are anxious to succeed me on the ticket."

There are many candidates for the office, and it is very likely one of the following names will be substituted for that of Tarr at the meeting of the county Republican executive committee, which is expected to be held within the next few days:

Horace H. Martin, Charles Chandler, James Jackson, James Farrell, Francis Groner, John Cadwallader, Jacob Peterson, Richard Cole, Charles Paxson, David Groner, M. Miller and five or six others are out for the nomination. The office pays between \$1,000 and \$1,200 per year and is considered a very desirable position.

Whatever is done in the matter of filling this vacancy on the Republican ticket must be attended to at once, as the name must be certified to the county board of election supervisors on or before October 4.

Mr. Tarr is still a member of the board of infirmary directors, not having yet finished his first term in the office. He will either succeed himself or be succeeded by another at the coming November election. In case

M'INTOSH CASE IS BEING HEARD

**Albert Thompson Tells His Story
of the Grim's Bridge
Fight.**

NO PART IN STARTING IT

**He Does Not Know McIntosh—Separ-
ated a Couple of Fighters And Held
Them Apart Until He Was Stabbed,
Thomas Blazer's Story.**

Albert McIntosh, charged with cutting Albert Thompson with intent to kill, in a melee at Grim's bridge Saturday night, September 6, was arraigned in Squire McCarron's court this afternoon for his preliminary hearing.

H. E. Grosshans, his attorney, after hearing the charge read, entered a plea of not guilty for his client. Thereupon Richard Thompson, attorney for the state, conducted an examination of several of the eye witnesses of the affair. Thomas Blazer, Albert McIntosh, Frank Crawford, Harland Crawford and Dr. Bean were summoned to appear. All were present and testified except the physician.

Albert Thompson said: "I reside in Chester and am 27 years of age. I was at the dance. I would not know McIntosh if I saw him. There was a racket started on that night. Frank Crawford and George Mayes were scrapping and I was at the house at first. I came out when a gun was fired. They had clinched and got down into the road. I parted them until I was out. I saw a fellow they called McIntosh there, but I can not swear that he is sitting over there. A fellow they called McIntosh strided in among the fighters. I stopped him and he blew out the light. Blazer hit him and he turned and stabbed me. He did not say anything to me after he cut me. He did not seem drunk to me. I have not seen him since he cut me. I don't know what he cut me with. I was not a party to the fight that was going on, nor was McIntosh."

The cross examination revealed that the witness had whiskey and alcohol and had been drinking on the way out.

He knew of no trouble prior to the firing of the shot. He could not say positively that McIntosh struck him. He had thrown McIntosh back from the fighters. Before he was cut he had drank all his alcohol and half of the whiskey. He had no malice toward McIntosh.

Thomas Blazer told of the dance and of the trouble. He had a light and

MINISTERS TO TALK OF BEAL LAW ELECTION

It is within the range of probability that an election will be held in this city and Wellsville under the Beal law. Petitions asking for this favor may be presented to the councils of the two cities in a very short time.

At Wellsville next Monday morning a joint meeting of the East Liverpool and Wellsville Ministerial association will be held, at which time the question of whether an election shall be held under the Beal law will be discussed. Other important matters are also to be talked over.

Dr. J. C. Taggart, of the First Presbyterian church, a member of the association, stated this afternoon that the above matter was to be talked over, but nothing definite could be given out at this time. A petition signed by 40 per cent of the voters at the last election, when presented to the council asking for an election, is sufficient cause for an election to be held under this law. The election must be held not sooner than 20 days after the petition is presented to the council and not later than 30 days.

was watching the fight. He told McIntosh several times to stand back. He paid no attention, blew out the light and stabbed Thompson. Thompson had been drinking, but was not drunk.

MAYES APPEARED

**And Will Be Held in \$500 for Trial for
Shooting.**

At a late hour this afternoon George Mayes, for whom a warrant was issued on the same day that McIntosh's was made out, appeared at the office of Justice McCarron. He is prepared to give himself up and will do so as soon as the preliminary hearing of McIntosh is furnished. The charge against Mayes is shooting with intent to kill and he will be held for trial in the sum of \$500.

REGISTRATION ACT

**WILL APPLY AT THE COMING
CITY ELECTION.**

**County Board of Deputy Supervisors
Considers the Question
Fully.**

The county board of deputy election supervisors, composed of A. G. Bentley, B. D. Beacom, George Watson and Charles McMillan, held a meeting in the office of Prosecuting Attorney J. H. Brookes today.

The board has been in communication with Attorney General Sheets with reference to the matter of registration for East Liverpool. They received his decision today, and decided to proceed with the arrangements to take the poll in the manner provided for in the special act passed at the last session of the legislature. Farther than this no action was taken.

TROUBLE SETTLED

**Jiggermen at the Globe Pottery Re-
turned to Work This
Morning.**

A conference was held last evening in the rooms of the Potters' club between a committee of jiggermen representing the Globe shops and a committee from the manufacturers' association, at which the dispute at the Globe was discussed. An amicable agreement was reached and the shop is in full operation this morning. It was suggested at the meeting that the company suggest to Mr. Bowman that he pay the scale price for finishing, and this was done by President George C. Murphy this morning.

SETTLED AT LAST

**The Long Standing Dispute About the
Placing of Biscuit Ware
Adjusted.**

At a joint meeting of committees representing the National Brotherhood of Operative Potters and the Western Manufacturing Potters' association held last evening, the dispute of long standing, that of placing flat ware in the first ring of the biscuit kilns was definitely settled.

The settlement is to the effect that all flat ware placed in the first ring over four saggars high shall be paid for extra. The kilnmen so doing shall receive an extra 25 cents a day.

Licensed to Marry.

Lisbon, September 25.—(Special).—John Fox and Agnes De Lowry, of Pittsburg; James Witherspoon and Amelia Sell, East Rochester; Leroy Golden, of Lisbon, and Martha Rowley, of Wayne township; Charles Andrew McGower, of Pueblo, Col., and Emily G. Hinchcliffe, have been licensed to marry.

No More Coal Stoves.

No more will coal stoves be used in the winter cars operated by the East Liverpool Street Railway company. All the old green cars have been or will be wired for electric heating, under the same plan as is used in the larger green and red cars. The change is one that is most commendable.

Homer Howell's Will.

Lisbon, September 25.—(Special).—The will of the late Homer Howell, of East Liverpool, was brought into court and filed for probate this morning. The hearing of the application was set for October 4. Arabella Howell was named as guardian for the minor heirs, and also executor of the estate.

Will Probated.

Lisbon, September 25.—(Special).—The will of the late Ruth Reed, of Salem, was filed and a commission was issued to take the testimony of R. W. Cook, of Oregon. John E. Rogers was named as executor.

NO ONE TO GO FROM THIS CITY

**East Liverpool Will Not Be Rep-
resented at Alliance
Conference.**

LABOR MEN AND DEMOCRATS

**Will Meet Tomorrow to Decide
as to T. J. Duffy's
Candidacy.**

DUFFY WILL NOT ATTEND

So far as East Liverpool is concerned the conference to be held at Alliance tomorrow between the Labor party's executive committee and that of the Democrats will be a failure.

Chairman John T. Wood, of the local Labor committee, will be unable to attend, owing, it is said, to the condition of his work just at this time. He has delegated no one else to go, and there will be no representation from the laboring people of East Liverpool.

From Massillon comes the word that the labor organizations which voted on the proposition, with the exception of the Glassblowers' union favored Duffy's running on the Democratic ticket. The glassblowers believe that Duffy should be allowed to do as he pleases.

It is believed in Massillon that all the east end towns will vote to ask Duffy to remain on the Labor ticket. In this event, local politicians think that Duffy will retire from the situation entirely, as it is the supposition that his only chance for success is on the Democratic ticket.

At Salem Tuesday night the members of Iron Moulders' union No. 47 took action on the circular sent out by the leaders of the labor movement. The union decided that it should be Duffy on the Labor ticket on none at all. In fact, the local favored a Labor movement.

Then the local reconsidered a resolution it had adopted unanimously some time ago, endorsing Duffy, and by an almost unanimous vote tabled the measure for the reason that the body believed Duffy had gone contrary to his pledge and had injected partisan methods into his campaign. The local decided that as a body and organization Duffy might expect no support from it, and that if he did he would be doomed to disappointment.

Mr. Duffy was seen today and stated that he would not go to Alliance tomorrow. He said he proposes to allow the two committees to decide the matter, and he will be guided entirely by their conclusion.

From the ranks of the local Democracy there will be one delegate present at the Alliance conference. J. J. Welsend is chairman of the Democratic congressional committee, and intends to meet with the committee.

PIERO WANTS IT

**PREDICTED HE MAY GET CON-
GRESSIONAL NOMINATION.**

**Reports Say Relations Between Demo-
crats And Union Labor Party
Are Strained.**

It is predicted that a fight will take place in the conference between the congressional committees of the Democratic and Union Labor party, when they meet at Alliance tomorrow. The situation between the two parties has become so strained because each wants the doubtful honor of the congressional candidates that it will finally result in another and a straight out and out Democratic nominee being elected.

The wise heads, asserts the Youngstown Telegram, say that this nominee will be W. J. Piero, of Canton, a member of the Democratic congressional committee and one of those who have stood all along for a straight Democratic ticket. The situation has been rapidly drifting that way for some time and even at the congressional convention at Alliance, this was advocated. In fact it was almost a fight to have the convention carry through that plan.

The latest development in the situation is the resignation of Hon. Bernard Bell the mayor of Massillon, from the head of the Duffy committee. He was made chairman of the Union Labor committee but recently, his de-

GIRL CHARGED WITH SHOPLIFTING

**Looking for Burglars, Officers Strike a Clue to
Another Supposed Crime.**

Armed with evidence which they thought would lead to the arrest and conviction of the robbers who ransacked the homes of D. E. McNicol, James Logan and John Wyman during the early hours of last Sunday, Chief of Police Thompson and Officer Dawson made their way to the home of a well known family living on Sunnyside yesterday afternoon only to be rebuffed.

It was through information secretly made to Mayor Davidson that the officers ran down the clue. On Monday night at 11 o'clock a man appeared at the home of the mayor and told him that he was positive that he could tell where the watch that was stolen from Mr. Logan was located. He knew the house, but when asked for the person's name who possessed the watch he said that he did not know, but would find out by the next evening at the same time and make a report.

Promptly at the appointed time the man who wished his name withheld from publication met the mayor and gave the name and all that led him to lay suspicion upon the person. He said that on Monday morning a small girl, of perhaps 15 years, had approached him, and displaying a gold

watch and chain, asked him to purchase it. Thinking that it was the Logan watch, he immediately decided to report her to the city officers.

Chief Thompson, having the number of the watch, applied at the home of the young girl and demanded the watch which she had offered for sale. The watch was produced and found to be the wrong one.

Although defeated in their attempt to land one who would be instrumental in the arrest of the robbers, the chief and Officer Dawson fell upon a surprise while at the home of the supposed holder of the watch. While in the girl's presence the officers noticed several little happenings that were somewhat of a suspicious order and before leaving searched the house. Snuggly laid away in a closet the officers discovered a large bag filled with newly appearing dry goods. They at once concluded that the goods were there as the result of shoplifting and accused the girl of being the thief.

She denied the theft strongly at first, but later acknowledged her guilt. The officers did not place her under arrest and will not do so unless the proprietor of the store from which the goods were stolen prefers a charge against her. The proprietor was notified to lay off the discovery.

GREER WAS ARRESTED

**Denies That He Intended to Steal
Rinehart's Rig, But Is Now
in Jail.**

George Greer, who hired a horse from Liveryman John Rinehart and drove it to Pennsylvania, was arrested in Sharon, Pa., by Constable Gill and landed in the city jail here last night. Greer claims he did not intend to steal the rig. He was at a Sharon hotel registered as R. E. Rice. Greer said Rice was the name of a man who had robbed him. He said he had met Rice in a bar room at Youngstown. The two began drinking together and Greer claims he was given a drug. He had fallen asleep and on awakening found his grips and \$64 in money gone.

Liveryman Rinehart identified Greer as the man who hired the rig. "Squire McCarron, who issued the warrant for Greer's arrest, states that he is not certain when the man will be given a hearing, and further states that he is doubtful as to his guilt, thinking that he will likely be able to furnish proof that his landing in Sharon was due to losing his way when he really intended going to Lisbon.

RAVED IN HIS CELL

**Salem Negro Acted Like a Mad Man
And Will Go to an
Asylum.**

Lisbon, September 25.—(Special).—Daniel Thomas, of Salem, will be taken from the county jail to the Massillon asylum just as soon as the authorities will admit him. Throughout yesterday he was perfectly sane, but last evening his malady returned, and all night long he raved in a cell in the jail, tearing every article of clothing from his body. He had a decided tendency toward suicide, and the deputies kept a close guard upon him.

Mrs. Thomas stated that several weeks ago he was called to South Carolina, where his father and mother were seriously ill, and since his return she has noticed that his mind has been unbalanced.

WITH THE WORKMEN IN THE CLAY PLANTS

TRENTON POTTERY NEWS.

(Special Correspondence.)

Trenton, N. J., Sept. 25.—There is a likelihood that the monument to the late Hart Brewer, the pioneer potter, will be erected in some public square in this city. The original plan for placing the monument in the family plot in Riverview cemetery has met with objection, because of the distance of the cemetery from the city. The monument committee has in the neighborhood of \$1,000 and contributions are being received daily. At a recent meeting of the Jiggermen and Dishmakers' local, Knights of Labor, \$25 was contributed toward the fund.

The Central Labor union has arranged for a ball which will be held October 26 in Turner hall for the benefit of the striking miners.

In those potteries still using anthracite coal a high price is being paid for a very poor quality. It is rumored that if the coal strike is not settled soon, some of them will have to be shut down. At the Greenwood pottery, the firm is experimenting with soft coal.

The results of the first drawings from the kilns of the new Elite pottery is satisfactory, the ware being of a fine quality. Ground has been broken for the erection of several new kilns.

The Pennsylvania Railroad company is building a siding 170 feet long, extending from its East Trenton cut-off to the Elite pottery, which will greatly facilitate shipping.

Bartly Hiram, a well known Trenton Jiggerman who has been working in East Liverpool, is spending his vacation in this city.

Howard Moses, treasurer of the Glasgow Pottery company, who has been suffering from nervous troubles, brought on by overwork, is slowly improving. Mr. Moses has been busy looking after the company's business in New York and in keeping in touch with the affairs of the local pottery.

SHOP RUNNING WELL.

Since the Knowles, Taylor & Knowles company placed its new addition in operation last Monday, everything has been running as well as could be expected. Not a hitch has occurred, and practically every bench at the new shop is now occupied. There are one or two men working in this shop who have not been employed in a pottery for several years, having been engaged in other employment. The following is a complete list of the employees of this new shop: Saucer Jigger, John Reark; 5 and 6 inch Jigger, Charles Johnson; big Jigger, Mike Lynch; plate Jigger, Harvey Thompson; cup Jigger, Jess Colclough; turners, Charles Pippin and Guard Pickal;

handler, James Beardmore; pressers, Harry Wurzel, George Emmerling, Charles McBride, Joseph Webber, John O'Rourke, Joseph Duke, William Wilson, James Price and Blanchard McBride; dish makers, Charles Adams, Harry Wildblood, Edward Rezer; sticker-up, M. Foutts. The new shop is running full and will continue to do so.

EXPERIMENTS A SUCCESS.

For several months the National Pottery company in the East End has been experimenting upon the making of china, and so far the experiments have been successful in every particular. Samples of this china have been sent through the kilns, and may be seen in the private office of President Jefferson R. Warner. Some of these samples are very thin, and in many respects resemble the imported china ware. It has been intimated that the National, in a few months, will begin the manufacture of a full line of china novelties and general ware. The samples already made show that the company has made a body that is second to none, and when any of the samples are held up to the light one can almost see through them. That the firm will make a success of its new venture is unquestioned. It is not likely that the company will place any of the new ware on the market before the spring trade.

TO EQUALIZE MATTERS.

The special committee appointed at a recent meeting of Printers and Transferers' local No. 32 to arrange a scale whereby all members of a printers' crew would earn an equal division of the wages received by the printer is hard at work at their task, and it is expected that a partial report will be made at the next session, on Monday evening. Several plans are now being worked out, and among these is a proposition which is known as the kilnmen's system. It is proposed that \$6 worth of work to constitute the basis upon which the settlement shall be made, the same to be divided as follows: Printers, \$3; transferers, \$1.50; rubbers, \$1, and cutters, 50c. This is to be considered a day and the proper division of the amount stated. Should the net earnings of the press be \$12, the amount earned by each person can be ascertained by multiplying the figures by two.

A FEW BUYERS IN TOWN.

If the local potteries are not cleared of all their old odds and ends, during the next few days it will not be the fault of several buyers who are now in the city. One of these buyers whose name is Wolf Nadler, of 65 Chrystie

street, New York, proposes to take 12 car loads out of the district if that much ware can be secured. Of course the price must be just so, and the usual question asked the manufacturer when the buyer first enters the office is, "Have you any job lots?" There is also another buyer in the city from New York who is also looking for "odds and ends." His stay in this city will last for several days. Frequently a manufacturer is glad to see these sort of buyers come to the city, for a chance is presented to the manufacturer to clean his warehouse of all undesirable ware.

ADJUSTED A DISPUTE.

President Hughes, of the Brotherhood of Operative Potters, has returned home from New Castle, where he went Monday to adjust a difference at the Shenango pottery. This dispute was in the kiln department, and the matters were settled satisfactorily to all concerned. It is announced that a strike was threatened at this shop, owing to the dispute.

THE LECTURE COURSE

A Fine List of Attractions Booked for the Coming Months in This City.

Within the past few days all arrangements for the fifth annual high school lecture course have been completed. From the numbers selected the course will be more entertaining this season than during any past season. The course was arranged by the Brockway Lyceum bureau, of Pittsburgh, and as there are very few open dates at the opera house, some of the numbers come rather close together. The course this season is the most expensive one ever given by the high school, and the best talent possible has been obtained. The following is the complete course:

October 16, Hon. George R. Wendling, of Washington, D. C., lecturer; subject, "The Imperial Book."

November 4, Slayton's Woman's orchestra.

December 12, Ernest Gamble company.

January 16, Maro, the magician.

February 3, Chicago Ladies' Glee club.

February 6, George Riddle and the Listeman Trio.

February 17, Thomas Dixon, Jr., lecturer.

March 12, Bostonia.

March 30, Mrs. Maude Ballington Booth; subject, "Lights and Shadows of Prison Life."

It has not been decided what will be the subject of the lecture of Mr. Dixon. The gentleman delivers two very interesting lectures, namely, "Backbone, the Foundation of Anglo-Saxon Character," and "Fools, or the School of Experience."

ENGINEERS' MEETING

An Interesting Session Last Night—Successful Candidates for Licenses.

The regular meeting of Calhoun association No. 41, stationary engineers, was held last evening, and the session was quite an interesting one. Engineers Connelly and Daniel Derringer gave interesting talks upon machinery, which were thoroughly enjoyed.

The association received information that at the last examination held in this city by Deputy District Examiner Elmer E. Miller, four applicants passed the examination. These were Fred J. Moncrief, chief fireman at the power house; Benjamin Toland, engineer at Laughlin No. 2, who formerly held a three years' license; Alfred Morris, and the night engineer at the ice plant. A class of 10 was examined last week.

Marriage Ceremony Performed at the Lutheran Parsonage Last Evening.

At the parsonage of St. John's Evangelical Lutheran church, at 8 o'clock, Rev. J. G. Reinartz pronounced the words which united the lives of Ulysses Hill, of Reading, Pa., and Miss Mary Elizabeth Trocke, of this city.

It had been intended to have the ceremony performed at the home of Mr. and Mrs. William Pöke, but owing to sickness in the family the plans were changed.

Mr. Hill, the groom, is a prominent business man of Reading, while the bride has been a resident of this city for some time, engaged as a professional nurse. The couple will make their home in Reading.

BIG EXCURSION TO SOUTHLAND

An Enjoyable Trip Through a Delightful Region Has Been Arranged.

HUNDREDS WILL TAKE TRIP

Among Them E. W. Hill, of This City. Will Leave Columbus October 4 in a Special Train as Guests of Southern Pacific Railway.

Columbus is to be the rendezvous on October 4 of one of the largest excursions that was ever run to the south and southwest. Elijah W. Hill, of this city, will be one of a party of 200, who, on that date, will start on an excursion through the south and southwest, which will continue for 10 days.

The excursion is that of the special land and immigration agents of the Southern Pacific railroad, of whom Mr. Hill is the Columbiana county representative. The party will leave Columbus in a special train at 2:30 p. m., on Saturday, October 4, for the interesting tour. The excursion is run by the Southern Pacific in order that its agents may become thoroughly familiar with the resources and opportunities offered by the south and southwest, especially Texas and Louisiana.

The special will consist of eight Pullman tourist sleeping cars, two Pullman dining cars and a baggage car, and will go from Columbus to Cincinnati, thence to Louisville and New Orleans, arriving at New Orleans Sunday evening about 7:30 o'clock. On Monday morning, west, via the Southern Pacific, stopping en route at Jennings, Crowley and Lake Charles, then to Houston and return, and then down to Van Vleet, then back to Wharton and down to Bay City; then to Victoria, and from there to Corpus Christi.

The quaint old town of San Antonio, now turned into one of the most metropolitan cities of the United States will be visited, there will also be many points of interest, historically, to visit at this place, such as the Old Alamo, where Davy Crockett and his followers were massacred by the Mexican general, Santa Anna, as also several of the famous old Indian missions built in the time of the early conquests of Old Mexico. The agents also have an opportunity of seeing a farm at San Antonio which is being rented for \$22.75 an acre cash, and the tenants making a snug little fortune out of it, besides a good living. From San Antonio the special returns to Houston, stopping en route at Eagle Lake.

Leaving Eagle Lake they will saunter along the road back into Houston, where they will be entertained by the company and also have an opportunity of seeing the great improvements and

developments now going on in that city.

Leaving Houston the special will take a northward shoot up into the Nacogdoches country, passing through what has just been discovered at Washington, to be the richest tobacco country yet discovered, the department making the very broad claim that this section of the country will produce the finest kind of tobacco and worth \$1.50 a pound. It has also been demonstrated to be an excellent fruit country, as well as a vegetable country, and destined to become very active and valuable.

From Nacogdoches they will again go south to Beaumont, a city which has done more to advertise Texas in the past two years than anything else which has happened in the past 40 years. Here they will visit the great oil fields, as well as having one of the famous gushers turned on for their special benefit.

The discovery of oil in such enormous quantities is proving a wonderful boom for all the southwest country. It has solved the most serious problem which has always confronted that country, i. e., secured a "cheap fuel" which makes it possible, as well as advantageous, for the locating of numerous and much needed manufacturing establishments in that country. From Beaumont the special will return to New Orleans and will arrive in Columbus October 16.

A POPULAR ORDER

WITH THE MEN IN CHARGE OF THE STREET CARS.

Passengers New Forbidden to Ride On the Platform While There Is Room Inside.

"Passengers are not permitted to ride on the platform, while there is room inside," is a notice that will be painted on the cars of the East Liverpool Railway company, and the work is to be started next Monday. A sentence may be added to the above to read like this: "Conductors are instructed to enforce this rule, under penalty of dismissal."

The new order recently issued by the company is one of the best. Several conductors who were seen this morning agree that they are enabled to do their work much better since the order was issued than before. One conductor is quoted as having said that many men like to stand on the rear platform just for the novelty of the thing. It frequently occurs that the back platform is crowded and many seats are vacant inside the car. "Upon more than one occasion accidents have been caused by the back platform being over-crowded," said a motorman this morning.

It used to be that from 12 to 15 men stood on the rear platform of the small green cars, when there was ample room inside, and whose combined weight, placing each man at 130 pounds, would almost be a ton. This is sufficient weight to lift the front wheels off the track, and in rounding a curve in such a manner it is an easy matter for a car to jump the track. An over-crowded platform caused a car operated by John Whan about a year ago to almost go over the river bank, and other numerous accidents could be recalled just on account of this. But the people who delight to ride on the platforms never think of these things.

Many conductors have advised the management of the road that they are glad the order has been issued, and claim that the only trouble was that the order was much belated.

Putting On Safety Fenders.

Work was commenced this morning placing fenders on all cars of the East

That Gold Spoon.

There are some men who seem to be favorites of fortune. They are industrious, cheerful workers, full of overflowing of the energy of splendid health, and success seems fairly to drop into their hands. It is of such as these that the less hardy and less successful man says enviously,

"That fellow was born with a gold spoon in his mouth." And yet on analysis it will be found that this success is largely due to splendid health, the endowment of a healthy mother.

Dr. Pierce's Favorite Prescription gives the mother health to give her child. It cures nervousness, nausea and sleeplessness. It makes the body comfortable and the mind content. It gives physical vigor and muscular elasticity so that the baby's advent is practically painless.

"I will endeavor to tell you of the many benefits I have derived from taking Dr. Pierce's Favorite Prescription," writes Mrs. B. E. Robertson, of Medicine Lodge, Barber Co., Kans. "In the fall of 1899 I was expecting to become a mother and suffered terribly with pains in the back of head; in fact I ached all over. Suffered with awful bearing-down pains; I was threatened for weeks with miscarriage. A lady friend told me to use Dr. Pierce's medicine. She had taken them and felt like a new woman. I began using the 'Favorite Prescription' and took four bottles before my baby came and two afterwards. I suffered almost death with my other two children, but hardly realized that I was sick when this baby was born and she weighed twelve and one-quarter pounds. She is now eleven months old and has never known an hour's sickness; at present she weighs thirty-seven pounds. I owe it all to Dr. Pierce's Favorite Prescription."

"Favorite Prescription" makes weak women strong, and sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

Liverpool railway. The work would have commenced earlier, but the inability of the company to secure much needed materials delayed. The company will make 57 fenders, and two will be placed on each car operated on the road. It is thought that if the materials needed arrive in a few days, all cars will be equipped in three weeks. The fenders are being made at the power house by Engineer Baxter, after plans prepared by Superintendent Thompson, of the United Power company.

Gone to Carrollton.

Harry Baxter, night engineer of the United Power company, has left for Carrollton, where he will spend a two weeks' vacation. He was accompanied by Harry Parmalee, of Dalton, Ga., who many years ago was an engineer employed by the old Cleveland & Pittsburgh railroad. While Mr. Parmalee was engineer, R. C. Baxter, father of Harry Baxter, was his fireman. Both gentlemen are now spending a few days at Carrollton. Mr. Parmalee owns the largest hardware store at Dalton, Ga., and is known to many of the older residents of this city.

THE NEWS OF CHAFINVILLE.

Solomon Frazier has returned to the district from Normal, Ky.

Martin Lovett has arrived in Chafinville from Ravenswood, W. Va.

J. L. Walton, of Marietta, is the latest arrival in this part of the East End. He will engage in the plumbing business.

Deputy Sheriff Davidson, of Lisbon, was in Chafinville yesterday morning and served about 20 subpoenas in that part of the city. Nearly all those summoned are to appear at Lisbon next Wednesday.

The household goods of H. J. Markle arrived in the East End yesterday from near Parkersburg. Mr. Markle will engage in business in the East End and is now arranging to build himself a residence.

Three months ago Miss Alice Boalt, a young girl, came to Chafinville from Marlet, Ky., and a few days later secured a position in one of the East End potteries. In that time she saved \$50 in one of the local banks, besides purchasing some clothing and paying her board every week. She now proposes to take a trip to her old home and, if possible, induce other girls to come to this city and secure employment.

HEALTHY CHILDREN.

What children need is a pure strengthening tonic, and there is nothing so good for them as BLOOD WINE, which is pleasant to the taste and perfectly safe. Mrs. Sam Fanning, 226 Hall Street, Fall River, Mass., writes: "I cannot say enough in praise of your BLOOD WINE. I was very weak and suffered from fearful back-aches after my last baby was born. I was told that BLOOD WINE was strengthening, and I bought a bottle. It braced me up wonderfully, and I was so pleased with its results that I bought six bottles, and have given it to my four little children. It keeps them healthy, and I consider it the finest medicine I ever had in the house. I enclose you a photograph of my babies, that you may see how healthy they look."

"What we really need in this country," says President Roosevelt, "is to treat the tariff as a business proposition and not from the standpoint of the temporary needs of any political party. It surely ought not to be necessary to dwell upon the extreme unwisdom from a business standpoint, from the standpoint of national prosperity, of violent and radical changes amounting to the direct upsetting of tariff policies at intervals of every few years. A nation like ours can adjust its business after a fashion to any kind of a tariff. But neither our nation nor any other can stand the ruinous policy of readjusting its business to radical changes in the tariff at short intervals. This is more true now than ever it was before, for, owing to the immense extent and variety of our products, the tariff schedules of today carry rates of duty on more than 4,000 articles." The problem of revision is bound to come up sooner or later; but, as the president says, we should be able to readjust our economic policy with as little friction as possible. It is of prime importance that the readjustment be performed by the friends of protection and not by its enemies. This is the issue involved in the present congressional campaign, and it will be so decided that free trade theorists might as well save the breath wasted in their arguments for a "change." A change in existing prosperous conditions are not desired by the intelligent workmen of the country. The tariff will be treated as a business proposition, and business interests will not suffer or the currents of trade be disturbed, for another two years at least, when a Republican congress is chosen this fall. That assurance is worth millions to the business world of America.

County Infirmary Director W. A. Tarr says he sees no reason why he should get off the ticket. Mr. Tarr must be very obtuse not to see a reason which is plain to every one else. After his drunken escapades of a few months ago he should have been ceremoniously dismissed from office. But as his term was nearing an end he was allowed to continue, and he is still drawing his salary. The natural supposition was, when his own foolishness got him into trouble and into jail, that he would not have the brazen effrontery to ask or expect the people to support him at the polls for another term. It appears, however, that he cannot be shamed into following that course. But the people will attend to his retirement, if he does not. Com-

petent and sober men are not so scarce in Columbiana county that a drunken incompetent must be maintained in any office, and especially in an office the duties of which are to look after the unfortunate poor. As far as the News Review is concerned, Tarr's name is not on the ticket and has not been since the exposure of his disgraceful misdeeds. Other prominent Republican papers dropped him from the ticket at the same time. This ought to be a plain enough intimation to the Republican executive committee of what the Republican press considers the duty of that body. Prompt action is now required, if the name of a man who deserves and probably will meet with defeat is not to be kept on the ticket.

The chairman of the rivers and harbors committee, Hon. Thomas E. Burton, is quoted as saying: "It is desirable for those who wish liberal appropriations for Ohio river and its tributary improvements to stimulate public opinion favorable to river and harbor appropriations." From the present general awakening on the subject there is every prospect that those interested will not be at all backward about stating what they want. Meantime, is East Liverpool to remain silent? The convention of river improvement champions is to be held at Parkersburg November 11 and 12. It is certainly time this city were taking steps to see that it is represented there by some of its leading citizens, armed with facts and figures to demonstrate that the Crockery City of America needs a navigable river and will contribute an important and ever-increasing tonnage as soon as through boats are started.

The new order of East Liverpool Street Railway company forbidding passengers to ride on the rear platform when there is room inside is plainly in the interests of the patrons of the road and calculated to add to their safety. It should be rigidly enforced and passengers ought not to murmur.

Some of the newspapers are wondering how the city of Cleveland gets along while Tom Johnson is out on the road with his circus. But there are a lot of people in the Forest city who could spare him indefinitely.

It is reported that J. P. Morgan is opposed to President Roosevelt for a second term. Good! His opposition will be worth carloads of campaign documents to the Republicans.

OBITUARY

Miss Rebecca J. Lee.

Salem, Sept. 25.—Miss Rebecca J. Lee, aged 79, a resident of this city since 1840, died Tuesday night of paralysis. She was a daughter of Josiah and Hannah G. Lee. For many years she was a teacher in the schools of Salem and Lisbon. She was successful as a teacher, and under the direction of Friends she went south and taught schools for colored children at Memphis, Tenn., and Pocahontas, Va. Returning to this city she took up telegraphy, and had charge of the first up-town telegraph office instituted in Salem.

JAIL IS CROWDED

Cots And Bunks of All Kinds Are Called Into Service at Night.

Lisbon, September 25.—(Special).—Sheriff Leonard now has in his charge 28 prisoners, a larger number than at any previous time for years. Part of the inmates of the jail have to sleep on cots and the institution is becoming so crowded that the sheriff is in a dilemma as to what he will do next. In the eight months which he has been sheriff, there have been 127 prisoners under his charge.

This is a record breaker in the line of crime. The cases are all awaiting the action of next week's grand jury, which promises to be one of the largest for several terms.

BUSY BOTH WAYS

CONSTABLE NOT LONESOME ON HIS LISBON TRIP.

Powell Took One Prisoner to Lisbon And Brought Back Another.

Constable Powell killed two birds with one stone yesterday when he made a trip to Lisbon. Accompanying him there was John Rauch, who pleaded guilty to a charge of non-support preferred by his wife, and who was sentenced to the county jail to await the action of the common pleas court. The constable's return trip was devoid of lonesomeness, owing to the companionship of Fred Millward, charged in 'Squire McLane's court with being guilty of a like offense.

Millward was arraigned before the 'squire last evening and pleaded guilty to the charge. He furnished a bond of \$500 for his appearance before common pleas court.

The wife of Millward had the warrant issued for his arrest several days ago. She claimed that he had failed to support their three minor children for many months past and that she has had a very hard time sustaining them. He was arrested while at work in a Lisbon pottery and gave the constable no trouble.

AT THE THEATER

Charles H. Yale and Sidney Ellis' "The Evil Eye" which appears at the Grand next Monday night is better than ever.

Richard T. Brown, the king of entertainers, is one of the newest and other new ones are Josie Sisson, the Phasey Troupe of sixteen young and pretty maidens, The Troubadour Four and those two great little people, The Kennedy Brothers as "Nid and Nod."

Then here is an old new one, Armstrong's famous Electric Ballet, augmented and increased to 5,000 lights. There are many others but "newness" being our motto, we do not wish to make our other surprises stale by mentioning them.

Jolly Harry Jenkins, supported by Austin T. Blair's Big Stock company, in "Dear Hearts of Ireland," presented at the Grand opera house last evening made a great hit. Mr. Jenkins as Barney Flinn and Miss Leona Leslie as Mona were highly appreciated by

BEAUTIFUL CEREMONY

MADE MISS AGNES WELSH AND DENNIS MCCARRON ONE.

Impressive Wedding of Popular Young People at St. Aloysius' Church.

The third beautiful wedding at St. Aloysius' church during the past eight days occurred this morning at 8:30 o'clock when Miss Agnes Welsh and Dennis N. McCarron, both popular and highly esteemed young people of the city, met at the brilliantly illuminated altar and took the hymenal vows.

Accompanied by Miss Anna Haley, bridesmaid, and Edward McCarron, best man, the bridal couple alighted from a carriage drawn by two magnificent white horses at the steps of the church, and to the favorite wedding march of Mendelssohn made their way up the center aisle, which was strewn with white embroidery, to the altar.

There, while soft strains of music were filling the edifice, Rev. Father Thomas M. Smyth pronounced the words that forever unite the lives of the happy couple. At the conclusion of this service Rev. Father T. J. Mahan conducted the usual following ceremony in a most pleasing and impressive manner. The complete service being ended, the bridal party repaired to the waiting carriage and were driven to the home of the bride, where with immediate friends of both a choice breakfast was enjoyed.

On the noon train the couple left for Niles and Youngstown, where they will spend their honeymoon, returning to the city in a few days to make their home.

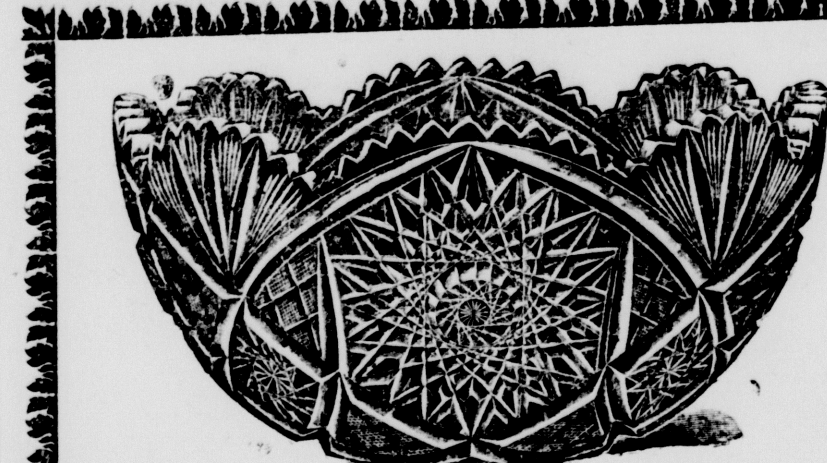

Mrs. McCarron is a daughter of Mr. and Mrs. Albert Welsh, of Greasely street, and a young lady of accomplishments. She has many friends in the city who wish her a life of happiness. Mr. McCarron has been a resident of the city since his birth and bears an enviable reputation. He is a favorite among his associates and a straightforward young man.

CAN'T UNDERSTAND IT

Street Railway Officials Deny That Wellsville Franchise Is Not Lived Up To.

Although it is stated that cars have been operated to the Clark avenue extension at Wellsville, by the East Liverpool Railway company, and in the face of the fact that certain city officials of Wellsville have also been told of how work on a street railway is done, it appears, according to a statement by a street railway official, that City Solicitor Boyd is bent upon getting an injunction against the company. The street railway is doing the same repair work in Wellsville that has just been completed in this city, and no remonstrance was filed here. Why Wellsville takes exceptions to the company improving its property is more than the street railway management can understand.

had three crews of men at work repairing the tracks in East Liverpool, the first crew connecting the bond wires, the second crew raising the rail joints, and the third crew relaying the bricks. As a matter of fact, the pavers were a day or so behind the crew which was raising the joints, but the company claims no time was lost in having the streets placed in their former condition, as far as the paving at the joints was concerned. The company claims to be carrying out the provisions of its franchise at Wellsville and regards the action of City Solicitor Boyd as rather hasty.

Supt. Healy held a conference with Mayor Fogo and City Solicitor Boyd this morning, and as a result a special meeting of council has been called for tonight. Supt. Healy stated that he will conform with the statutes of the franchise in every particular.

TARR STILL STAYS ON THE TICKET

Continued from First Page.

The county Republican executive committee does not permit his name to go before the voters and places some one else on the ticket, the man who succeeds to the position will take his seat on the second Monday in January.

A large number of prominent Republicans have been approached with reference to the matter and all agree that, in the light of Tarr's recent actions he has no right to ask the committee to consider his candidacy. They argue that it would be bad for the party, and were he to remain upon the ticket would undoubtedly be defeated. The Democratic candidate, J. J. Dickey, of Negley, has already entered the fight and is making a systematic canvass.

WELLSVILLE

DELAY MUST ENSUE

WELLSVILLE WATER WORKS IMPROVEMENT MUST STOP.

Government Surveys Must Be Made Before Test Wells Can Be Put Down.

Through a communication received yesterday by Superintendent of Water Works William Perkins, the prospect for the new water works system being put in the coming winter has received a severe knock in the head.

The communication reads as follows:

"Pittsburg, Sept. 23.

"Dear Sir—We enclose you herewith copies of letters received from the Cincinnati and Wheeling offices of the United States corps of engineers. Referring to letter received from Cincinnati office, you will note that the chances are our work is going to be held up for some time unless some influence can be brought to bear with the war department. We would suggest that you bring this letter to the attention of City Solicitor Boyd, and ask him if he does not think it will be advisable to take this matter up with Congressman Tayler, who represents your district, and see if he cannot do something with the war department in order to hurry matters along. If Mr. Boyd thinks it advisable we will also take the matter up with Congressman Tayler. We will, however, take no action in the matter until we are advised by City Solicitor Boyd.

"We would also suggest that if any other influence can be brought to bear that it will be done at once. We think you can appreciate that until this matter of the location of the government dam is definitely settled that it would be foolish to attempt to go ahead with the work. You are aware that we have all of the necessary information to proceed with the work as soon as this question is settled, and wish you to see that Mr. Boyd gives this matter immediate attention, advising us fully what you propose to do, so that we can take the matter up along the line suggested by him, and by working together we hope that we can get a decision from the war department at an early date. Yours truly,

"ROBERT W. HUNT & CO."

The Cincinnati and Wheeling communications mentioned in Hunt & Co.'s letter follow:

"Cincinnati, O., Sept. 23.

"Messrs. Robert W. Hunt & Co., Pittsburg, Pa.

"Sir—Replying to your letter of the 19th inst, the final determination of site for dam No. 8 was quite near Kuntz bar, and it will be impossible at this time to anticipate the final result of the work now in hand as indicated above. The location of Kuntz bar is shown on maps filed at this office, which you are at liberty to examine, if you so desire.

"Very respectfully,

G. L. LYDECKER,

"Colonel Corps of Engineers, U. S. A." "By direction and in his absence, per R. R. Jones, chief assistant engineer."

"Wheeling, W. Va. Sept. 15.

"Robert W. Hunt & Co., Chicago, Ill. "Gentlemen—Your letter of September 13 on the subject of the map of the Ohio river is received. I find that I have nothing on file that would serve your purpose. We are making a survey above Wellsville, but have not advanced far enough to give you the information you need. I think, however, that you need not be uneasy for fear that the river will rise before you have an opportunity to make a survey which you will require. Probably, until the middle of November, the water will be low enough for any survey purposes. Truly yours,

"W. E. CREIGHILL,

"Captain Corps of Engineers."

Mr. Boyd has not as yet decided what he will do in the matter.

ROYAL BAKING POWDER

Absolutely Pure

THERE IS NO SUBSTITUTE

Solicitor Boyd has made the following statement relative to the communications: "I have not yet thought the matter over much, but I believe that the water works trustees ought to take up the matter with the government officials. The pumps at the old pumping station are at present taxed beyond their capacity and are liable to give out any day and leave the city without any water supply whatever. Something ought to be done and done promptly. It is indeed a serious circumstance."

AS PARK ORNAMENTS

A Wellsville Councilman Suggests a Use for the Cannons in the City.

A suggestion was recently made to one of the Wellsville councilmen, and it was considered by him a good one, that the two mounted cannons which now adorn two of the corners in the public square, together with several cannon balls and the two unmounted cannons which are now lying on railroad property at Front and Fourth streets be removed to the Broadway park and the latter guns mounted suitably.

This would make the public square seem much larger and would avoid its present crowded appearance. The cannon would show off to a much better advantage in the park and would also add much to the appearance of the park.

Broadway park at present presents more of the appearance of an old time village green, and all of the small boys in the neighborhood seem to treat it as such, and play base ball and other games upon it, utterly regardless of the existing ordinance which classifies such an act as a misdemeanor and the violator of the ordinance liable to a fine. If the place was fixed up in a decent shape, the cannons placed and flowers planted it would look more like a park. The small boys would probably then be a little more careful.

This matter was brought up in council once before, but no action was taken. It may be brought up again at the next meeting.

A COUPLING BROKE

And a Heavily Loaded Car Dashed Down Grade, Striking a Building.

A bad accident was caused yesterday afternoon by pony engine No. 616 which was switching cars in the vicinity of the Carroll-Porter Boiler works. The engine was engaged in bringing two freight cars, both loaded heavily, with sheet iron tanks, away from the boiler works on an upgrade. A coupling on the car nearest the engine broke loose after the car had been taken half way up the grade, and at once started back down, gaining speed over each yard traveled, they finally crashed into the side of the buildings and then came to an abrupt halt.

The side of the building was seriously damaged and the two cars partially demolished. Luckily no one was hurt, one of the brakemen having jumped off one of the cars shortly before the coupling broke. The damage done will probably sum up to \$100.

CASE OF SMALLPOX

Health Officer Notified of One in Wellsville—No Uneasiness Felt.

There is a mild case of smallpox in Wellsville. No alarm is felt and there is no danger of the disease spreading, as the authorities have quarantined the house and are taking every precaution.

The patient is the wife of John Gamble, and Dr. J. L. Robinson reported the case to Dr. M. C. Tarr, the health officer, yesterday. How the disease was contracted has not been learned.

Unclaimed Letters.

The following letters remain unclaimed in the postoffice in this city for the week ending September 22, 1902: Jack Brudley, Mrs. George Canady, Bert Carpenters (2), William W. Carey, Patrick Carrell, H. H. Corcoran, Mrs. Thomas Herron, Joseph

Henderson, Mrs. Charles Hill, C. N. Holland, William Jarvis, Jess Johnson, Charles Johnson, Charles Marshall, Mrs. George Marshall, Mrs. W. C. Parsons, Mrs. Frances Pears, Nen Shaffer, Granville Stafield, Henning Sandberg, E. W. Sealey, Martha Stewart, Frank Stewart, Mrs. Susie Young.

CLARK-LOWRIE

Young Couple Wedded Today And Will Reside in Allegheny.

At the home of the bride's parents, Mr. and Mrs. George M. Clark, of Highland Heights at 1:30 today, Miss Agnes Baxter Clark and Mr. Howard Mark Lowrie, were united in marriage. Rev. W. C. Prewitt, of the Christian church, performed the ceremony.

The young couple left on the afternoon train for an eastern trip.

The groom is a son of Mrs. Minnie Lowrie, of Main street, this city. He is employed at the Hemphill-McIntosh works at Pittsburg. The couple will reside in Allegheny.

NOTES OF THE UNIONS.

The carpenters' union will hold its regular weekly meeting tomorrow evening in Potters' hall. A full attendance is desired.

The regular meeting of the clerk's union was held last evening in the Potters' hall, Ninth street. Routine business was transacted.

The regular lodge meeting of the Protected Home Circle will be held this evening at Rechabite hall, at which time the report of the recent entertainment will be given.

Chester Tin Mill to Be Running in All Departments By Monday.

Work was resumed this morning in the wash house of the American Tin Plate company. It is conjectured that by Monday the plant will be in full operation. During the shut down the employees have been enjoying themselves with gun and rod.

Two New Houses.

The foundation for the new residence to be erected by James McKinnon, superintendent of the East Liverpool & Rock Springs street railway, was to be started today. The residence will be erected on Carolina avenue. Motorman Jacob Allison will also erect a fine residence on the lot adjoining Mr. McKinnon's.

To Be Drilled In.

The well on the William H. Kinney farm, owned by the Line Island Gas company, was expected to be drilled in today. This is the company in which Frank Chapman, of St. Mary's, W. Va., is interested, and who is well known in this city, having been in the grocery business here for a number of years.

House-Evans.

David Evans, of Chester, and Miss Bertha House, of Salineville, were married last evening by Rev. Clark Crawford, assisted by Rev. H. M. Caraban, at the First M. E. parsonage. Mr. and Mrs. Evans will make their home in Chester, after a trip to Canada.

Street Work Delayed.

The street improvements in Chester were delayed today for the first time since Contractor Freshwater began work. The rain of last night made the earth too soft for the men to work.

CHESTER NOTES.

Mrs. Samuel Bloom, who has been visiting in Cleveland, returned to Chester last night.

John Stevens left Thursday morning for Hammondsville where he will spend a week hunting.

PASTOR'S TWO STUDIES

Got a Couple Waiting to Be Married Sadly Mixed in Their Dates.

Rev. C. G. Jordan, pastor of the First Presbyterian church, has two studies, one at the home of George Heister, Sixth street, and another at the church. In itself, this bit of information is not especially interesting. But the fact gave considerable anxiety to the minds of Bernie Myers and Miss Retta Parks, colored residents of this city. They secured a marriage license and then went to Rev. Mr. Jordan to make arrangements for the tying of the nuptial knot.

The pastor said that he would meet them in his study Wednesday evening. The happy couple, blissfully ignorant of the two studies, came promptly to the church. Mr. Jordan had not yet appeared there, and as the minutes were ticked off the couple became very uneasy. They finally learned of study No. 2 and at once sent word to the minister, who finally appeared. In due time the ceremony was performed and the couple made happy.

TOO MANY FOR THE CHAPEL

High School Students So Numerous All Cannot Meet at Once.

Owing to the crowded condition of the high school rooms in the Central building, it will be impossible for the entire enrollment of high school students to convene every morning in the chapel room.

Each day the opening exercises of the senior, junior and sophomore classes will be conducted by the principal, Miss Florence Updegraff, while C. T. Austin, assistant principal, will conduct the devotional exercises of the freshman class each morning.

M'DADE SET FREE

LAW COULD NOT HOLD THE ALLEGED SWINDLER.

He Says He Intended to Give Lessons And Promising to Pay Mrs. Portman's \$5.00.

M. C. McDade, the young one armed man, accused of swindling by Mr. and Mrs. William Portman, of Jethro Hollow, was given a hearing this morning by Mayor Davidson. After the mayor had well considered the case, McDade was released and immediately made preparations to leave the city.

That the man was released was due to a decision made by Prosecuting Attorney Brookes upon the solicitation of the mayor. Every phase of the case was submitted to the prosecutor and he held that, inasmuch as McDade had represented to Mr. and Mrs. Portman that he would give their boy lessons and that he received the money in advance, and, as he states that he did mean to carry out his part of the contract, he could hardly be held liable.

McDade, at the hearing, denied the accusation that he got the \$5 and intended to render his services, but, getting drunk, he was incapacitated to do so. He explained signing a fictitious name to the receipt by stating that he was afraid he might get involved in a difficulty of what kind he did not mention, and did not want his benefactors to recognize his name.

Before being released he stated that he was going directly to New Castle and having friends there will obtain the money and will return the amount given him by Mrs. Portman.

TOMORROW'S GAME

Between East Liverpool And Rochester Promises to Be a Fast And Good One.

The weather permitting, the best game of baseball played in this city this season will be witnessed in the West End park tomorrow afternoon when the local team goes against Rochester.

Manager Walsh has taken much pains in securing a lineup that will insure a victory, and as can be seen by the names of those chosen by him he has an aggregation hard to beat. The lineup follows: Needham or Emmerling, catcher; Maley, Lindsay or Winters, pitchers; Heckathorn, 1b; Wedd, 2b; Godwin, ss; Davis, 3b; Rising, lf; Reark, m; Riley, rf.

Needham is one of the fastest men behind the bat that has ever played in this city. During this season he filled that post admirably for the Wheeling team and made for himself quite a record. Lindsay is a twirler of more than local note. His home is at Canton and he just last week finished the season with a New York State league. He is capable of giving any old team more than they bargain for.

It is the hope of all the local fans that the weather will clear up in time for the game. The largest crowd of the season is expected to be present and they will certainly not be disappointed in their anticipation of a good game.

viding that councilmen in cities of \$5,000 shall not receive more than \$100 per year, and in cities having a greater population \$5 per thousand and may be added as compensation, but the maximum salary shall not exceed \$1,200 per annum.

Senator Wirt introduced a bill to correct a flaw in the mechanic's lien law passed last winter. The Harrison bill giving boards of education control of school libraries was passed. Senator Thompson attempted to have the committee of the whole relieved of his arduous task, but failed. It seems certain that the Jones act doing away with arc lights at railroad crossings will remain on the statute books.

Anticipating that the house committee would be ready to report, Speaker McKinnon wired house members to come to the state capital at once in order to be on hand, in case a vote should be taken on the acceptance or rejection of the report. But it is not likely now that it will be ready for submission before today.

Representative Crist, of Columbiana, says that the school code will be reported favorably by the school committee.

Senator Hanna came here Wednesday evening to address the national meeting of insurance men now in session here. He was accompanied by John J. Sullivan, of Warren, who is United States district attorney, at Cleveland. Mr. Sullivan will speak with the senator during the campaign.

He may accompany Hanna to East Liverpool, where he is well known, having visited the city frequently. The Democrats of the Eighteenth district have made no requests for speakers at Democratic headquarters yet. The committee has been informed that James A. Rice, of Canton, will make a large number of speeches in the district. He will also fill a few dates elsewhere. John C. Welty, of Canton, a gubernatorial possibility, has been invited to take part in the campaign.

The state board of agriculture has selected the speakers and places for the farmer's institutes, to be held this winter. The dates for the meetings and the assignment of speakers will be arranged by the secretary of the board later. The Columbiana institutes will be held at Lisbon, New Waterford and Damascus.

Representative Buell came in from Salem Wednesday afternoon.

PRESIDENT IMPROVED

Physicians Expect Inflammation to Subside Soon, if Leg Is Rested.

CHEERFUL INVALID, SAID KNOX.

Mrs. Roosevelt Met Her Husband on the Arrival, at Washington, Wednesday Evening—Taken to Temporary White House.

Washington, Sept. 25.—Secretary Cortis at 9:20 o'clock last night, made the following statement concerning President Roosevelt's condition:

"The president's physicians report that he stood the trip home very well and it is believed that the local inflammatory symptoms will subside in a week or 10 days, if the leg is kept absolutely at rest."

Attorney General Knox called during the evening and remained for some time. When he came downstairs he reported the president to be in splendid spirits. When not chatting with Mrs. Roosevelt the president was reading a book.

"He's the most cheerful invalid I ever saw," said the attorney general.

President's Return Home.

Washington, Sept. 25.—President Roosevelt returned to Washington at half-past 6 o'clock last night, via the Pennsylvania railroad, from Indianapolis, where he was compelled to abandon his western trip because of an abscess on his leg, which developed as a result of the trolley accident at Pittsfield, Mass. He stood the journey from Indianapolis remarkably well, and when he was carried in a wheel chair from the railroad car to his carriage, he was in excellent spirits and appeared to be free from any pain. With Mrs. Roosevelt, who boarded the train at the depot, the president was driven directly to the temporary White House, on Jackson Place, where, according to the present arrangements, he will remain until the wound is healed and he is able again to be on his feet. The president was taken to his room on the second floor of the house and made comfortable and his wound dressed. Later he was reported to be resting easily and the expectation is that within 10 days the president will be himself again.

Telegram From Mrs. Roosevelt.

The trip home from Indianapolis was an uneventful one. He remained in bed all day and executive business on the train practically was discontinued. Few letters or telegrams were written or received. A telegram was put on the train at Pittsburg, from Mrs. Roosevelt, stating that she had left Oyster Bay for Washington. The president slept soundly all through the night until 8 o'clock yesterday morning. Even the noise in the depot at Pittsburg, where the train remained in the early morning for about 20 minutes, failed to awaken him. When Dr. Lugg went to the president's stateroom shortly before 9 o'clock he found his patient in rare good humor and excellent physical condition, barring the wound on his leg. The slight fever which the president had Tuesday afternoon had disappeared and his temperature was normal.

The running time of the train was slow in order to reduce the jar and as few stops as possible were made. Whenever the train stopped crowds gathered about the president's car, but there was no cheering. All the people seemed anxious to secure the latest information regarding the president's condition, and the members of his party who stepped from the train were pelted with questions.

Visit Northwest Next Spring.

After dinner the president expressed a desire to see the members of his party and they went into his stateroom, a few at a time. In his talk with his callers the president made known his determination to visit the northwest next spring, when he will extend his trip as far as the coast, during which time he will visit all the states in which he intended to stop on the trip just ended.

The Proper Treatment For a Sprained Ankle.

As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle, and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time, for in many cases in which Chamberlain's Pain Balm has been promptly and freely applied, a complete cure has been effected in less than one week's time, and in some cases within three days. FOR ROOSEVELT IN 1904.

New York Republican State Convention So Declared—Higgins Named on Ticket With Odell.

New York, Sept. 25.—The New York Republican state convention nominated the following ticket, yesterday:

For Governor—Benjamin B. Odell.
For Lieutenant Governor—Frank W. Higgins.
For Secretary of State—John O'Brien.

For Controller—Nathan L. Miller.
For Treasurer—John G. Wickser.
For Attorney General—H. B. Coman.
For Engineer and Surveyor—Edward A. Bond.
For Judge, Court of Appeals—W. E. Werner.

Sheldon withdrew as candidate for lieutenant governor, owing to the objections of Odell to his being a candidate.

The platform, in part, deeply deplored the death of President McKinley and then declared for the selection of President Roosevelt. The Roosevelt plank follows:

For Roosevelt in 1904.

"We give to President Roosevelt and his administration our heartiest approval and most cordial support. We recognize the fidelity with which he has carried out the policies of his lamented predecessor and the rare capacity he has shown in meeting the new responsibilities of his great office. We look forward with confidence to his election to the presidency in 1904, and so far as this convention has the power we pledge thereto the earnest efforts of the Republican party of this state."

On protective tariff and trusts the platform said:

"The greatest national issue is the maintenance of prosperity. The pledge given by William McKinley of abundant work and good wages based on the passage of a protective tariff bill, has been fulfilled. The integrity of the protective principle must be preserved. That principle is required to maintain the highest scale of American wages and the supremacy of the American workshop."

Condemn Harmful Combines.

"While we would encourage business enterprises which have their object the extension of trade and up-building of our state, we condemn all combinations and monopolies in whatever form having for their purpose the destruction of competition in legitimate enterprise, the limitation of production in any field of labor, or the increase of cost to the consumer of the necessities of life, and we pledge the party to the support of such legislation as will suppress and prevent the organization of such illegal combinations."

Brain Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You may prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get the reliable remedy at Charles F. Craig's. ANNOUNCEMENT TO INVESTORS

Mine La Motte Lead & Smelting Company owns 37,611 acres of ground located in Madison and St. Francois Counties, Southeastern Missouri. Of that total 12,544 ACRES ARE KNOWN TO BE HEAVILY MINERALIZED. Only 20 acres have been developed by underground workings, and about 67 acres have received attention on the surface.

The mines are producing today, under very limited operation, more than \$150,000 a year. The present management is now installing machinery and improvements that will swell this annual output to AT LEAST \$500,000. Present shafts and drifts place in sight ore enough to tax all available machinery for centuries. Eliminating from the calculation all revenue from agricultural, timbering and miscellaneous sources, the property will earn a sum ample to pay immense dividends annually on the capitalization.

Investment in such a proposition as this does not in any sense border upon speculation. Stock in this corporation is as carefully protected as a Government bond. Since it is offered to you at a figure considerably below par, you can be assured of several times the ordinary rate of income.

Mine La Motte has been for more than a century one of the most famous lead producers in the country. It is the only mine today producing and shipping Nickel and Cobalt regularly. Its "Anchor Brand" of Pig Lead has been the standard of the market for years.

The estate, mine and plant have been under private ownership and control until now. From this time forward the output of the property will be increased as rapidly as modern machinery and methods can be installed to do it. Present earnings assure annual dividends of at least 8 per cent on par, and inside of six months this will be doubled.

A small block of stock is herewith offered for sale at \$7.50 per share (par value \$10). The amount put out at this figure will be limited. Immediate investors can make good profit, both on income and on rise in value of stock.

A large number of representative Ohio investors have already made careful inspection of property and plant. We will place you in touch with them, or if you or any of your friends will undertake to defray all expense incident to same. AMERICANS HAD TO RETIRE.

Found Moro Forts Impregnable, Due to Water and Swamps—Returned to Camp Vicars.

Washington, Sept. 25.—That the task of reducing the Moros to terms is proving difficult is indicated by the following cablegram received yesterday by the war department from General Chaffee:

"Manila, Sep. 24, 1902. 'Adjutant General, Washington. 'Captain John J. Pershing to Vicars: unable to reach Maciu forts; water and swamps prevented. (Signed) 'Chaffee.'"

The dispatch means that Captain Pershing has been compelled to retreat to his base at Camp Vicars and that the Moro position is much stronger than was believed by army officers.

Why Does Your Head Ache?

Perhaps you don't care why your head aches, but would be much more interested to know what will cure it. Briefly, we will answer the question most vital to you—Wright's Celery Tea—must cure it to stay cured. Headache is caused from various derangements, but the one most common, especially at this season of the year, results from a disordered stomach, liver and bowels. To cure headache permanently then, it is evident that we must correct the wrong where it exists, hence employ a remedy that will act on the stomach, liver and bowels and restore them to a healthy condition—cleanse them of all impurities, and consequently drive away the pain. That remedy is Wright's Celery Tea. At drug stores, 25c and 50c.

BRIGHT PROSPECT FOR THE VILLAGE

Hammondsville to Become the Center of Extensive Mining Operations.

LARGE TRACTS ARE LEASED

A Syndicate Making Tests With a View of Opening Extensive Mines—Partial Arrangements For a New Branch Railroad to the Mines.

Hammondsville apparently has a future brighter indeed than most villages of its population in this section. Always noted for its production of coal it has at last awakened a number of capitalists to the realization that more than the ordinary development of the black diamonds is possible. Underlying the village and the land for hundreds of acres surrounding is coal in great quantities. Until recently the coal has been mined on a rather small scale and at the present time the output could easily be tripled. The location being practically in the heart of a great industrial field, which consumes millions of bushels of coal a year and which will cause an increasing demand every year to come, mining cannot help be an unlimited success. The C. & P. railroad runs through the village.

The location being practically in the heart of a great industrial field, which consumes millions of bushels of coal a year and which will cause an increasing demand every year to come, mining cannot help be an unlimited success. The C. & P. railroad runs through the village.

For several months the concern, with Oliver Roseberry, of New Cumberland, as engineer, has been laying plans for the development. Instead of working on the land in the immediate vicinity they have been testing the territory a few miles north, but the coal is of the same vein that underlies Hammondsville.

Yesterday a carload of the diamonds was shipped to Cleveland, where it will be tested by experts and also by members of some of the greatest of Cleveland manufacturing concerns. If the coal is of the quality that numerous people have claimed it, there can be no doubt as to the immediate development of the banks. With much concern the residents of the town are awaiting the answer of the Cleveland parties.

Arrangements have partially been made for the extending of tracks from the main line to the several bank openings that have been surveyed, and the hope of all is that the project will not fail.

George Davis, a man of mining experience, of Steubenville, is also in the vicinity with the object in view of securing as many acres as possible of the land. Up to date he has optioned several hundred acres of land at \$35 per acre. Just what the result will be to the locality if the land is developed as promised can hardly be estimated. It will, however, give employment to a thousand or more men at good living wages the year round.

Her Age is 102.

Bellaire, Sept. 25.—Mrs. Mary Okey, of this city, celebrated her 102d birthday lately. Mrs. Okey was born in St. Elizabeth, Canada, in 1799, and is the mother of 10 children, three of whom are living. She was married in Canada, and her daughter, Mrs. Lucille Jeffers, with whom she has lived since the death of her husband, 20 years ago, was born in St. Elizabeth.

Killed a Big Elk.

Salem, Sept. 25.—Charles Brooks and F. J. Mullins returned last night from a hunting trip of a month spent in the wilds of Northern Idaho. They were out with pack train and two guides and kept well away from civilization, their camp being located 80 miles from the nearest habitation. During the trip Mr. Mullins shot a 1100 pound elk.

A 200 BARREL WELL

One of the Features of Great Oil Excitement in Knoxville Vicinity.

Knoxville has a gusher after years of drilling into the sand thereabout. It is on the R. A. Warren farm and is claimed to be producing 200 barrels daily. It was drilled by the Allegheny Oil company, who seem to have struck the pool. The well was drilled into the sand last week when the rig burned down, but the well has been flowing ever since and making the above amount.

The company will erect another rig deeper and may increase its flow by drilling and shooting. One farm two miles away was leased for \$500 bonus. All the town lots in Knoxville will go up in a fortnight. The Allegheny Oil company is starting another rig on the Grimm farm. Fifty oil men were there Tuesday from Pittsburg, Sistersville and Mannington, looking for leases. The excitement runs high. Wm. Freudenberger got in on the ground floor as usual and will drill on his lease on the R. M. Cooper farm. He gave \$500 bonus for a lease of this land, it is said.

FOUND A FORTUNE

Resting Snugly in the Trunk of a Hollow Tree in Belmont County.

Resting snugly in the hollow of an ancient elm tree which he chopped down, A. O. Hartley, a farmer living at Dillie's Bottom, Belmont county, found faded deeds that establish his right to possession of 600 acres of land said to be worth \$60,000, at Dunbar, Kansas.

Years ago J. A. Hartley, his grandfather, was driven out of Kansas by the threats of an elder brother, and came to Ohio. Typhoid fever left him with a deranged mind, and while in this condition he hid the deeds in the old tree thirty years ago.

SALINEVILLE

Salineville, Sept. 25.—The Thompson brothers, of Salineville, with their wives, drove over to Lisbon and were the guests of Mr. and Mrs. W. A. Thompson, the treasurer-elect, for two nights.

The funeral of Michael Hurley, a former citizen, took place last Saturday from the chapel in the West End, preceded by a large procession on foot headed by the cornet band. His remains were brought here from Monessen, Pa., to the home of his parents, Mr. and Mrs. Thomas Hurley, for interment. The cause of death is not positively known. He served in the Philippine war.

Rev. John S. Thompson, of Beaver Falls, Pa., accompanied by his mother from Canonsburg, arrived here Monday evening. They were the guests of the Thompson brothers, of this city, returning to their homes Wednesday morning.

Timothy Shane, of Nebraska, accompanied by his wife, took the train Tuesday for Hookstown, to visit the old homestead near Service, Pa.

Mrs. Rev. F. E. Dean returned home last Saturday after an absence of several weeks at the home of her parents, Mr. and Mrs. McKenzie, in Port Huron, Mich., and at the Dean home near Xenia.

William Robbins, an aged and well known citizen of Bergholz, died Tuesday morning at his home. He was reared in Carroll county and was over four score years old. He was a member of the United Presbyterian church, of Scroggsfield, for many years.

Mr. and Mrs. J. C. Lewton, of Watts, were shopping in Salineville Tuesday.

SERIOUSLY SHOT BY AN OFFICER

AN AFFRAY AT CLARINGTON THAT MAY PROVE A MURDER.

Brother And Father of a Prisoner Interfered—Boy Blew His Head Off.

Bellaire, Sept. 25.—The little town of Clarington, about 25 miles south of this city on the Ohio river, was the scene of what will probably prove the death of one man and the painful injury of another. John Resinger and Dr. Zink had a quarrel. Policeman G. Dickey separated them and placed Resinger under arrest, and was conveying him to the town hall when the prisoner's brother Hallie and their father attempted to free him. The officer warned them not to interfere with him or he would be forced to protect himself. His warnings were not heeded, and when Hallie Resinger made an assault on him he drew his revolver and fired. The ball struck near the left eye and passed entirely through the face, coming out near the right temple and striking Davis Cook, a bystander, in the cheek, making a painful wound.

The shooting caused intense excitement, and for a time it was feared that violence would be done Dickey. The mayor of the city became alarmed and telephoned to Bellaire for police to assist in protecting Dickey, who was placed under arrest pending an investigation. Mayor Rodewig, of Bellaire, advised the Clarington official to apply to the sheriff of Monroe county for aid, as he needed all of his own officers. The sheriff and his deputies had not arrived at a late hour.

Early in the evening the excitement was materially increased when it was announced that Resinger had a slip chance for recovery.

About the time of the shooting affray Mrs. G. W. Stevens and her daughter were entering a bed room in their home, only to find the body of a son, Charles, lying cold in death with the entire top of his head blown off with a shot gun. He was 18 years old, and attended the high school. He went to his room immediately after dinner and a shot was soon heard. Evidently, he had blown out his own brains, although there is no known reason for him doing so. The mother is prostrated and fears for her life are entertained.

FAIR EXCHANGE

A New Back For An Old One—How It Is Done In East Liverpool.

Sometimes the back aches with a dull, indescribable feeling making you weary and restless; sometimes pain shoots across the region of the kidneys, and again the loins are so lame to stoop is agony. No use plastering or rubbing the back in this condition. You cannot reach the cause. To exchange a bad back for a new and stronger one, follow the example of this East Liverpool citizen.

Mr. Wm. Anderson, of 395 Lisbon street, says: "During the civil war I enlisted and served three years in the Forty-second Ohio infantry. From the exposure during the war I attributed the severe aching and weakness in the loins and muscular rheumatism of recent years which all seemed to center in my kidneys. In the morning when first getting up I was very dizzy until I had moved around for a time and my nervous system became affected, causing a fluttering and fullness around the heart. Seeing an advertisement in the paper I got Doan's Kidney Pills at the W. & W. pharmacy and took them. A few doses gave me relief. The improvement was gradual and continued as the medicine got thoroughly into my system. I firmly believe that Doan's Kidney Pills will in every case as they did in mine, prove the justness of the claims made for them."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other. Sold by W. & W. pharmacy.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

New Arrival—A son has been born to Mr. and Mrs. Croft, of Sixth street.

A Son Born—To Mr. and Mrs. Charles Davis, of the McKinnon addition, a son has been born.

Many Excursionists—Excursion tickets were sold to Pittsburgh this morning, on account of the exposition, notwithstanding the unfavorable weather, and a large crowd boarded the train, about a hundred tickets being sold.

An Afflicted Family—The 18-month-old child of Mr. and Mrs. Alva Carlisle, well known in this city, who reside at West Point, is very ill with stomach trouble. The oldest son died only last week and the remaining child, which is now ill, is not expected to survive.

Rally Day Service—A special rally day service will be held at the North-side chapel next Sunday afternoon, and for the occasion a special program is now being arranged by Harry Wat-

kins, superintendent of the Sunday school. It will include a number of interesting events. The service will commence at 3 o'clock next Sunday afternoon.

Meeting of Merchants—A meeting of the merchants of this city will be held early next week when the new scale recently prepared by Retail Clerks' local, No. 133, will be considered. At this meeting a committee from the local will be present to talk over the new scale with the merchants. The report of the committee will likely be presented at a special meeting of the clerks' local, which is expected to be called for the latter part of next week.

NEW EXTENSION TO THE HEIGHTS

And the Route It Will Follow Definitely Laid Out Yesterday.

FOUR SAFETY SWITCHES

Will Be Placed at Intervals Along the Line, and Will Contribute to the Safe Passage to and From the Central Portion of the City.

Messrs. Peach and Bullock, of the street committee, with Engineer Kelly and Councilman McConnell spent several hours yesterday afternoon in locating stakes marking the route which the extension to Pleasant Heights of the East Liverpool Street Railway company will take.

Contractor McSpadden had his force of men at work on Sheridan avenue near the Greenwood brewery, and had made considerable progress yesterday, before the rain came up and stopped the work. A trip had been made over the route by Mr. Healy, the contractor and engineer the day before, but the positive location of the route was subject to the decision of those who were with the party yesterday. Member McConnell, who has been active in the proceedings from the beginning, and who made the first move through the council which finally resulted in the East Liverpool company consenting to build this line, was in accord with what had been laid out on Tuesday, and the route will be followed as it was established at that time.

When the road leaves West Market street on Sheridan avenue, a part of which is already laid, it runs to the north side of the avenue until Pleasant street is reached. It then holds to the south side of that thoroughfare for quite a distance when it turns to the north and remains there to the intersection of Lisbon street. Here Engineer Kelly has so arranged the route that in coming down the hill, the track, which hugs the south-west side of Lisbon street will run almost directly onto Pleasant street. In this way the car, after traversing the most dangerous portion of the hill, will have a level stretch over which to run, and while thus running may be readily controlled by the motorman in case he fails in an attempt to regulate the brakes.

From the end of Pleasant street the track keeps well to the outside, clear of the paving, to the first turn at the McLean property above Mike McKeever's. Then it crosses the roadway to the hill side. Where a crossing is made, as is done in this case, Manager Healy has instructed the contractor to plank the crossing as soon as the track is down.

From the McLean tract all the way up the hill the line is to hug the hill side of the road. The track leaves

the Lisbon road at a point near the residence of John Bennett and takes off across the Heights.

Returning, the contractor has been instructed to build four safety switches or turnouts. The first will be constructed at the turn opposite Felix Hulise's place. A little more than 100 yards below at the William Arb stone quarry another will be located. The third is to be located at the McLean property near Mike McKeever's place, while the fourth is situated where the line enters Pleasant street. These switches make the descent of the hill comparatively safe.

The construction of this extension is a source of a great deal of gratification to the residents of the hill district. Much time and money has been spent by the interested parties, and the fact that the street railway company finally consented to begin the construction of the railroad was entirely due to the determination on the part of certain members of the city council to bring it about. Neither J. C. Diedrick nor any member of the Pleasant Heights Land company was responsible for the enforcement of the franchise held by the East Liverpool Street Railway company. In fact, it required a considerable amount of persuasion to induce these parties to come into the deal when the real work had been finished.

As was stated in these columns before, the \$5,000 guarantee made by the land companies has been raised and is in shape to pay over at once upon the compliance on the part of the Street Railway company with their part of the contract. There is at present some \$1,250 which has not yet been pledged, and those who have signed the contract are busily engaged making a canvass of the land owners in the affected locality with a view to making up the amount.

CAMPAIGN PLANS

WERE DISCUSSED AT A MEETING OF THE COMMITTEE.

Eighteenth District Republicans Arrange for the Congressional Campaign.

The congressional committee of the Eighteenth district, composed of Judge J. B. Fawcett, of Canton; Ed A. King, of Lisbon, and E. H. Turner, of Youngstown, met in Canton yesterday.

The committee was selected at the recent congressional convention at Sa-

lem, and yesterday in the office of Judge Fawcett an organization was effected by the selection of Judge Fawcett as chairman, E. H. Turner secretary, and Ed A. King treasurer.

James Kennedy, of Youngstown, the Republican congressional nominee, accompanied by Hon. R. W. Taylor, of Lisbon, met with the committee, and plans for the coming campaign were discussed at length.

Mr. Kennedy expects to divide his time between the three counties comprising the district, and will probably spend 10 days or two weeks in Columbiana.

Hon. R. W. Taylor announces that he has consented to devote one week to the national committee, and will speak in Stark county during the last week of the campaign.
